SUMMARY & INTRODUCTION

SUMMARY AND INTRODUCTION

The Constitution sets out how the Council operates, how decisions are made and the procedures that are in place to ensure decisions are proportionate, transparent, efficient and accountable to local people. Some of these procedures are required by law, while others have been chosen by the Council. The Council must operate in accordance with the law, the Constitution and the rules and procedures included within it.

The Constitution is arranged in eight Parts (A-H) which set out the basic rules governing the Council's business, along with more detailed procedure rules, codes of practice and protocols.

The Council's primary objective is to improve the quality of life of people who live and work in the District of Newark & Sherwood. Part A of the Constitution is intended to assist in the delivery of this objective by providing for clear leadership, enhanced local democracy and the effective representation by Councillors of their constituents, effective decision-making and accountability and the efficient, effective provision of services. Where the Constitution permits the Council to choose between different courses of action, the Council will always choose the option it determines is closest to achieving these purposes. The Council monitors and reviews the operation of the Constitution as set out below.

Parts B-H of the Constitution are listed below and explain the rights of citizens and how key parts of the Council operate.

- Part B Public Participation
- Part C Responsibility for Functions
- Part D Procedure Rules
- Part E Financial Governance
- Part F Councillors
- Part G Officers
- Part H Protocols

1. The Council

- 1.1 The Council comprises 39 Councillors who are elected every 4 years. Councillors are democratically accountable to the residents of their Ward. The overriding duty of Councillors is to the whole community, but they have a special duty to their constituents, including those who did not vote for them.
- 1.2 Councillors have to agree to follow a Code of Conduct to ensure high standards in the way they undertake their duties. The Council has an Audit & Governance Committee to provide training and advice to Councillors on the Code of Conduct.
- 1.3 All Councillors meet together as the Council. Meetings of the Council, sometimes referred to as 'Full Council' are normally open to the public. At these meetings Councillors decide the Council's overall policies and set the budget each year.

2. Councillors

- 2.1 Collectively all Councillors (also known as Members) are the ultimate policy-makers and carry out a number of functions. Councillors represent their communities and Wards and bring their views into the Council's decision-making process. Councillors may also be appointed to the Committees detailed above.
- 2.2 Information about all Councillors is published on the Council's [website](#).

3. The Leader

- 3.1 Leader is appointed by Council for a four year term of office or until their term of office as a Councillor expires.
- 3.2 The Leader has to make decisions in line with the Council's overall policies and budget. If they wish to make a decision outside the budget or policy framework, this must be referred to the Council as a whole to decide.
- 3.3 The Leader can also delegate decisions to the Cabinet (the Council's Executive), individual Cabinet Members, Sub-Committees of the Cabinet, or Officers.

4. The Cabinet

- 4.1 The Cabinet (also known as the Executive) is made up of the Leader, Deputy Leader and a Cabinet of additional Councillors appointed by the Leader. Cabinet Members are responsible for a portfolio of services/functions allocated to them by the Leader.
- 4.2 Any reference within this Constitution to the Cabinet or Executive decision-making process, and the rules applying to it, should be taken to refer equally to a Cabinet Sub-Committee, an individual Portfolio Holder (Cabinet Member) or Officer.

5. Major Decisions

- 5.1 When major decisions are to be discussed or made, these are published in advance, as set out in Part B Section 4 of this Constitution. Major decisions generally are made at meetings (with Council Officers present) and these are open to the press and public except where personal or confidential matters are being discussed.

6. The Leader of the Opposition

- 6.1 The role of the leader of the Council's largest opposition group is to provide leadership in the constructive challenge of the Council's policies and strategies, and in the co-ordination of alternative policies, strategies and

service delivery. They are the main political spokesperson for the Council's opposition.

7. Overview, Scrutiny and Call-In

- 7.1 The Council has established a Policy & Performance Improvement Committee (the PPI Committee) which establishes Working Groups and together they assist the work of the Leader, the Cabinet and the Council as a whole. The PPI Committee and its Working Groups enable citizens to have a greater say in Council matters by considering matters of local concern and making reports and recommendations advising a decision-maker and the Council as a whole on its policies, budget and service delivery. The PPI Committee can also convene a Call-In Sub-Committee which monitors the making of decisions and can 'call-in' a decision which has been made but not yet implemented. The 'call-in' procedure enables the Call-In Sub-Committee to consider whether a decision has been made correctly and is appropriate, and may uphold the decision, recommend that the decision-maker amends or reconsiders the decision or refer the decision to the Cabinet or the Council to obtain its views. The PPI Committee may also be consulted on forthcoming decisions and the development of policy.

8. Other Committees

- 8.1 The Council has a number of other Committees which deal primarily with the regulatory functions which are not the responsibility of the Leader. These include the Licensing & General Purpose Committees, the Audit & Governance Committee and the Planning Committee.

9. The Council's Officers

- 9.1 The Council's employees (called 'Officers') give advice, implement decisions and manage the day-to-day delivery of its services. Some Officers have a specific duty to ensure that the Council acts within the law and uses its resources wisely. Codes of Conduct govern the conduct of Officers and the relationship between Officers and Councillors – the Members of the Council.
- 9.2 The Council must appoint the following Statutory Officers:-
- i. Head of Paid Service (the Council's Head of Paid Service is the Chief Executive)
 - ii. Chief Finance Officer (also known as a Section 151 Officer)
 - iii. Monitoring Officer
- 9.3 The Council's Management Structure is published on its [website](#).

10. Citizens' Rights

- 10.1 Citizens have a number of rights in their dealings with the Council, some of which are legal rights and others result from the Council's own procedures. The rights of citizens are set out in Part B of this Constitution.
- 10.2 Where members of the public use specific Council services, for example as an applicant for housing benefit, they also have additional rights, however these are not covered in this Constitution.

11. Executive Arrangements

- 11.1 Parts of this Constitution which constitute the Executive Arrangements are:-

- The Leader of the Council; Part C, Section 2
- The Deputy Leader of the Council; Part C, Section 2
- The Cabinet (the Executive); Part C, Section 2
- Cabinet Member Portfolio Holders and their Portfolios; Part C, Section 2
- Decision-Making; Part C, Introduction
- Cabinet Scheme of Delegation; Part C, Section 2
- Officer Scheme of Delegation; Part C, Section 5
- Cabinet Procedure Rules; Part D, Section 2
- Access to Information Procedure Rules; Part B, Section 4
- Policy & Performance Improvement Committee Procedure Rules; and Part D, Section 4
- The Call-In Procedure and Sub-Committee Rules. Part D, Section 5

12. Review of the Constitution

- 12.1 The Council will monitor and review the operation of the Constitution to ensure that the aims and principles of the Constitution are given full effect.
- 12.2 To assist with undertaking this task the Monitoring Officer may:
- observe meetings of different parts of the Member and Officer structure
 - undertake an audit trail of a sample of decisions;
 - record and analyse issues raised with him/her by Members, Officers, the public and other relevant stakeholders; and
 - compare the Council's practices with those of comparable Councils, or national examples of best practice

13. Changes to the Constitution – Approval

- 13.1 Amendments or revisions to the Constitution shall be made in accordance with Part C, Section 1.

14. Suspension of the Constitution

14.1 *Limit to Suspension*

The Council Procedure Rules may be suspended by the Full Council to the extent permitted within those Rules and the law.

The Procedure Rules relating to the Committees may be suspended by the Committee to the extent permitted within those rules and the law.

14.2 *Procedure to Suspend*

A motion to suspend any rules will not be proposed without notice unless at least one half of the whole number of Councillors is present.

The extent and duration of suspension will be proportionate to the result to be achieved, taking account of the purposes of the Constitution.

15. Interpretation

- 15.1 The determination of the Chairman of the Council (or in their absence the Vice-Chairman) on the construction, interpretation or application of this Constitution or as to any proceedings of the Council shall not be challenged at any meeting of the Council. Such interpretation will have regard to the purposes of this Constitution.

16. Publication

- 16.1 The Council's Monitoring Officer will ensure that the Constitution is available for inspection at the Council's main office and on the Council's website.

PART B

PUBLIC PARTICIPATION

1. NEWARK & SHERWOOD DISTRICT COUNCIL'S PETITION SCHEME

1.1 Introduction

The Council welcomes petitions and recognises that petitions are one way in which people can let us know their concerns. A petition is defined as a communication in writing or using an electronic facility, which is signed by the appropriate number of qualifying people. All petitions sent or presented to the Council will receive an acknowledgement within 10 working days of receipt. This acknowledgement will set out what we plan to do with the petition. We will treat something as a petition if it is identified as being a petition, or if it seems to us that it is intended to be a petition.

Paper petitions can be sent to the Chief Executive, Newark & Sherwood District Council, Castle House, Great North Road, Newark, Notts. NG24 1BY.

Petitions with less than 1,000 signatures can be presented to a meeting of the full Council on your behalf by a Councillor. These meetings take place within an annual cycle of meetings, details of which can be found at www.newark-sherwooddc.gov.uk. If you would like your petition to be presented to a full Council Meeting please contact your local Councillor asking them to present it on your behalf or contact Democratic Services on 01636 655243 or committees@newark-sherwooddc.gov.uk at least 10 working days before the Council meeting.

If your petition has received 1,000 signatures or more from people that live and/or work in the District then this will trigger a debate at full Council. If this is the case contact will be made with the lead petitioner to discuss arrangements.

If your petition applies to a planning or licensing application, is a statutory petition (for example requesting a referendum on having an elected mayor), or on a matter where there is already an existing right of appeal, such as council tax banding and non-domestic rates, other procedures will apply.

1.2. What are the guidelines for submitting a petition?

Petitions submitted to the Council must include:

- a clear and concise statement covering the subject of the petition. The subject should be relevant to some matter in relation to which the Council has functions or which affects the area or its residents. It should also state what action the petitioners wish the Council to take; and
- the name and address (including postcode) and signature of any person supporting the petition.

Signatures are only valid for people who live, work or study within the District. In the case of an e-petition submitted via the Council's website or an alternative platform, a signature is not required but a valid email address, name, address and postcode must be supplied by each of the petitioners. Further details about e-petitions are given later in this petition scheme.

Petitions should be accompanied by contact details, including an address, for the petition organiser. This is the person we will contact to explain how we will respond to the petition. The contact details of the petition organiser will not be placed on the website. If the petition does not identify a petition organiser, we will contact signatories to the petition to agree who should act as the petition organiser.

If you want to submit a petition to a specific meeting of the Council then you need to ensure that we receive a completed petition with details of the petition subject matter, number of signatures and your contact details 10 working days before the meeting to enable it to be submitted and included on the summons for the meeting.

Petitions which are considered to be vexatious, abusive or otherwise inappropriate will not be accepted. In the period immediately before an election or referendum we may need to deal with your petition differently – if this is the case we will explain the reasons and discuss the revised timescale which will apply. If a petition does not follow the guidelines set out above, the Council may decide not to do anything further with it. In that case, we will write to you to explain the reasons.

The Council's Monitoring Officer will decide as to whether or not the guidelines referred to above have been met and therefore whether a petition should be accepted.

1.3 What will the Council do when it Receives my Petition?

An acknowledgement will be sent to the petition organiser within 10 working days of receiving the petition. It will let them know what we plan to do with the petition and when they can expect to hear from us again. It will also be published on our website.

If we can do what your petition asks for, the acknowledgement may confirm that we have taken the action requested and the petition will be closed. If the petition has enough signatures to trigger a Council debate then the acknowledgment will confirm this and tell you when and where the meeting will take place. If the petition needs more investigation, we will tell you the steps we plan to take. If the petition applies to a planning or licensing application, is a statutory petition (for example requesting a referendum on having an elected mayor), or on a matter where there is already an existing right of appeal, such as council tax banding and non-domestic rates, other procedures will apply.

To ensure that people know what we are doing in response to the petitions we receive, the details of all the petitions submitted to us will be published on our website, except in cases where this would be inappropriate. Whenever possible we will also publish all correspondence relating to the petition (all personal details will be removed).

1.4. How will the Council Respond to Petitions?

Our response to a petition will depend on what a petition asks for and how many people have signed it, but may include one or more of the following:

- taking the action requested in the petition
- considering the petition at a Council meeting
- holding an inquiry into the matter
- undertaking research into the matter
- holding a public meeting
- holding a consultation
- holding a meeting with petitioners
- referring the petition for consideration by a Cabinet Member or a committee of the Council whose remit includes the matters referred to in the petition
- calling a referendum
- writing to the petition organiser setting out our views about the request in the petition

If your petition is about something that a different Council is responsible for or over which the Council has no direct control (for example rail services or a hospital) we will give consideration to what the best method is for responding to it. This might consist of simply forwarding the petition to the other organisation, but could involve other steps. In any event we will always notify you of the action we have taken.

1.5. Full Council Debates – Petitions with More than 1,000 Signatures

If a petition contains more than 1,000 signatures it will be scheduled for debate by the Full Council. This means that the issue raised in the petition will be discussed at a meeting at which all Councillors can attend. The Council will endeavour to consider the petition at its next meeting, although on some occasions this may not be possible and consideration will then take place at the following meeting. 15 minutes will be allocated for the debate. The Council will decide how to respond to the petition at this meeting. They may decide to take the action the petition requests, not to take the action requested for reasons put forward in the debate, or to commission further investigation into the matter, for example by a relevant committee. The petition organiser will receive written confirmation of this decision. This confirmation will also be published on our website.

The Council may consider there to be a more expedient way in which to deal with a petition which contains more than 1,000 signatures. If this is the case, the lead petitioner will be notified accordingly.

1.6. Presentation of Petitions at Full Council – Petitions with Fewer than 1,000 Signatures

Your petition may not have the requisite number of signatures to trigger a Council debate. However, your petition can still be presented to a meeting of the full Council. When you are satisfied that your petition meets all of the criteria you should contact your local Ward Councillor or appropriate Member to request the submission of the petition to the next full Council Meeting. Democratic Services can also approach the relevant Councillor on your behalf.

The Member being asked and wishing to present the petition should satisfy themselves that the petition meets the guidelines for petitions as set out in this Scheme and notify the Chief Executive, prior to the full Council meeting that they intend to present the petition. They have a maximum of 1 minute in which to present the petition to the full Council meeting. The petition organiser does not have a right to present the petition to the full Council meeting and there will be no debate.

1.7. E-Petitions

The Council welcomes e-petitions which are created through our website www.newark-sherwooddc.gov.uk/epetitions. For these the petition organiser must provide us with their name and address (including postcode) and email address. You will also need to decide how long you would like your petition to be open for signatures. Most petitions run for six months, but you can choose a shorter or longer timeframe up to a maximum of 12 months. When you create an e-petition it will take up to 5 working days before it is published on the website. This is because we have to check that the content of your petition before it is published online. If we feel that we cannot publish your petition for some reason we will contact you within this time to explain. You will be able to change and resubmit your petition if you wish. If you do not do this within 10 working days, a summary of the petition and the reason why it has not been accepted will be published on the website.

When an e-petition has closed for signature it will automatically be submitted to Democratic Services. In the same way as a paper petition, you will receive an acknowledgment within 10 working days. You can see all the e-petitions currently available on the website www.newark-sherwooddc.gov.uk/epetitions. When you sign the e-petition you will be asked to provide your name, postcode and a valid email address.

1.8. What can I do if I feel my Petition Has Not Been Dealt with Properly?

Depending on the nature of any concerns raised, the matter may be considered under the corporate complaints procedure, or another appropriate procedure.

2. QUESTIONS BY THE PUBLIC

2.1 Members of the public resident in the District may submit questions to the District Council for consideration at Council meetings. The procedure is:

- Notice of a question must be given to the Chief Executive in writing or by email (committees@nsdc.info) not later than noon on the day eight days before the date of the Council meeting (Full Council normally meets on Tuesdays, so this means the deadline would be noon the Monday before the meeting)
- The questioner must provide their full name and address
- The question must be relevant to matters in relation to which the Council has powers or duties or which affects the area or the residents of the area

2.3 The Chief Executive may reject a question if it is considered that it:

- is not about a matter for which the Council has a responsibility or which affects the area or the residents of the area;
- is frivolous, defamatory, vexatious or offensive;
- is substantially the same as a question which has been put at a meeting of the Council in the previous 6 months; or
- requires the disclosure of confidential or exempt information when being answered.
- it relates to a matter which is of purely personal concern to an individual/family member.

2.4 Only one question can be submitted by any individual or behalf of an individual organisation.

2.5 The question (unless rejected) will be published with the summons for the meeting.

2.6 The procedure which sets out how the question will be dealt with at Full Council is set out in the Procedure Rules Section of this Constitution. Please note the following 3 points regarding the Procedure: -

- If the questioner is in attendance at the meeting they will be entitled to speak once at Full Council, to ask a single supplementary question after their published question is answered. The supplementary question must be relevant to the subject matter of the original question.
- When a question is submitted in accordance with this procedure, significantly in advance of the deadline for submission, the Chief Executive will determine if it is more expedient to respond in writing if it is considered the question should not wait until the next scheduled Council Meeting.
- On occasion it will not be possible to answer a question in Full Council for example because there are too many questions to deal with in the time allocated; the procedure rules allow for written replies to be provided.

Non-Cabinet Members can attend the meetings of the Cabinet as a member of the public. Members of the public are not able to ask questions at Cabinet Meetings but councillors attending as a member of the public may ask questions subject to compliance with the Cabinet Procedure Rules

The Council will give at least five clear days' notice of any meeting by posting details of the meeting on the Council's website and at its principal offices.

Meetings will normally be held in public unless the content of the meeting requires it to be held in private.

If the Cabinet wishes to consider a significant item in private it will give 28 clear days' notice of its intention to do so on the Forward Plan unless there are exceptional circumstances.

After having given 28 clear days' notice of its intention to consider an item in private, a further notice at least 5 clear working days before the meeting that the meeting will proceed in private will be given. This Notice will include the Cabinet's reasons for meeting in private, details of any representations received that the meeting should not be held in private and the Council's response.

The Council will make available access to copies of the following after a meeting in accordance with its Retention Schedule:

- iv. reports relating to items when the meeting was open to the public provided that such reports do not contain confidential or exempt information or, if they do, the information disclosed is no longer confidential or exempt.

4.8 Background Papers

The author of a report will set out in within it a list of those documents (the “background papers”) relating to the subject matter of the report which in their opinion:

- i. disclose any facts or matters on which the report or an important part of the report is based; and
- ii. which have been relied on to a material extent in preparing the report but does not include published works or those which disclose exempt or confidential information.

The Council will make available for public inspection for four years after the date of the meeting one copy of each of the documents on the list of background papers, except in so far as they disclose exempt or confidential information.

4.9 Summary of the Public's Rights

A written summary of the public's rights to attend meetings and to inspect and copy documents will be kept at the Council's principal offices. These rules constitute that written summary. Details of where inspection and copying may take place will be included.

4.10 Confidential Information – Exclusion of the Public

The public must be excluded from an item at a meeting whenever it is likely in view of the nature of the business to be transacted or the nature of the proceedings, that confidential information would be disclosed.

4.11 Meaning of Confidential Information

For the purposes of access to reports confidential information means information given to the Council by a government department on terms which forbid its public disclosure, or information which cannot be publicly disclosed by reason of a court order or any enactment.

4.12 Exempt Information – Discretion to Exclude Public

The public may be excluded from an item at a meeting whenever it is likely in view of the nature of the business to be transacted or the nature of the proceedings, that exempt information would be disclosed.

Where a decision on an item at a meeting will determine any person's rights or obligations, or adversely affect their possessions, Article 6 of the European Convention on Human Rights establishes a presumption that the discussion of the item will be held in public unless a private hearing is necessary for one of the reasons specified in Article 6.

4.13 Meaning of Exempt Information

Subject to Rule 13.2 below, and to the test of the Public Interest set out in Rule 14 below, information is exempt information where it falls within any of the following categories:

- i. Information relating to an individual;
- ii. Information which is likely to reveal the identity of an individual;
- iii. Information relating to the financial or business affairs of any particular person (including the public authority holding the information), except where the information is required to be registered under certain prescribed statutes detailed in Part 2 of Schedule 12A Local Government Act 1972 from time to time which include the Companies Acts (as defined by s.2 of the Companies Act 2006) and the Charities Act 2011;
- iv. "Financial or business affairs" includes contemplated, as well as past or current activities;
- v. Information relating to any consultations or negotiations, or contemplated consultations or negotiations, in connection with any labour relations matter

- arising between the Council or a Minister of the Crown and employees of, or office holders under, the Council. “Labour relations matter” means any matter which may be the subject of a trade dispute, or any dispute about any such matter (i.e., a matter specified in paragraphs (a) to (g) of section 218(1) of the Trade Union and Labour Relations (Consolidation) Act 1992;
- vi. Information in respect of which a claim to legal professional privilege could be maintained in legal proceedings;
 - vii. Information which reveals that the Council proposes:
 - to give under any enactment a notice, under or by virtue of which requirements are to be imposed on a person; or
 - to make an order or direction under any enactment.
 - vii. Information relating to any action taken or to be taken in connection with the prevention, investigation or prosecution of crime;

Planning permission information falling within any of the categories above is not thereby exempt if it relates to proposed development for which the local planning authority may grant itself planning permission under Regulation 3 of the Town and Country Planning General Regulations 1992.

4.14 Public Interest Test

Information falling within any of the categories under 4.13 above, which is prevented from being exempt because either:

- i. It falls within 4.13 iii and is required to be registered under the prescribed enactments; or
- ii. It is planning permission information,

is exempt information if, and so long as, in all the circumstances of the case, the public interest in maintaining the exemption outweighs the public interest in disclosing the information.

4.15 Freedom of Information Act 2000 and Environmental Information Regulations 2004

In compliance with the Freedom of Information Act 2000, the Council will respond to any requests for information. There is no charge for responding to requests for information other than ‘disbursement’ costs; however, a charge may be made if it exceeds the government’s advisory fee level, or the request is one which comes under the Environmental Information Regulations 2004.

4.16 Exclusion of Access by the Public to Reports

The Monitoring Officer may exclude access by the public to a report which, in the opinion of the Monitoring Officer, relates to an item during which, in accordance with the above Rule 10 or Rule 12 the meeting is likely not to be open to the public; or, as the case may be, was not open to the public. Such reports will be marked “Not for Publication”, together with the category of information likely to be disclosed. Before the public is excluded in accordance with this provision, the Council must have complied with the Notice provisions in Rule 4 above.

4.17 Rights of Access to Information by Councillors

Where a Council body has resolved to exclude the public from a meeting or part of a meeting on the grounds that exempt or confidential information is being considered, councillors who are not members of that body will generally also be excluded from that meeting or part of the meeting. However, a councillor may attend the meeting and/or inspect any exempt or confidential documents relating to the business of the body if they can demonstrate a "need to know".

A councillor's "need to know" arises when they require the information in order to carry out properly their duties as a councillor. It may apply to information about matters affecting their electoral division or matters which relate to a Council body or informal working group to which they belong. It does not arise where a councillor would simply like to know what is in a document or what may be said at a meeting, or enable a councillor to 'trawl' through a large number of files in search of information (sometimes known as 'fishing for information'). Whether a need to know arises in a particular case will be a matter of fact and degree, to be decided in the light of all the circumstances of the request.

It is a general presumption that all reports, including those containing confidential or exempt information, will be available to the Policy & Performance Improvement Committee or Call-In Sub-Committee where they are relevant to that business to be conducted by that Committee. This presumption may be dis-applied in exceptional circumstances.

In the event of a dispute, the Monitoring Officer will determine whether a councillor has demonstrated a "need to know" by assessing whether it is reasonable to refuse access given all the circumstances.

4.18 Rights of Councillors to Request a Review of Exempt Information

Any Councillor may make a written request to the Monitoring Officer that information which it has been resolved should be treated as exempt information should be released into the public domain.

The written request shall clearly set out the reasons for the request including any material change in circumstances since the information was categorised as exempt and why the Member making the request considers that the need to treat the information as exempt no longer outweighs the public interest in disclosure.

If the Monitoring Officer considers that the request is valid they will refer the request to the Cabinet or Committee which resolved to treat the information as exempt. The request will be considered at the next available meeting.

4.19 Publication Procedure Before Taking Key Decisions

Subject to the general exception, special urgency or major emergencies provisions set out in the Council's Procedure for Taking Urgent Decisions in Part D Section 6, a key decision may not be taken unless:

- i. at least **28 clear days' notice** has been published in connection with the matter in question by means of the Forward Plan);
- ii. at least **three clear days** have elapsed since the publication of the notice of the decision, unless the decision taker has resolved that implementation of the decision is urgent in which case the decision can be implemented without delay;
- iii. where the decision is to be taken at a meeting of the Cabinet or a Cabinet Committee, notice of the meeting has been given in accordance with these Access to Information Procedure Rules.

4.20 Publication of The Forward Plan

The Council's Leader will ensure that notice of all Key Decisions (to be taken by the Cabinet or by individual Cabinet Members) is given at least **28 clear days** before they are due to be taken.

The Council will list all Key Decisions once a month in a Forward Plan indicating which decisions the Cabinet anticipate it will take during the next 4 months, together with any particularly significant Key Decisions which the Cabinet anticipates taking within the next 4 to 12 months. The Monitoring Officer may also include in the Forward Plan reference to such other decisions, which are to be taken by the Council or any of its Committees or Sub-Committee or Officers as they consider appropriate.

The Forward Plan shall include the following information in respect of each key decision:

- i. The matter in respect of which the decision is to be taken;
- ii. The person or body by whom the decision is to be taken;
- iii. The date on which, or the period within which, the decision is to be taken;
- iv. Notice, if appropriate, of an intention to take a decision in private because the decision contains confidential or exempt information.

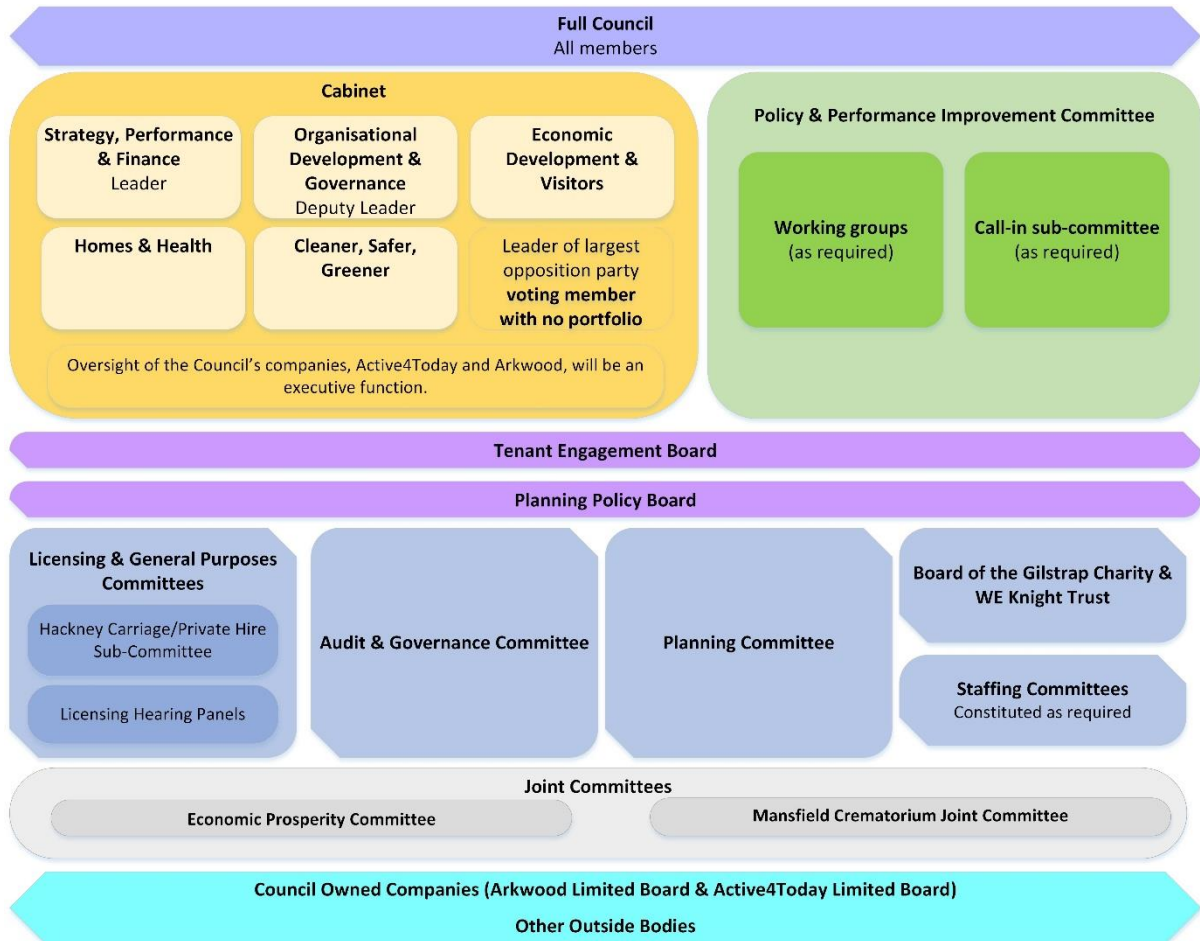

Where the Cabinet anticipates taking a Key Decision on a matter, and inclusion of the matter within the Forward Plan would disclose confidential or exempt information and so prejudice the conduct of the Council's business, the Cabinet may limit the entry in the Forward Plan to such information as may be disclosed without prejudice.

The Cabinet shall normally review and update the Forward Plan at least once in every calendar month, and shall make arrangements for the revised Forward Plan to be made available on its website.

X = Number of cremations taking place with each district area for the preceding 25 years

2. The Officer Scheme of Delegation

2.1 Introduction

- 2.1.1 This Officer Scheme of Delegation (the Scheme) has been adopted by the Council and sets out the extent to which the powers and duties of the Council are delegated to Officers under the Local Government Act 1972, the Local Government Act 2000 (as amended) and all other powers enabling the delegation of Executive and Non-Executive functions to Officers.
- 2.1.2 The Officer Scheme of Delegation is intended to provide a streamlined, clear and simple decision-making process and empower Officers to carry out their functions and deliver the Council's services within the Budget and Policy Framework set by the Council, and subject to the guidelines set by the Council, the Cabinet and the Council's management team. The Scheme should be interpreted widely to enable the smooth and effective operation of the Council.
- 2.1.3 All references to legislation shall be deemed to include any subsequent amendments to such legislation.

- 2.1.4 Under section 101 of the Local Government Act 1972 the Council may authorise an Officer to commission and monitor work for and on behalf of the Council by people who are not Officers of the Council. Such people will be bound by this Scheme, and the obligations contained in it, at all times when engaged on Council business.
- 2.1.5 In this Scheme references to powers and functions of 'the Council' include the powers and functions of the Cabinet (Executive).
- 2.1.6 The delegations under this Scheme are intended to be cumulative. Each delegation may be read on its own unless it is specifically expressed to be subject to another.
- 2.1.7 Where an Officer has delegated powers, the Council or the Cabinet or a Committee (as appropriate) can still exercise that power in a particular case if it considers it appropriate to do so. Equally it is always open to an Officer not to exercise delegated powers but to refer the matter up as appropriate.

2.4.2 The Leader or any Cabinet Member may at any time, following consultation with the Chief Executive and relevant Officer, require a particular issue or any aspect of delegated powers to be referred to the appropriate Council Body for a decision.

The Chairman may exercise their discretion to adopt a more informal approach in relation to debate to allow free and open discussion and exchange of views. In accordance with Rule 1.5 above the Chairman's decision on interpretation of these Rules will be final.

4.1 Speaking at Meetings

- 4.1.1 When a Councillor speaks they must address the meeting through the Chairman. If more than one Councillor signifies their intention to speak, the Chairman will ask one to speak. Other Councillors must remain silent whilst a Councillor is speaking unless they wish to make a point of order or a point of personal explanation.
- 4.1.2 When the Chairman speaks during a debate, any Councillor speaking at the time must stop.

4.2 No Speeches Until Motion Seconded

No speeches may be made after the mover has moved a motion and explained the purpose of it until the motion has been seconded. It then becomes a 'motion' which may be debated before a vote is taken. Where a report contains more than one recommendation they will be moved as a single motion for debate.

4.3 Seconded's Speech

When seconding a motion or amendment, a Councillor may reserve their speech until later in the debate.

4.4 Content of Speeches

Speeches must be directed to the motion under discussion or to a personal explanation or point of order.

4.5 When a Councillor May Speak Again

A Councillor who has made a speech on a motion may not speak again whilst it is the subject of debate, except:

- a. to speak once on an amendment moved by another Councillor;
- b. to move a further amendment if the motion has been amended since they last spoke;
- c. if their first speech was on an amendment moved by another Councillor, to speak on the main issue (whether or not the amendment on which they spoke was carried);
- d. in exercise of a right of reply;
- e. on a point of order; and
- f. by way of personal explanation.

4.6 Amendments to Motions

4.6.1 At the request of two Members of the Committee or the Chairman an amendment to a motion may be required to be put in writing and circulated to all members of the Committee before it is discussed.

4.6.2 An amendment must be relevant to the motion and will either be:

- a. to refer the matter to an appropriate body or individual for consideration or reconsideration;
- b. to leave out words;
- c. to leave out words and insert or add others; or
- d. to insert or add words.

As long as the effect of any of the above is not to negate the motion or to introduce a new motion.

4.6.3 Only one amendment may be moved and discussed at any one time. No further amendment may be moved until the amendment under discussion has been disposed of.

4.6.4 If an amendment is not carried, other amendments to the original motion may be moved.

4.6.5 If an amendment is carried, the motion as amended takes the place of the original motion. This becomes the substantive motion to which any further amendments are moved.

4.6.6 After an amendment has been carried, the Chairman will read out the amended motion before accepting any further amendments, or if there are none, put it to the vote.

4.7 Alteration of Motion

- 4.7.1 A Councillor may alter a motion of which they have given notice with the consent of the meeting. The meeting's consent will be signified without discussion.
- 4.7.2 A Councillor may alter a motion which they have moved without notice with the consent of both the meeting and the seconder. The meeting's consent will be signified without discussion.
- 4.7.3 Where a proposal by another Councillor to make a change to a motion is accepted by the mover of the original motion this amounts to an alteration of motion. The meeting's consent will be signified without further discussion. The mover of the original motion has the right to reply at the end of the debate on the motion.
- 4.7.4 Only alterations which could be made as an amendment may be made.

4.8 Withdrawal of Motion

A Councillor may withdraw a motion which they have moved with the consent of both the meeting and the seconder. The meeting's consent will be signified without discussion. No Councillor may speak on the motion after the mover has asked permission to withdraw it unless permission is refused.

4.9 Right of Reply

- 4.9.1 The mover of a motion has a right to reply at the end of the debate on the motion, immediately before it is put to the vote.
- 4.9.2 If an amendment is moved, the mover of the original motion has the right of reply at the close of the debate on the amendment, but may not otherwise speak on it. The mover of the amendment has no right of reply to the debate on their amendment.
- 4.9.3 If an amendment is carried, it becomes the substantive motion. The mover of the amendment that has now become the substantive motion has a right of reply at the close of the debate on the substantive motion. The mover of the original motion has no right of reply.

4.10 Motions Which May Be Moved During the Debate

- 4.10.1 When a motion is under debate, no other motion may be moved except the following procedural motions:
 - a. to withdraw a motion;
 - b. to amend a motion;
 - c. to proceed to the next business;
 - d. that the question be now put;
 - e. to adjourn a debate;

- f. to adjourn a meeting;
- g. to exclude the public and press in accordance with the Access to Information Rules; and
- h. to not hear further a Councillor or to exclude them from the meeting for disorderly conduct.

4.10.2 If a **motion to proceed to next business** is seconded and the Chairman thinks the item has been sufficiently discussed, the Chairman will give the mover of the original motion a right of reply and then put the procedural motion to the vote.

4.10.3 If a **motion that the question be now put** is seconded and the Chairman thinks the item has been sufficiently discussed, the Chairman will put the procedural motion to the vote. If it is passed the Chairman will give the mover of the original motion a right of reply before putting their motion to the vote.

4.10.4 If a **motion to adjourn the debate or to adjourn the meeting** is seconded and the Chairman thinks the item has not been sufficiently discussed and cannot reasonably be so discussed on that occasion, the Chairman will put the procedural motion to the vote without giving the mover of the original motion the right of reply.

4.11 Point of Order

A Councillor may raise a point of order at any time. The Chairman will hear them immediately. A point of order may only relate to an alleged breach of these Committee Procedure Rules, additional Rules applicable to the particular Committee or the law. The Councillor must indicate the rule or law and the way in which they consider it has been breached. The ruling of the Chairman on the matter will be final.

4.12 Personal Explanation

A Councillor may make a personal explanation at any time. A personal explanation may only relate to some material part of an earlier speech by the Councillor which may appear to have been misunderstood in the present debate. The ruling of the Chairman on the admissibility of a personal explanation will be final.

5. Voting

5.1 Any matter will be decided by a simple majority of those Councillors voting and present in the room at the time the question was put unless the law provides otherwise.

- 5.2 If a Councillor arrives before the casting of votes has been commenced they are entitled to vote, unless the Committee or Sub-Committee is sitting in a quasi-judicial capacity when a Councillor may not vote unless they have been present to hear all the evidence presented on an agenda item.
- 5.3 If there are equal numbers of votes for and against, the Chairman will have a casting vote. There will be no restriction on how the Chairman chooses to exercise a casting vote.
- 5.4 Unless a recorded vote is demanded, the Chairman will take the vote by show of hands, or by use of the Council's electronic voting system if any, or if there is no dissent, by the affirmation of the meeting.
- 5.5 If any Councillor present at the meeting requests it immediately before the vote is taken and another Councillor seconds the request, the names for and against the motion or amendment or abstaining from voting will be taken down in writing and included in the minutes.
- 5.6 If there are more than two people nominated for any position to be filled by the Committee and there is not a clear majority of votes in favour of one person, then the name of the person with the least number of votes will be taken off the list and a new vote taken. The process will continue until there is a majority of votes for one person.

6. Management of Meetings

6.1 Exclusion of the Press and Public

- 6.1.1 Members of the public and press may only be excluded either in accordance with the Access to Information Rules or in accordance with the Rules below.
- 6.1.2 If a member of the public interrupts proceedings, the Chairman will warn the person concerned. If they continue to interrupt, the Chairman will order their removal from the meeting room.
- 6.1.3 If there is a general disturbance in any part of the meeting room open to the public, the Chairman may call for that part to be cleared.

6.2 Disclosable Pecuniary Interests

- 6.2.1 Where a Member has a Disclosable Pecuniary Interest as defined by Regulations under the Localism Act 2011 they are required to leave the meeting during discussion and voting on the item in which they have a Disclosable Pecuniary Interest (unless a dispensation has been granted).

3. Special Urgency

- 3.1 If the rule below regarding Major Emergency does not apply and, by virtue of the date by which a decision must be taken the General Exception rule above cannot be followed and the **5 clear days'** notice of the decision cannot be given then the decision can only be taken if the decision taker (if an individual) or the Chairman of the body making the decision, obtains the agreement of the Leader

Notice in writing of the application to the Chairman of the PPI Committee must be published on the Council's website and copies made available to the public at the offices of the Council. 1 Introduction

The purpose of these Contract Procedure Rules is to set out the principles, roles and processes involved in procurement at the Council. All procurements must comply with these Rules, the Council's Financial Procedure Rules, English law, and European law in force in England.

All procurements must realise value for money through the optimum combination of whole life costs and quality of outcome.

These Rules seek to protect the Council's reputation by minimising the risk of allegations of corruption, dishonesty, and failure to meet legal obligations; as such they must be followed in all commercial activity undertaken on behalf of the Council and within a partnership arrangement, regardless of the source of funding.

These Rules should be read in conjunction with the Council's Financial Regulations and Purchasing Card Procedure (as appropriate).

If there is any change to the law which affects these Rules, then that change must be observed until these Rules can be revised. If these Rules conflict in any way with the law, then the law takes precedence.

These Rules are supported by detailed, practical guidance available in the Procurement Toolkit, which can be accessed via the [procurement portal](#). The Procurement Toolkit covers:

- The Procurement Cycle
- Assessing Needs
- When does TUPE apply?
- Assessing Risks
- Valuing Your Requirement
- Understanding Social Value
- Sustainable Procurement
- Procurement timetable
- Specification
- Evaluation Methodology and Criteria
- Terms and Conditions
- Due Diligence
- The Procurement Process
- Procuring via a Framework Agreement
- Contract Management and Review
- Variation
- Extensions

If, after reading these Rules, you require further guidance or clarification, or you are not sure how best to comply with them, then please contact your Line Manager, the Business Manager – Financial Services or Welland Procurement.

Any values stated within these Rules are exclusive of VAT, staff costs and fees.

Grant money received shall be deployed in line with these Rules unless the grant conditions state otherwise.

These Rules do not apply in the following circumstances:

- 1.1 The purchase or lease of property, land acquisition, interest in land, transaction in land or disposal. This does not extend to any service, supplies, or works contracts that may be required to make the land, existing buildings, or immoveable property ready for acquisition, disposal, or leasing.
- 1.2 Direct employment of permanent or fixed term employees, for the avoidance of doubt these Rules do apply to consultancy and employment agency contracts.
- 1.3 Instructing barristers or solicitors (as long as those costs do not exceed the relevant Public Procurement Threshold).
- 1.4 The lending or borrowing of money by the Council.
- 1.5 Contracts between Local Authorities as defined by Clause 12 of the Public Contracts Regulations 2015.
- 1.6 Contracts between Local Authorities as defined by Clause 17 of the Concession Contracts Regulations 2015.

- 1.8 Section 75 NHS Act 2006 arrangements (although details must be recorded on the Council's Contract Register).
- 1.9 Quick Reference Guide: Contract Procedure Rules**
 - 1.9.1 A decision to procure is required before procurement commences AND a decision to award must be obtained before a contract is awarded.
 - 1.9.2 Procurements with a [total value](#) of £5,000 or more are subject to Transparency Regulations and will need to be entered on to the Council's Contracts Register (on ProContract).
 - 1.9.3 The table over is a quick reference guide only and is supported by the details Contract Procedure Rules in this document

2 Roles and Responsibilities

Officers

- 2.1 The Officer responsible for the procurement must comply with these Contract Procedure Rules and the Financial Regulations. The Officer is also responsible for ensuring that any Agents acting on behalf of the Council do so in compliance with these Rules and must seek written confirmation of their agreement.
- 2.2 As part of the service planning process Officers are expected to highlight all required procurement support through the annual Procurement Service Plan in advance of the next financial year.
- 2.3 Officers are responsible for the contracting activity, and must ensure:
 - (a) Continued compliance with the Council's requirements;
 - (b) Value for money;
 - (c) Compliance with these Rules as well as any legal and statutory requirements;
 - (d) Compliance with any relevant Council policy; and
 - (e) Contracts are signed/sealed before the commencement of any Works, Services or Goods delivered (unless prior written approval is given by the Chief Executive, the Section 151 Officer, and the relevant Director – these Officers must consider the risks and any mitigation of risk before giving approval).
- 2.4 The Officer is responsible for ensuring the Welland Procurement Unit are aware of the timescales for upcoming procurement work, especially for contracts in excess of £75,000, in sufficient time.
- 2.5 The Officer must have regard to the guidance contained in the Procurement Toolkit which can be accessed via the [procurement portal](#).
- 2.6 Before beginning a commercial activity the Officer responsible for it must carry out an appraisal and consider:

- The requirements from any relevant Best Value or other review;
- The need for the expenditure and its priority e.g., has a business case been developed which sets out the service objectives, the criteria for evaluation and the options for delivery;
- Defining the objectives of the purchase;
- The risks associated with the purchase over its life and how to manage them;
- What procurement method is most likely to achieve the purchasing objectives, including internal or external sourcing, and collaboration with other purchasers;
- If a contract has already been let by the Council for the benefit of Council staff, and whether it would be suitable to make of this;
- If a suitable framework exists, and whether it would be suitable to call off of it;
- Consulting users as appropriate about the proposed procurement method, contract standards, and performance and user satisfaction monitoring; and
- Selecting the most appropriate procurement method.

The Procuring Officer's approach to the appraisal tasks should be proportionate to the complexity, risks, and value of the procurement.

- 2.7 The Officer must keep the records detailed in these Rules.
- 2.8 The requirements for the various procurement procedures (based on [total value](#)) are detailed below. Where a procedure is required that would be above the Public Procurement threshold (in terms of [total value](#)), the Officer **must** contact Welland Procurement before embarking on the procurement.
- 2.9 Officers must take all necessary legal, financial, and other professional advice (e.g., HR, Comms etc.) and ensure the necessary decisions are in place before embarking upon any procurement process. Please speak to the Business Manager – Elections and Democratic Services for any queries relating to approvals.
- 2.9.1 Officers will need to ensure they have the relevant budget approved and available prior to embarking upon a procurement process. Budget approval ensures you have provision to fund any commitment within your own budget, and where sufficient budget isn't available the additional required funding has been sought and approved via members or delegated decision via the Section 151 Officer to access funding from reserves. Further information on this (and the process) can be found within the Financial Procedure Regulations; if in doubt, please speak to the Budget Holder or the Business Manager – Financial Services.
- 2.9.2 Officers will need approval to procure. This approval needs to be sought regardless of the procurement route i.e., Tender, Quotation, Framework Award or Exemption.

- 2.9.2.1 For contracts with a [total value](#) below £75,000, this must be approved by the Business Manager for the relevant area.
- 2.9.2.2 For contracts with a [total value](#) of £75,000 or more, this must be approved by the relevant Director.
- 2.9.3 Officers must ensure that, where they are anticipating engaging with Welland procurement, procurement documentation is provided to Welland in a timely fashion to ensure correct scrutiny together with information to the Legal Business Unit.
- 2.9.3.1 For contracts with a total value under £75,000, these must be received at least three working days prior to the publication date. Contractual information should be passed to the Legal Business Unit as soon as is feasibly possible, but as a minimum two weeks prior to the publication date.
- 2.9.3.2 For contracts with a total value above £75,000, Welland must be engaged with as part of the pre-procurement process. Contractual information should be passed to the Legal Business Unit as soon as is feasibly possible, but as a minimum two weeks prior to the publication date to ensure that the Ts&Cs are completed prior to publication.
- 2.9.3.3 For contracts above the current goods and services Public Procurement Threshold, Welland must be part of the project team and be involved in the review of the specification. Contractual information should be passed to the Legal Business Unit as soon as is feasibly possible, but as a minimum two weeks prior to the publication date to ensure that the Ts&Cs are completed prior to publication.
- 2.9.4 Officers will need approval to award. This approval needs to be sought regardless of the procurement route i.e., Tender, Quotation, Framework Award or Exemption.
- 2.9.4.1 For contracts with a [total value](#) below £75,000, this must be approved by the Business Manager for the relevant area.
- 2.9.4.2 For contracts with a [total value](#) of £75,000 or more, this must be approved by the relevant Director.
- 2.10 The provisions of the Transfer of Undertakings (Protection of Employment) Regulations 2006 (TUPE) apply to a relevant business transfer where the transferor (incumbent supplier) has a dedicated team of employee(s) that carry out the service activity that is to be transferred. In practice this will often apply where a Council service is:
- ‘out-sourced’
 - brought back ‘in-house’ / in-sourced
 - where a contract that former Council employees are undertaking comes up for renewal and is awarded again to the same supplier or to a new supplier
 - transferred from one external organisation to another

- TUPE is also likely to apply where a supplier who has been awarded a contract subsequently awards or sub-contracts all or part of it to another supplier, whilst retaining the contract with the main client

TUPE can apply irrespective of whether there has been a formal procurement exercise or not. Officers must ask the current Supplier whether or not any employee of the Council or of the Supplier may be affected by any transfer arrangement (TUPE). Where this is relevant, the Officer must ensure that the Transfer of Undertaking (Protection of Employment) issues are considered and obtain relevant advice before undertaking the procurement process. This will include liaising with Nottinghamshire County Council where any employee of the Council or of the Supplier is a member of the Local Government Pension Scheme (LGPS). Guidance on whether TUPE applies must be referred to Human Resources or Legal services in the first instance, before proceeding, so that the scope of any legal obligations may be identified. If TUPE does apply this must be factored into the procurement strategy / plan and timescales.

Suppliers must seek their own legal guidance on the application of TUPE; the Council must not offer any such advice. The Council's only involvement with TUPE is to facilitate through the provision of TUPE information; it must not get involved in other TUPE related matters.

'TUPE Information' templates are available on the Welland [procurement portal](#). This information will need to be completed by the current supplier which Officers will issue to the market as part of the procurement documentation on which potential suppliers are invited to bid. This information must be gathered prior to going out to market, and Officers would need to review the information to ensure it has been anonymised (TUPE information is confidential – please discuss with Welland Procurement whether TUPE information should be published with the tender pack, or to individual bidders, subject to the return of TUPE Confidentiality Agreement), and whether or not there are any LGPS (Local Government Pension Scheme) members. Officers can refer to the Procurement Toolkit available on the [Welland Procurement portal](#) for guidance on considerations for LGPS members.

- 2.11 Officers must ensure that the contracts for which they are responsible are effectively managed and monitored to ensure they deliver the requirement as intended. This must be in line with the Contract Management which is available on the Intranet here.
- 2.12 It is the Officer's responsibility to carry out [due diligence](#) on successful suppliers, both at Contract Award, and for the duration of the Contract. Where contracts are over the current goods and service Public Procurement threshold a credit check must be completed on the potential supplier. This must be facilitated through the Financial Services Business Unit or Welland Procurement. Where the score is below 50, the Section 151 Officer must be consulted prior to the award of the contract.

- 2.13 Where an Officer has a potential conflict of interest within a procurement process, the Officer must declare this immediately to the relevant Director and Monitoring Officer. The Officer may be required to withdraw from the procurement process. Any Officer who fails to declare such a conflict of interest may be subject to disciplinary proceedings and sanctions.

A 'Conflict of Interest Declaration – Confidentiality Agreement' form can be obtained from the [procurement portal](#).

- 2.14 Officers must ensure details of bidders and their submissions are kept confidential (subject to [Freedom of Information](#) considerations).
- 2.15 Officers shall complete the Council's electronic Contract Register (to record all approved exemptions and contracts with an estimated [total value](#) of £5,000 and above including any changes over the contract life e.g., extensions).
- 2.16 Officers shall notify Welland Procurement of any contracts awarded with an estimated [total value](#) of £20,000 and above (including any changes over the contract life e.g., extensions), so that a Contracts Finder Award Notice can be published.

Senior Leadership Team

- 2.17 The Senior Leadership Team must ensure that staff are aware of their responsibilities under these Rules, receive adequate training and guidance and that they and their Officers comply with these Rules at all times.
- 2.18 The Senior Leadership Team should facilitate Value for Money being achieved in all procurements.
- 2.19 The Senior Leadership Team must ensure that they have in place a scheme of delegation that records in writing what action Officers are authorised to take under these Rules.
- 2.20 In the interests of forward planning, the Senior Leadership Team should facilitate the process of preparing, maintaining, and reviewing a rolling schedule in respect of procurement activities with a [total value](#) over £75,000.
- 2.21 The Senior Leadership Team is responsible for ensuring a process is in place so that the Council's Contracts Register is updated as required following procurement activity.
- 2.22 Where an Officer within the Senior Leadership Team has a potential conflict of interest within a procurement process, the Officer must declare this immediately to the relevant Director and Monitoring Officer. The Officer may be required to withdraw from the procurement process. Any Officer who fails to declare such a conflict of interest may be subject to disciplinary proceedings and sanctions.

A 'Conflict of Interest Declaration – Confidentiality Agreement' form can be obtained from the [procurement portal](#).

- 2.23 Ensure that all completed contracts are passed to the Legal Business Unit for safe keeping.

3 Non-Compliance with these Rules

- 3.1 Where an Officer becomes aware of any non-compliance with these Rules (which cannot be remedied), they must declare this to the relevant Director and Monitoring Officer.

4 Total Value

- 4.1 Total Value is the maximum potential contract value. This is an estimation of the annual value, multiplied by the maximum contract length (including any extensions). This calculation is to be used for contracts that fall under the Public Procurement Regulations 2015. All references to "value" within these Rules refer to Total Value.

Where a proposed work or provision of services may result in contracts being awarded in the form of separate lots, account shall be taken of the total estimated value of all such lots. Where the aggregate value of the lots is equal to or greater than the relevant [Public Procurement Threshold](#). Please speak to Welland Procurement for further guidance on aggregation.

- 4.1.1 For works contracts, the calculation of the estimated value shall take account of both the cost of the works and the total estimated value of the supplies and services that are made available to the contractor by the Council if they are necessary for executing the works.
- 4.1.2 For services contracts which do not indicate a total price, the basis for calculating the estimated contract value shall be the following:
- (a) in the case of fixed-term contracts where that term is less than or equal to 48 months, the total value for their full term;
 - (b) in the case of contracts without a fixed term or with a term greater than 48 months, the monthly value multiplied by 48.
- 4.1.3 For the appointment of consultants, the Estimated Total Contract Value shall be calculated using the requisite rate for the consultant, multiplied by the total duration of the assignment required to complete all the activities and deliverables of the consultant for their entire appointment.
- 4.2 For Concessions contracts (where the supplier makes money from the right given by the Council to provide), contract values are based on what it is worth to the supplier or the cost the Council would incur to provide the contract. The Total Value for these contracts shall be the total turnover of the concessionaire generated over the duration of the contract, as estimated by the Council, considering:

- (a) the value of any form of option and any extension of the duration of the concession contract;
 - (b) revenue from the payment of fees and fines by the users of the works or services other than those collected on behalf of the Council;
 - (c) payments or any other financial advantages, in any form, from the Council to the concessionaire, including compensation for compliance with a public service obligation and public investment subsidies;
 - (d) the value of grants or any other financial advantages, in any form, from third parties for the performance of the concession contract;
 - (e) revenue from sales of any assets which are part of the concession contract;
 - (f) the value of all the supplies and services that are made available to the concessionaire by the Council, provided that they are necessary for executing the works or providing the services;
 - (g) any prizes or payment.
- 4.3 Contracts shall not be subdivided with the effect of preventing it from falling within the scope of these Rules, thresholds, or any relevant Public Procurement Regulations.
- 4.4 Re-occurring Contracts shall not be put in place with the effect of preventing it from falling within the scope of these Rules, thresholds, or any relevant Public Procurement Regulations. Spend must be aggregated where it is appropriate to do so, whether that is within Council departments, or across multiple departments for the same scope of work; to ensure value for money is achieved and reduce the duplication of work. Examples of where aggregate spend would be appropriate includes (but is not limited to):
- One department spot purchasing similar pieces of work on a regular basis throughout the financial year;
 - Multiple Council departments purchasing the same services under different contracts; and
 - Individual contracts being kept under a certain threshold to avoid procurement obligations within these Rules.

Where a proposed work or provision of services may result in contracts being awarded in the form of separate lots, account shall be taken of the total estimated value of all such lots. Where the aggregate value of the lots is equal to or greater than the relevant [Public Procurement Threshold](#), Welland Procurement must be consulted.

- 4.5 It is the responsibility of each individual Officer to review the contracts register prior to entering into any contract, to understand if the Council is already in a contractual relationship in relation to the proposed goods/services/work. If the Council is, then the Officer would need to investigate whether the contract covers their own requirement, or if there is scope for variation in the current contract. Please speak to Welland Procurement and Legal to ensure contractual and procurement compliance.

- 4.6 Where the Council may be contributing only part of the total value of a contract, it is nevertheless the Estimated Total Contract Value that should be applied in determining the correct procedures to be applied under these Rules. Examples of where this would be appropriate includes (but is not limited to):
- Collaborations between departments within the Council;
 - Collaboration between the Council and at least one other Contracting Authority; and
 - Where the Council is only part funding a project, in partnership with another funding source.

- 4.7 In the event that the estimated Total Contract Value is below the [Public Procurement Threshold](#), and following a quotation process the proposed winning bidder's Total Bid Value exceeds the relevant [Public Procurement Threshold](#), the Officer must not award the contract without consulting with Welland Procurement and Legal as to the risks associated with awarding the contract.

5 Contract Term

- 5.1 The term of a Contract must not exceed five years in total (including any potential extension options), without the written approval of the relevant service Director. This must be gained prior to the procurement process commencing.
- 5.2 Framework agreements must not exceed four years. Call-off contracts based on framework agreements may be longer than four years and may extend beyond the expiry date of the framework.

6 Procurements Valued Under £10,000

- 6.1 Officers will need to ensure they have the relevant budget approved and available prior to embarking upon a procurement process. This approval will be from the Budget Holder, in accordance with budget authorisation limits (as outlined in the Financial Procedure Rules). Please see [2.9.1](#) for further information. Officers also need to speak to their Business Manager about any further approvals required outside of these Rules, as well as whether or not approval to procure is required.
- 6.2 Council Officers may decide it is appropriate to [reserve contracts for services](#) at this value to the local area (county) or SME's/voluntary sector. Please refer to the appropriate guidance in this document (and consult Welland Procurement) before any reservations are made.
- 6.3 Where the contract has a [total value](#) below £10,000, Officers are required to seek at least one written quotation (email is acceptable). Value for money remains a primary objective and so Officers may decide to seek more than one quotation to ensure that objective is achieved.

- 6.4 Quotations can be submitted via email, preferably in PDF format to prevent tampering or accusations thereof; the onus will be on the bidder to make this decision. Quotations are not to be “opened” prior to the deadline for return, if one is given (not applicable if only one quote is being sought).
- 6.5 The quotation(s) must be received before any order is processed and must include the following information:
- (a) A description of the goods, services or works to be supplied;
 - (b) When and where they will be supplied;
 - (c) The total value of the requirement; and
 - (d) Payment terms.
- 6.6 Approval to award at this value will be in writing from the budget holder. The Contract or Purchase Order must be approved/signed by the relevant Budget Manager in accordance with budget authorisation limits (as outlined in the Financial Procedure Rules) via the Council’s Corporate Financial System (electronic Purchase Order).
- If a Council Officer or Supplier needs to sign contract documentation electronically, please speak to Legal Services for advice and guidance on the use of electronic signatures.
- 6.7 Where the value of the contract is £5,000 and above, the resultant contract must be added to the Contract Register (on ProContract) to ensure compliance with Transparency Regulations.
- 6.8 It is the Officer’s responsibility to carry out [due diligence](#) on successful suppliers, both at Contract Award, and for the duration of the Contract.

7 Procurements Valued Between £10,000 and £74,999

- 7.1 Officers will need to ensure they have the relevant budget approved and available prior to embarking upon a procurement process. This approval will be from the Budget Holder, in accordance with budget authorisation limits (as outlined in the Financial Procedure Rules). Please see [2.9.1](#) for further information. Officers also need to speak to their manager about any further approvals required outside of these Rules. Approval to procure must be obtained as per [2.9](#) of this document.
- 7.2 Council Officers may decide it is appropriate to [reserve contracts for services](#) at this value to the local area (county) or SME’s/voluntary sector. Please refer to the appropriate guidance in this document (and consult Welland Procurement) before any reservations are made.
- 7.3 Where the contract has a [total value](#) between £10,000 and £74,999 at least three comparable quotations must be sought in writing (email is acceptable), with at least two quotations being sought from locally based suppliers. Where local quotations cannot be sought the Officer must keep a written record of the reason. Those quotations can be invited from identified suppliers as advertising is not mandatory. If the Council chooses to advertise a quotation opportunity for any reason, the officer should contact Welland Procurement for assistance with this.

- 7.4 Where Welland are instructed to support the procurement, the Officer must complete a Procurement Initiation Document (PID), available on the [procurement portal](#), prior to the commencement of the procurement process (at pre-procurement stage).
- 7.5 It is recommended that the Request for Quotation Template document is used which can be obtained from the [procurement portal](#). In any case the criteria for selecting the most advantageous quotation must be established before the quotations are invited and be made clear in the procurement documentation. The quotations must contain (as a minimum):
- (a) A specification (covering the goods, services or works to be supplied, the “where” and “when” they are to be supplied, and any relevant performance and contract management details)
 - (b) Instructions to bidders:
 - a. Evaluation criteria
 - b. How to respond
 - c. How clarification messages are to be asked (who sent to, any deadlines for messages)
 - d. Information bidders need to include within response
 - e. Deadline for responses (day and time); and
 - f. The short form terms and conditions to be applied (please contact the Legal Business Unit for details).

In some instances, Officers may need to consider [TUPE](#) implications.

- 7.6 Where fewer than three potential suppliers can be identified, the Officer must keep a written record of the reason and all potential suppliers should be invited to quote. It is accepted that the Officer may receive fewer than three quotations even where three or more suppliers have been invited to quote.
- 7.7 As part of the procurement process (quotation), potential bidders can seek clarification on either the information published or the process itself.

The nature of any clarification or response from the Council must not materially change the scope/substance of the requirement. If it does, Officers may need to abandon the process and restart, using revised documentation. Please discuss this with Welland Procurement.

- All requests for clarification and questions relating to the quote (and its associated documents) must be submitted as per the instruction document (via email or ProContract)
- The Council must respond to all clarifications as soon as possible (via email or ProContract)
- A copy of all requests for clarifications and the responses must be anonymised and published to all potential bidders (who have either been invited to quote, or have expressed an interest in the quote) where the clarification and response are not considered confidential

- If a potential bidder wishes the Council to treat a clarification as confidential and therefore not publish the response to all, it must state this when submitting the clarification. If in the opinion of the Council, the clarification is not confidential, the Council will publish it in an anonymised format
- Officers must state a deadline for receipt of clarifications
- Officers must keep a record of communications between potential bidders and the Council

Unless it is part of a clarification and the above is observed, Officers must not:

- Contact suppliers/potential bidders
- Send information to suppliers/potential bidders

If a supplier/potential bidder contacts an Officer, they should advise them that messages must be submitted as per the instruction document; via email or ProContract.

- 7.8 Quotations can be submitted via email, preferably in PDF format to prevent tampering or accusations thereof; the onus will be on the bidder to make this decision. Quotations are not to be “opened” prior to the deadline for return, if one is given.
- 7.9 The Officer must keep copies of the Council's procurement documentation as well as copies of all quotations received and any communication between the Council and the successful bidder.
- 7.10 Evaluation of the quotations received must be carried out using the evaluation criteria identified in the procurement documentation. Any subjective evaluation (such as quality) must be carried out independently by a minimum of two evaluators (preferably three), and then moderated by an independent moderator to reach a final agreed score. The evaluators should be fully briefed on the evaluation process. The ‘Conflict of Interest Declaration – Confidentiality Agreement’ on the [procurement portal](#) gives further guidance on evaluation principles and best practice; it is advisable to ask all evaluators to complete, sign and return this document to the Council lead. Welland Procurement can act as the independent moderator but cannot undertake any scoring. Clarification questions may be asked where responses would not result in a material change of the bid received.
- 7.11 Contract award must be approved as per [2.9](#) of this document.

All bidders must be notified of the Award decision simultaneously in writing (via the Council's electronic tendering system or email, depending on the method of obtaining quotations) by the Officer (or the Welland Procurement Unit), whether or not their bid was successful.

Officers must use the standard Award Letter templates that are available on the [procurement portal](#). This includes prompts to ensure satisfactory due diligence is gathered before any contract is entered into.

- 7.12 The contract or terms and conditions must be signed by a member of the Senior Leadership Team, or a person authorised by them in accordance with the delegation scheme.

If a Council Officer or Supplier needs to sign contract documentation electronically, please speak to the Legal Business Unit for advice and guidance on the use of electronic signatures.

- 7.13 The resultant contract must be added to the Council's Contract Register (on ProContract) to ensure compliance with Transparency Regulations. Officers must then provide the Legal Business Unit with any paper copies of the Contract for the subsequent storage and safe keeping.
- 7.14 An award notice is required on Contracts Finder for all Contracts with a [total value](#) of £20,000 or above. Welland Procurement is responsible for such award notices. If an Officer has managed the procurement process without assistance from Welland Procurement, they must formally advise them of the award details, so that they can publish the award notice.
- 7.15 It is the Officer's responsibility to carry out [due diligence](#) on successful suppliers, both at Contract Award, and for the duration of the Contract. This must follow the process as set out at paragraph [2.12](#).

11.1 Officers will need to ensure they have the relevant budget approved and available prior to embarking upon a procurement process. This approval will be from the Budget Holder, in accordance with budget authorisation limits (as outlined in the Financial Procedure Rules). Please see [2.9.1](#) for further information. Officers also need to speak to their Business Manager about any further approvals required outside of these Rules. Approval to procure must be obtained as per [2.9](#) of this document.

- 11.2 For Contracts with a [total value](#) of £75,000 or more, Officers will need to ensure they have approval to procure prior to embarking upon a procurement process (as per [2.9](#) of this document).
- 11.3 A contract of any value can be procured via a framework agreement or DPS. Compliance with these Rules and relevant national law is achieved through compliance with the framework agreement/DPS terms and conditions. This will involve:
- reviewing relevant Framework/DPS guidance document(s)
 - reviewing the correct process for call off (which may be through further competition or direct award)
 - following the stated call off process, as laid out in the Framework/DPS documentation

Officers must ensure they are fully conversant with the eligibility of the Council to use the framework, as stated within the Framework Agreement. If these Rules are not sufficiently detailed for the Officer to be assured of the eligibility and requisite process, they must engage with Welland Procurement to seek advice on the validity of the Framework Agreement.

As part of the procurement process (call off), potential bidders can seek clarification on either the information published or the process itself. This must be conducted as per [8.8](#) of this document.

- 11.4 For the avoidance of doubt, a framework agreement or DPS is considered a compliant procurement route where:
- (a) It has been entered into by the Council in compliance with these Rules; or
 - (b) Another contracting authority, purchasing consortium or Central Government has tendered the framework agreement or DPS in compliance with national procurement law and the Council is named as a potential user of the arrangement.

This section applies to call offs in the circumstances detailed in both 11.4(a) and 11.4(b) above.

- 11.5 All goods, services and works with a procurement [total value](#) in excess of the relevant [Public Procurement threshold](#) are enforced by the Public Contracts Regulations 2015, and over threshold public works concessions and public services concessions are enforced by the Concessions Contracts Regulations 2016. These Regulations set out strict processes that must be followed, as well as remedies available to suppliers. The principles that Officers need to comply with are:
- (a) equal treatment;
 - (b) non-discrimination;
 - (c) mutual recognition;
 - (d) proportionality; and
 - (e) transparency.

Officers must comply with these Regulations and principles at all times.

- 11.6 The procurement will be managed in line with the appropriate Rule, dependent on the [total value](#) of the contract (unless otherwise detailed by the Framework/DPS Owner).
- Procurements valued under £10,000 see Rule [6.4](#)
 - Procurements valued between £10,000 and £74,999 see Rule [7.3](#), [7.7](#) and [7.8](#)
 - Procurements valued between £75,000 and Current Goods and Services Public Procurement Threshold see Rule [8.6](#), [8.8](#) and [8.9](#)
 - Procurements for Works Contracts Valued between the Goods and Services Public Procurement Threshold and the Works Public Procurement Threshold see Rule [9.4](#), [9.7](#) and [9.8](#)
 - Procurements valued over the Relevant Public Procurement Threshold see Rule [10.8](#), [10.9](#) and [10.11](#)
- 11.7 It is recommended that the Further Competition Template document is used which can be obtained from the [procurement portal](#) or Welland Procurement; if template documentation is provided by the Framework/DPS Owner, Officers can make use of this.

In any case the criteria for selecting the most advantageous submission must be established before call offs submissions are invited and be made clear in the procurement documentation. The call offs must contain (as a minimum):

- (a) The goods, services or works to be supplied;
- (b) The “where” and “when” they are to be supplied;
- (c) Instructions to bidders:
 - (i) Evaluation criteria
 - (ii) How to respond
 - (iii) How clarification messages are to be asked (who sent to, any deadlines for messages)
 - (iv) Information bidders need to include within response
 - (v) Deadline for responses (day and time); and
 - (vi) The terms and conditions to be applied to the call off (as per Framework/DPS guidance document, please use the terms stated, these must be agreed by Legal Services).

In some instances, Officers may need to consider [TUPE](#) implications.

- 11.8 Submissions must be evaluated in line with the Framework/DPS guidance document and the appropriate Rule, dependent on the [total value](#) of the contract.
- Procurements valued between £10,000 and £74,999 see Rule [7.10](#)
 - Procurements valued between £75,000 and Current Goods and Services Public Procurement Threshold see Rule [8.10](#), [8.11](#) and [8.12](#)
 - Procurements for Works Contracts Valued between the Goods and Services Public Procurement Threshold and the Works Public Procurement Threshold see Rule [9.9](#), [9.10](#) and [9.11](#)
 - Procurements valued over the Relevant Public Procurement Threshold see Rule [10.12](#) and [10.13](#)

- 11.9 Contract award must be approved as per [2.9](#) of this document.
- 11.10 All bidders must be notified of the Award decision simultaneously in writing (via the method used to run the procurement process i.e., email, ProContract or other system used by the Framework/DPS owner) by the Officer (or the Welland Procurement Unit or the Framework/DPS owner), whether or not their bid was successful.
- 11.11 The contract must be signed/sealed in line with the appropriate Rule, dependent on the [total value](#) of the contract.
- Procurements valued under £10,000 see [Rule 6.6](#)
 - Procurements valued between £10,000 and £74,999 see [Rule 7.12](#)
 - Procurements valued between £75,000 and Current Goods and Services Public Procurement Threshold see [Rule 8.15](#)
 - Procurements for Works Contracts Valued between the Goods and Services Public Procurement Threshold and the Works Public Procurement Threshold see [Rule 9.14](#)
 - Procurements valued over the Relevant Public Procurement Threshold see [Rule 10.16](#)

If a Council Officer or Supplier needs to sign contract documentation electronically, please speak to the Legal Business Unit for advice and guidance on the use of electronic signatures.

- 11.12 Where the Council is using an external framework, and the [total value](#) of the contract is £5,000 or above, the resultant contract must be added to the Contract Register to ensure compliance with Transparency Regulations.

Where the Council has set up a framework, only the framework is necessary to be recorded on the register. It is not necessary to record the individual call-offs from the framework.

- 11.13 Signed contracts that have a [total value](#) of £10,000 or more must be scanned in. Officers must then provide the Legal Business Unit with any signed paper copies of the Contract for the subsequent storage and safe keeping.
- 11.14 Where the contract has a [total value](#) of £20,000 or above an award notice is required on Contracts Finder. The Officer must formally advise Welland Procurement of the award details, so that they can publish the award notice.
- 11.15 The Officer must keep the following records:
- (a) A record of all decisions from pre to post procurement;
 - (b) The method of obtaining tenders;
 - (c) Tender documents produced by the Council;
 - (d) Tenders received from bidders. The successful tender should be retained for at least the life of the contract. Unsuccessful tenders should be retained for the first 12 months of the contract;
 - (e) A written record of the evaluation;
 - (f) A record of the Award approval;

- (g) A signed copy of the Contract which should be retained for the life of the contract and in normal circumstances for 6 years thereafter; and
- (h) Communications to and from bidders during the procurement process.

11.16 Where an Agent has managed the procurement on behalf of the Council, the Officer must ensure that the above documents are returned to the Council upon completion of the process and stored as detailed in clause [11.15](#) above.

11.17 It is the Officer's responsibility to carry out [due diligence](#) on successful suppliers, both at Contract Award, and for the duration of the Contract.

12 Setting up a Framework Agreement

12.1 Officers will need to ensure they have the relevant budget approved and available prior to embarking upon a procurement process. This approval will be from the Budget Holder, in accordance with budget authorisation limits (as outlined in the Financial Procedure Rules). Please see [2.9.1](#) for further information. Officers also need to speak to their Business Manager about any further approvals required outside of these Rules. Approval to procure must be obtained as per [2.9](#) of this document.

12.2 Framework agreements set out the general terms under which specific purchases ("call offs") can be made under the agreement. The purpose of using a framework is to enable contracting authorities to award individual contracts without going through a full procurement process each time. A framework agreement may be established with one supplier ("single supplier frameworks") or with more than one ("multiple supplier frameworks").

12.3 The minimum number of suppliers for a multiple supplier framework is two.

12.4 Framework agreements must not exceed four years. Call-off contracts based on framework agreements may be longer than four years and may extend beyond the expiry date of the framework.

12.5 Framework agreements should be set up to allow for mini competitions to run as the first option for selecting a supplier. Where this is not the case, Welland Procurement Unit should be consulted.

12.6 As part of the procurement process (either the creation of the Framework or any subsequent call off), potential bidders can seek clarification on either the information published or the process itself. This must be conducted as per [8.8](#) of this document.

12.7 As Framework agreements are "closed" for the term, consideration should be given to the impact of this, and ensure that the benefits and length of the Framework are justified.

12.8 Formal advice from Welland Procurement must be sought as early as possible and in any case before any procurement activity takes place. The relevant Rules and Regulations should be followed according to the [total potential value](#) of the Framework (the value to be taken into consideration shall be the maximum estimated value net of VAT of all the contracts envisaged for the total term of the framework agreement). It is the Officer's responsibility to monitor, and track spend against the framework.

12.9 Signed Framework Agreements that have a [total value](#) of £10,000 or more must be scanned in. Officers must then provide the Legal Business Unit with any signed paper copies of the Contract for the subsequent storage and safe keeping.

If a Council Officer or Supplier needs to sign contract documentation electronically, please speak to Legal Services for advice and guidance on the use of electronic signatures.

12.10 Where the Council has set up a framework, details of the framework itself must be recorded on the Council's Contract Register (on ProContract). The estimated value of the framework must be recorded, and all the suppliers associated with the framework must be listed. Any other relevant detail to the mechanics of the framework must also be recorded so the suppliers can be searched and found in the Register and cross referenced with Council spend.

Where the Council has set up a framework, only the framework is necessary to be recorded on the register. It is not necessary to record the individual call-offs from the framework.

12.11 It is the Officer's responsibility to carry out [due diligence](#) on successful suppliers, both at Contract Award, and for the duration of the Contract.

13 Setting up a Dynamic Purchasing System (DPS)

13.1 Officers will need to ensure they have the relevant budget approved and available prior to embarking upon a procurement process. This approval will be from the Budget Holder, in accordance with budget authorisation limits (as outlined in the Financial Procedure Rules). Please see [2.9.1](#) for further information. Officers also need to speak to their manager about any further approvals required outside of these Rules. Approval to procure must be obtained as per [2.9](#) of this document.

13.2 A Dynamic Purchasing System (DPS) is similar to an electronic framework agreement, with two exceptions, new suppliers can join at any time, and it is to be run as a completely electronic process.

13.3 Dynamic Purchasing Systems are used exclusively by public sector organisations. They save time and money by being a quick and easy way to access goods, services and works through a compliant route.

- 13.4 There is no maximum term for a DPS; the period of validity of the DPS should be indicated in the call for competition. As per [Rule 5](#), written approval for a DPS longer than five years must be sought from the relevant service Director. This must be gained prior to the procurement process commencing.
- 13.5 All bidders that meet the selection criteria shall be admitted to the DPS, and the number of bidders accepted on to the DPS shall not be limited.
- 13.6 Formal advice from Welland Procurement must be sought as early as possible and in any case before any procurement activity takes place. The relevant Rules and Regulations should be followed according to the [total potential value](#) of the DPS (the value to be taken into consideration shall be the maximum estimated value net of VAT of all the contracts envisaged for the total term of the DPS). It is the Officer's responsibility to monitor, and track spend against the DPS.
- 13.7 As part of the procurement process (either the creation of the DPS or any subsequent call off), potential bidders can seek clarification on either the information published or the process itself. This must be conducted as per [8.8](#) of this document.
- 13.8 There is no obligation to notify DPS suppliers of a decision to award a contract under a DPS, to provide a de-brief or to run a standstill period.
- 13.9 There is a requirement to publish a contract award notice on Find a Tender Service for contracts awarded using a DPS. The contract award notice must be dispatched within 30 days of the contract award. Contract award notices can be grouped together and published on a quarterly basis within 30 days of the end of each quarter. The Officer must formally advise Welland Procurement of the award details, so that they can publish the award notice.
- 13.10 Contracting authorities are also required to publish information on Contracts Finder in respect of contracts awarded under a DPS for contracts with a [total value](#) of £20,000 or above. Publication on Contracts Finder is required within a "reasonable time" (no longer than 90 days following contract award).
- 13.11 Signed DPS Agreements that have a [total value](#) of £10,000 or more must be scanned in. Officers must then provide the Legal Business Unit with any signed paper copies of the Contract for the subsequent storage and safe keeping.
- If a Council Officer or Supplier needs to sign contract documentation electronically, please speak to Legal Services for advice and guidance on the use of electronic signatures.
- 13.12 Where the Council has set up a DPS, details of the DPS itself must be recorded on the Council's Contract Register (on ProContract). The estimated value of the DPS must be recorded and all the suppliers associated with the DPS. Any other relevant detail to the mechanics of the DPS must also be recorded so the suppliers can be searched and found in the register and cross referenced with council spend.

Where the Council has set up a DPS, only the DPS is necessary to be recorded on the register. It is not necessary to record the individual call-offs from the DPS.

- 13.13 It is the Officer's responsibility to carry out [due diligence](#) on successful suppliers, both at Contract Award, and for the duration of the Contract.

14 Public Services (Social Value) Act 2012

- 14.1 The Public Services (Social Value) Act requires people who commission public services to think about how they can also secure wider social, economic, and environmental benefits.
- 14.2 Before starting a procurement process, the Officer should think about whether the services they are going to buy, or the way they are going to buy them, could secure these benefits for their area or stakeholders.
- 14.3 The Council must consider, in the form of a Social Value appraisal whilst recognising the principle of proportionality;
- (a) how what is proposed to be procured might improve the economic, social, and environmental well-being of the relevant area, and
 - (b) how, in conducting the process of procurement, it might act with a view to securing that improvement.
- 14.4 The Officer must consult Welland Procurement for advice on specifying requirements under Social Value, and how to evaluate tenders against these requirements. Further information and guidance is also available in the Procurement Toolkit, which can be accessed via the [procurement portal](#).

15 Other Matters to Consider

These Rules are relevant to all Contracts with a [total value](#) above £10,000.

15.1 Conflict of Interest

- 15.1.1 Clause [2.13](#) and [2.19](#) define when a conflict of interest must be declared.
- 15.1.2 For contracts with a [total value](#) of £75,000 or more, all Officers, Members and other stakeholders involved in procuring for the Council must sign a Declaration of Interest form at the start of the procurement process. This form is available on the [procurement portal](#).

For contract with a [total value](#) of between £10,000 and £75,000, it is advisable that all Officers, Members, and other stakeholders involved in procuring for the Council sign a Declaration of Interest form at the start of the procurement process. This form is available on the [procurement portal](#).

- 15.1.3 This form must be kept on file during the procurement itself and the contract term.

15.2 Abnormally Low Bids

- 15.2.1 Under the Public Contract Regulations 2015, the Council is required to request an explanation of the price or costs proposed in a tender where that price or those costs appear to be abnormally low in relation to the requirement.
- 15.2.2 Advice should be sought from Welland Procurement during this investigation process to ensure that the requirements of the Public Contract Regulations 2015 are adequately complied with.

15.3 Errors in Tenders

- 15.3.1 If it is identified that a bidder has made an error or omission that is “obvious”, the Officer can request the bidder to correct this, as long as:
- (a) the Section 151 Officer or the Chief Executive has given written approval, and agrees that the error or omission was “obvious”;
 - (b) it has been determined that the bidder has gained no unfair advantage from correcting the error or omission; and
 - (c) any such corrections are recorded, along with the approval decision.

15.4 Receiving Late Submissions

- 15.4.1 Where a Tender/Quote has been received late (beyond the stated response deadline), the Officer must get written approval to either accept or reject the submission from the relevant Section 151 Officer or the Chief Executive **before** opening any of the responses. Late submissions must only be accepted in exceptional circumstances.
- 15.4.2 The Officer must record:
- (a) the circumstances behind the late response;
 - (b) how late the response was received;
 - (c) if any advantage could have been gained by the bidder in submitting the late response (i.e., having longer to respond to the opportunity compared with other bidders); and
 - (d) the Director’s decision to accept or reject the late response (based on the above points).

15.5 Receiving Irregular Tenders

- 15.5.1 Irregular tenders are those that:
- (a) do not comply with the terms of the tender documents (i.e., fail to supply key information); or
 - (b) make reservations (i.e., if the pricing submitted contains conditions, when these are explicitly prohibited within the tender documentation).
- 15.5.2 If the Officer receives an irregular Tender, they shall immediately report this to the relevant Director.

15.5.3 The Director may accept the irregular tender if it has been determined that the bidder has gained no unfair advantage from the irregularity.

15.5.4 Any acceptance or rejection of irregular tenders shall be recorded in writing.

15.6 UK GDPR Requirements

15.6.1 The UK General Data Protection Regulations impose greater obligations on the Council to protect an individual's information.

15.6.2 Officers conducting a procurement process should ensure that the UK GDPR screening questions, available from Welland Procurement, are completed as early as possible in the planning stages of that procurement.

15.6.3 Should any of the UK GDPR screening questions be answered positively, further advice must be sought from the Council's Data Protection Officer before any further action is taken.

15.6.4 Officers shall consider the information governance requirements of the contract if they anticipate any Personal Data is to be processed as part of the contract e.g., data protection, security of information, records management.

15.6.5 Where Personal Data may be processed as part of the contract, a Privacy Impact Assessment tool shall be completed. This will help the Council identify the most effective way to comply with their data protection obligations and meet individuals' expectations of privacy.

15.6.6 Where requirements are identified by the Privacy Impact Assessment, the Officer shall ensure that any requirements of contractors are considered and built into the specification and assessed where necessary as part of the evaluation.

15.6.7 Any queries relating to this should be directed to the Council's Data Protection Officer.

15.7 Freedom of Information

15.7.1 The Council has specific obligations under the FOI Act 2000, regarding disclosure of information. Officers have an obligation to record and maintain accurate records relating to Contracts, as well as complying with FOI requests.

15.7.2 Bidders should be asked to identify any information they supply that is confidential or commercially sensitive, and detail why they consider this the case. This justification should be considered when responding to FOI requests.

15.7.3 Any queries relating to this should be directed to the Council's Data Protection Officer.

15.8 Modern Slavery

- 15.8.1 The Council is committed to ensuring that modern slavery does not exist within its supply chains.
- 15.8.2 All procurements with a [total value](#) of £75,000 or more are required to include the Standard Selection Question regarding Modern Slavery Act compliance.
- 15.8.3 Where procurement is considered high risk in terms of modern slavery, for example transport and waste related procurements, additional award questions should be considered with advice from Welland Procurement.
- 15.8.4 Where a supplier is required to comply with the Modern Slavery Act, i.e., their turnover is above £36 million, that compliance should form part of the contract management (as per [15.10](#)).
- 15.8.5 A Modern Slavery Helpline is available on Tel: 08000 121 700 or [online](#). The Helpline provides information and advice about modern slavery, a 24-hour telephone reporting line and an online reporting function through the website.

15.9 Safeguarding Provisions in Contracts and Grant Arrangements

- 15.9.1 Any service engaged by the Council should be provided based on agreed terms or a contract. Safeguarding compliance should be included in all arrangements. All services commissioned by the Council must operate within the requirements of the Council's Safeguarding Policy and meet the relevant legislative standards. Where appropriate, procuring officers will need to ensure that contractors demonstrate that they meet these requirements.
- 15.9.2 It is expected that the lead officer on any commissioning project be responsible for ensuring that any contract includes proper provision for the safeguarding of children, young people, and adults with care and support needs; this also includes making reasonable requests for evidence from suppliers that the requirements stated in the Safeguarding Policy (where applicable) are in place or ready to be implemented. Where there is any confusion about the need for the inclusion of safeguarding in a contract arrangement clarification and/or advice should be sought from the Safeguarding Lead.

15.10 Due Diligence

- 15.10.1 It is the Officer's responsibility to carry out due diligence on successful suppliers, both at Contract Award, and for the duration of the Contract. This will involve requesting, obtaining, and maintaining records (and asking for appropriate evidence) of relevant due diligence, annual inspections, and any future expiration/renewals. This may include (but not be limited to):
- (a) Insurance certificates (new certificates to be requested upon expiry of the individual insurance policy);
 - (b) Details as required by the selection/suitability criteria asked as part of the procurement process (annually, upon anniversary of Contract start date):

- i. Supplier policies
 - Quality Management
 - Environmental
 - Equality
 - Health and Safety
 - Data protection/GDPR
- ii. Licences/certificates/registrations
- iii. Business continuity plans
- iv. Required training (and updates for staff (Council and supplier)
- v. Staff certifications/qualifications (Council and staff); and
- (c) A financial appraisal, which may include a financial credit check and / or a review of submitted financial information (as per the standard selection questionnaire). The request must be made to the Financial Services Business Unit to perform the credit check. Where contracts are over the current goods and service Public Procurement threshold a credit check must be completed on the potential supplier. This must be facilitated through the Financial Services Business Unit or Welland Procurement. Where the score is below 50, the Section 151 Officer must be consulted prior to the award of the contract.

15.10.2 Before the contract commences (and regularly throughout the duration of a contract), contract managers should request and inspect key health and safety records to provide assurance that controls are operating effectively. The frequency of requests and types of records to be reviewed should be agreed and outlined as part of the procurement process. Records should include but not be limited to:

- Up to date Health and safety policies
- Risk Assessments
- COSHH assessment
- Induction and training records
- Fire safety logbooks (if applicable)
- PAT certificates
- Health and Safety inspections (as well as any actions arisen, and how they are being followed up on, reviewed and regularly monitored) and whether these are carried out by the Council or the supplier
- Accident reporting

15.10.3 Throughout the duration of the contract, Council Officer's must keep a record (and ask for appropriate evidence) of relevant due diligence as well as any future expiration/renewals.

15.11 Sealing a Contract

15.11.1 A contract must be sealed where:

15.11.1.1 The [total value](#) is over £75,000;

15.11.1.2 The Council wishes to enforce the contract for more than six years after its expiry; or

- 15.11.1.3 The price paid or received under the contract is a nominal price and does not reflect the value of the goods, services or works; or
 - 15.11.1.4 There is any doubt about the authority of the person signing for the other contracting party; or
 - 15.11.1.5 A Bond is established on behalf of the Supplier(s) or their guarantors; or
 - 15.11.1.6 Required by the Parties to the agreement; or
 - 15.11.1.7 Where the Monitoring Officer deems it appropriate.
- 15.11.2 Where contracts are completed by each side adding their common seal, the affixing must be attested by or on behalf of the Council in accordance with the Constitution. The Monitoring Officer is responsible for the process of sealing a contract.
- 15.11.3 If a Council Officer or Supplier needs to sign contract documentation electronically, please speak to Legal Services for advice and guidance on the use of electronic signatures.

15.12 Reserving below Threshold Procurements (for Services contracts only)

Officers can consider reserving below threshold services contracts to local and/or SME (Small and Medium Sized Enterprises) status organisations as part of a procurement process.

This will be managed by officers on a case-by-case basis, after assessing the market to ensure there is sufficient competition (based on the reserved criteria). This will help support the local economy and encourage entrepreneurship and small businesses in the area.

Being able to reserve the procurement by supplier location would mean being able to run a competition and specify that only suppliers located in a geographical area can bid (Nottinghamshire). Additionally, reserving the procurement for Small and Medium sized Enterprises (SMEs) would mean that only SMEs can bid, encouraging entrepreneurship, and attracting new and smaller organisations to work with and for the Council.

- 15.12.1 If Council Officers wish to reserve below threshold Services procurements as per the guidance set out in this section, they must:
- (a) Consult with Welland Procurement;
 - (b) Comply with all other Rules within this document;
 - (c) Provide rationale for reserving a contract; and
 - (d) Receive written approval from the relevant Director for this approach.
- 15.12.2 Council Officers may consider the following options for the procurement of below threshold Services contracts (applying either both or just one option):
- (a) Reserve the procurement by supplier location - this means being able to run a competition and specify that only suppliers located in a geographical area can bid. This could be by county to tackle economic inequality and support local recruitment, training, skills, and investment.

Where a county reservation is to be applied, only a single county may be reserved. Supplier location should be described by reference to where the supplier is based or established and has substantive business operations and not by location of corporate ownership.

- (b) Reserve the procurement for Small and Medium sized Enterprises (SMEs) and Voluntary, Community and Social Enterprises (VCSEs) - this means being able to run a competition and specify that only SMEs and VCSEs can bid.

15.12.3 Definitions:

- (a) Small and Medium sized Enterprise (SME): Any business with fewer than 250 employees and either an annual turnover below £45m or a total balance sheet less than £40m.
- (b) Voluntary, Community and Social Enterprises (VCSEs): Any organisation (incorporated or not) working with a social purpose. This ranges from small community-based groups / schemes, through to larger registered charities and social enterprises, public service mutuals and cooperatives that operate locally, regionally, and nationally. This term is often interchangeable with the terms 'third sector' or 'civil society' organisations.
- (c) Supplier Location: Where the supplier is based or established in a particular location and has substantive business operations in that location. In this context, this means having a registered office, factory, or other permanent base in that location from which meaningful business operations have been conducted for at least 12 months. For example, if the reservation is for the UK or a county such as Nottinghamshire, this should not preclude foreign suppliers from participating as long as they are based or established and have substantive business operations in the UK in the first example or in Nottinghamshire in the second example.

15.12.4 When considering either of the above, Council Officers would need to:

- (a) Make reservation decisions on a case-by-case basis, and record justifications for the decision to reserve a contract;
- (b) Make the reservation clear in the procurement documentation in terms of any intention by including the standardised definitions of SME / VCSE and supplier location;
- (c) Eliminate bidders that do not meet the stated criteria, following on from written approval being received from the relevant Director; and
- (d) Ensure value for money can still be met, and an open competitive process is followed.

15.13 Procuring with External Grant Monies

- 15.13.1 Procuring contracts using external grant monies can bring about additional risks to the Council due to additional regulatory requirements in the way the money is controlled and additional scrutiny that the procurement process may receive. Therefore, Officers must be fully aware of all requirements of the relevant funding body and ensure full compliance.

- 15.13.2 Officers shall ensure that they engage, in advance of undertaking a procurement activity, with Welland Procurement, providing full access to any relevant additional guidance.
- 15.13.3 NOTE: Specifically for ERDF funding, the Officers shall appraise the intended procurement activity against the ERDF published 'common mistakes' guidance prior to initiating any procurement activity to ensure none of the common mistakes have been made.

16 Exemptions

- 16.1 The exemptions listed in this Section do not apply to procurements with a [total value](#) above the relevant Public Procurement Threshold. Exemptions are not a substitute for instances where procurement planning has not been exercised and Officers find themselves with insufficient time to undertake a competitive process. Officers must still consider commercial awareness and achieve value for money.
- 16.2 Officers must obtain a fully approved exemption in advance of awarding a contract and must ensure that the actual spend does not exceed the [total value](#) stated in the approved exemption.

Officers will need to ensure they have the relevant budget approved and available prior to embarking upon a procurement process. This approval will be from the Budget Holder, in accordance with budget authorisation limits (as outlined in the Financial Procedure Rules). Please see [2.9.1](#) for further information. Officers also need to speak to their Business Manager about any further approvals required outside of these Rules.

- 16.3 Signed contracts that have a [total value](#) of £10,000 or more must be scanned in. Officers must then provide the Legal Business Unit with any signed paper copies of the Contract for the subsequent storage and safe keeping.

If a Council Officer or Supplier needs to sign contract documentation electronically, please speak to the Legal Business Unit for advice and guidance on the use of electronic signatures.

- 16.4 Exemptions must be approved by the Chief Executive, the Section 151 Officer, and the relevant Director. A copy of the form is available from Finance Services.

- 16.4.1 No genuine competition: proprietary or patented goods or services; requirement of such a specialist nature that it can genuinely only be fulfilled by one person or organisation; compatibility with existing goods or services is required and where those existing goods or services can only be sourced from the same supplier.

- 16.4.2 There is a sound business case and/or an independent review that there is no value for money in running a full procurement process. Supporting evidence will need to demonstrate market testing and enquiries to other suppliers. This must not be used to avoid competition or where decisions to procure have been postponed and there are insufficient timelines to procure.
- 16.4.3 Genuine emergencies: critical preventative or remedial work where there is a real and imminent risk to the safety of people or property arising from hitherto unforeseen 'catastrophic' events or incidents, for example fire, bombing, landslide etc.
- 16.4.4 Urgent Situations not of the Council's own making: the urgency must have been reasonably unforeseeable (e.g., existing supplier going into liquidation) and genuinely be a case of time is of the essence. Urgency arising from the Council's own making (e.g., lack of planning) shall not justify an exemption. Where this exemption is used, a compliant procurement must be implemented as soon as possible.
- 16.4.5 Collaborative/Joint Procurement: where another authority/public body is acting as the 'lead buyer' and provided that the Officer can demonstrate those arrangements comply with relevant Regulations and best practice.
- 16.4.6 Grants which the Council may receive or make except where the grant is the form of payment for a contract for services where the Council specifies the output or outcomes to be delivered. The awarding of grants by the Council or on behalf of the Council must be carried out under the principles of openness, fairness, non-discrimination, and value for money. Officers cannot choose to treat procurement as a grant in order to avoid conducting a competitive process. **This exemption cannot be used if the grant funding guidance states a procurement process must be conducted (such as ERDF funding); Officers must be fully aware of all requirements of the relevant funding body and ensure full compliance.** Please discuss with Welland Procurement before any exemption on this basis is requested.
- 16.4.7 Contracts for the execution of either mandatory works or provision of goods or services which must be provided by a Statutory Provider other than the Council. This includes but is not limited to public utility companies and other legal authorities.
- 16.5 All contracts must be added to the Contract Register (on ProContract) to ensure compliance with Transparency Regulations.
- 16.6 An award notice is required on Contracts Finder for all Contracts with a [total value](#) of £20,000 or above. Welland Procurement is responsible for such award notices. Officers must formally advise Welland of the award details, so that they can publish the award notice.

17 Contract Management

17.1 Contract Management

- 17.1.1 The named Contract Manager should be noted in the Contract Register. All contracts must have a named Contract Manager for the entirety of the contract and that Contract Manager is responsible for the application of these Rules.
- 17.1.2 For all contracts with a [total value](#) over £75,000, the Contract Manager must identify the risks by maintaining a suitable risk register and ensure that suitable contingency measures are in place.
- 17.1.3 During the life of the contract, the Contract Manager must monitor the overall performance of the contract closely in order to ensure any issues of underperformance are addressed as soon as possible and any areas of added value are identified as soon as possible.
- 17.1.4 Officers must ensure that the contracts for which they are responsible are effectively managed and monitored to ensure they deliver the requirement as intended. This must be in line with the Contract Management Toolkit which is available on the Intranet here.
- 17.1.5 Where a supplier intends to sub-contract, Officers must assess whether it is appropriate for the supplier to obtain quotations from locally based suppliers as part of this process.

17.2 Variations

- 17.2.1 In any case where a variation (independently or cumulatively) means that the [total value](#) of a contract would exceed the relevant Public Procurement Threshold, or where there is any material change to the contract, the contract must be treated as a new procurement under these Rules.

If any variation (independently or cumulative) means that the [total value](#) of a contract would exceed a threshold set out in these Rules, Officers must seek advice from Welland Procurement.

- 17.2.2 A material change is one which:

- 17.2.2.1 Would have allowed the admission of other Bidders or the acceptance or another tender; or
- 17.2.2.2 Extends the scope of the contract considerably to goods, services or works not initially covered by the Specification; or
- 17.2.2.3 Changes the economic balance in favour of the contractor in a manner not provided for in the procurement documents.

- 17.2.3 For clarity, a change will be deemed immaterial if the value of the modification is both below the relevant Public Procurement Threshold and below 10% of the original contract value (15% for works contracts).
- 17.2.4 All variations to contracts shall be in writing, following approval from the relevant Director or Business Manager.
- 17.2.5 All variations to a contract (that was originally above the [Public Procurement Threshold](#) and therefore advertised on OJEU or Find a Tender Service) must have a Modification Notice published. Please discuss this with Welland Procurement prior to any variation being entered.

17.3 Extensions

- 17.3.1 A contract should not be extended beyond its initial term unless the contract documents allow it (the potential extension option was advertised).
- 17.3.2 A Framework Agreement shall only be extended if the contract documents and framework allow, and the original term and extension together should not exceed four years except in exceptional circumstances.
- 17.3.3 Where a business need has been identified which means that a contract is required to be extended beyond the term permissible in the original contract documents, advice must be sought from Welland Procurement and the Council's Legal Business Unit in the first instance and authority sought from the Monitoring Officer or the Section 151 Officer if such an extension is proposed.

If any extension (independently or cumulative) means that the [total value](#) of a contract would exceed a threshold set out in these Rules, Officers must seek advice from Welland Procurement.

The Officer must be satisfied that such an extension would achieve value for money and be reasonable in all circumstances. The Officer must record the reasons for these conclusions in writing (i.e., the relevant decision record).

All extensions to a contract (that was originally above the [Public Procurement Threshold](#) and therefore advertised on OJEU or Find a Tender Service) must have a Modification Notice published. Please discuss this with Welland Procurement prior to any extension being entered.

18 The Appointment of Consultants to Provide Services

- 18.1 Consultants, including technical and management consultants, shall be selected, and commissions awarded, in accordance with the procedures detailed within these Contract Procedure Rules (relevant to the estimated [total value](#) of the consultancy contract). This includes, but is not limited to:

- Approvals obtained (as per [2.9](#) of this document)
 - A compliant competitive procurement route being followed, as per the estimated total value of the consultancy contract
 - Tender documentation being used as appropriate
 - The formation of an outcome-based specification, which must cover the scope of the requirement i.e., the services to be supplied, the “where” and “when” they are to be supplied as well as any relevant performance and contract management details. A template is available on the [procurement portal](#)
 - Terms and conditions, evaluation criteria and any relevant deadlines stated as part of the procurement process
 - Evaluation carried out fairly, as per the relevant Rule of this document
 - Carry out [due diligence](#), both at Contract Award, and for the duration of the Contract
 - The resultant contract must be added to the Council’s Contract Register (on ProContract) to ensure compliance with Transparency Regulations. Officers must then provide the Legal Business Unit with any signed paper copies of the Contract for the subsequent storage and safe keeping
 - An award notice is required on Contracts Finder for all Contracts with a [total value](#) of £20,000 or above. If an Officer has managed the procurement process without assistance from Welland Procurement, they must formally advise them of the award details, so that they can publish the award notice
- 18.2 The engagement of a consultant shall follow the agreement of a brief that adequately describes the scope of the services to be provided (inclusive of ALL potential phases of work and associated costs) and shall be subject to completion of a formal letter or contract of appointment.
- 18.3 Consultants shall be required to provide evidence of, and maintain professional indemnity insurance policies to the satisfaction of the relevant Chief Officer after consultation with the Section 151 Officer or in his absence the Deputy Section 151 Officer for the periods specified in the respective agreement and any subsequent liability.
- 18.4 All consultancy appointments should clearly stipulate that the copyright in any report or other work or information created as a result of the contract shall be assigned by the contractor to the Council absolutely with full title guarantee.
- 18.5 It is the responsibility of the person arranging the consultancy contract to determine whether or not payments are to be made to the consultant’s employer, to the consultant directly or to a personal service company (PSC; this is a limited company owned by the consultant and is commonly used to reduce tax and National Insurance liability). If payment is to be to the consultant personally or through a personal service company, advice must be sought from the Section 151 Officer and the **Business Manager – Human Resources OD** before any appointment is made.

19 Bonds and Parent Company Guarantees

- 19.1 The Contract Officer should, prior to the tender documentation being published, decide whether a performance bond or a parent company guarantee is applicable for the contract.
- 19.2 The Contract Officer must consult the Section 151 Officer about whether a Bond or Parent Company Guarantee would be necessary where the total value exceeds £75,000. This must be determined prior to any procurement process, so that the requirement can be included in the terms and conditions for the contract.
- 19.3 Where security is considered to be appropriate and required, the Contract Officer, in consultation with the appropriate officers, shall specify in the tender the nature and amount of the security to be given. This as a minimum shall be at least 10% of the total value of the contract.
- 19.4 The security shall be obtained by the contractor in a format, and from an institution or bank approved by the Section 151 Officer.

20 Certificates/Interim Payments

- 20.1 No certificate of work performed on a contract shall be raised prior to the signing of the contract, subject to compliance with appropriate contract conditions. Any exceptions to this requirement must be approved by the Monitoring Officer and the Section 151 Officer.
- 20.2 Interim payments to contractors shall only be made by the Section 151 Officer or his nominated Officer on receipt of an approved form of certificate signed by an authorised Officer.
- 20.3 Where a performance bond is required for a contract, no payment is to be made until the bond has been received. Any exceptions to this requirement must be approved by the Monitoring Officer and the Section 151 Officer.
- 20.4 Any contractual retention monies shall be deducted from payments in accordance with contract conditions.

BUDGET AND POLICY FRAMEWORK PROCEDURE RULES

The Framework for Budget and Policy Framework Decisions

1. The Council is responsible for the adoption of its Budget and Policy Framework as set out in Part C Section 1 of this Constitution.
2. Once a Budget and the Policy Framework are adopted by Council, it is the responsibility of the Cabinet to implement executive functions within that Budget and Policy Framework.
3. Monitoring and management of the Budget during the financial year will be in accordance with these Procedure Rules.

Process for Developing the Budget and Policy Framework

4. The Council's general fund revenue, capital and housing revenue account budget strategy will be set in June/July each year. This gives sufficient time for the budget to be developed and agreed in time for the Council Tax to be set in March each year. The budget strategy needs to take account of the Council's objectives and the resources available to the Council, as far as these can be estimated at this stage.
5. Subsequent to appropriate consultation with the community and other stakeholders, the Cabinet will draft initial proposals in relation to the budget or any plan or strategy which forms part of the Council's Budget and Policy Framework.
6. When the initial proposals have been drafted by the Cabinet, they will provide a copy to the Chairman of the Policy and Performance Improvement Committee (PPI Committee) unless it has already considered the proposals during their development.
7. At the same time the Cabinet will notify the PPI Committee of the dates and/or proposed timetable within which the Cabinet intend to develop the proposals and submit them to full Council for approval. The timetable will allow as far as possible for both the Cabinet and PPI Committee to consider the proposals at ordinary planned meetings.
8. The PPI Committee will usually have two weeks to make its response unless the Cabinet or relevant Cabinet member has agreed a longer period with the Chairman.
9. The Cabinet will finalise its proposals for consideration by Full Council taking into account the recommendations (if any) of PPI Committee. The report to Full Council will include the recommendations (if any) of PPI Committee, Cabinet's response to those recommendations (if any) and the extent to which they have been accepted by the Cabinet.

10. Full Council will consider the final proposals of the Cabinet and may:-
 - a. adopt them without amendment;
 - b. amend them after a motion to amend is put by the Leader and seconded;
 - c. refer them back to the Cabinet for further consideration; or
 - d. substitute its own proposals in their place.
11. If the Council accepts the Cabinet proposals with or without amendment the decision shall be effective immediately.
12. If the Cabinet proposals are not accepted, the Chief Executive will inform the Leader of the Council's objections and require him/her to reconsider the Cabinet's proposals. The Leader will have five clear working days from receipt of the notification to submit a revised proposal or inform the Council of the Cabinet's disagreement with the objections.
13. The Council's decision will become effective on the expiry of five clear working days after notification of the Council's objections unless the Leader submits revised proposals and/or formally objects in that period.
14. If the Leader wishes to submit revised proposals and or disagree with the objections of the Council, written notice will be given to the Chief Executive to that effect prior to the date upon which the decision is to be effective. The written notice must state the reasons for the revised proposals and/or the disagreement. Where such notice is received the Chief Executive shall convene a further meeting of the Council to reconsider its decision and the decision shall be effective pending that meeting.
15. The Council meeting must take place within ten working days of the receipt of the Leader's written notice unless the Chairman of the Council and Leader agree that the matter can wait until the next programmed meeting of the Council. At that Council meeting the decision of the Council shall be reconsidered in the light of any revised proposals submitted and the reasons for those revisions and / or the Cabinet disagreement and reasons for that disagreement which shall be available in writing to the Council.
16. The Council shall at that meeting make its final decision on the matter on the basis of a simple majority.

17. The process for developing the Budget is shown in table form below.

June	Cabinet and PPI Committee initiate reviews of specific areas of the budget.
June/July	Cabinet considers budget strategy and financial policies, set budget targets, and invite proposals from Portfolio Holders and recommendations from PPI Committee .
December	Portfolio Holders consider their budgets and submit proposals to Cabinet.
January	PPI Committee considers the proposals of Cabinet and responds to Cabinet.
January - February	Cabinet considers the proposals of Portfolio Holders and response of PPI Committee and collates these into a draft budget. Cabinet considers the local government finance settlement, if available. Portfolio Holders may be asked to consider their budget proposals further.
February	Cabinet considers the overall budget for the Council and makes recommendations to Council on the Budget and Council Tax.
March	Budget, Capital Programme and Council Tax set by Council.

Monitoring and Management of the Budget

18. As part of developing the budget, it may to be necessary to review aspects of the budget during the year. This will normally be initiated by PPI Committee at the request of Cabinet.
19. Once the budget has been set, and the financial year has commenced, the budget will be monitored and managed during the financial year.
20. Each Portfolio Holder will receive budget monitoring reports on a regular basis covering the services and budgets within the remit of their Portfolio. In addition, the Cabinet and PPI Committee will receive budget monitoring reports on performance against the Council's overall budget.
21. While the purpose of the budget is to deliver the Council's objectives and policies, it may be appropriate during the year to transfer sums from one budget to another. This is termed budget 'virement'. It must be emphasised that this is the transfer of budget from one heading to another and this does not increase (or decrease) the overall budget. Virements are often minor in nature and are delegated to officers through the Council's Financial Regulations.
22. The level of fees and charges is set as part of the budget process. Fees and charges should not normally be varied during the financial year as this can impact on the achievement of the budget and could also affect the budget for future years (the Medium Term Financial Plan).

23. On occasion there may be budget underspends. These underspends cannot be carried-forward to the following year. It will be necessary for these to be considered as part of the budget process for future years and therefore follow the budget development process set out above (Process for Developing the Budget and Policy Framework).
24. In accordance with the Financial Regulations, Audit and Governance Committee will receive consolidated reports at the end of the financial year detailing the whole Council performance, and reports on the accounts in accordance with the Accounts and Audit Regulations.

Outside the Budget or Policy Framework

25. Subject to the provisions of the Financial Procedure Rules, the Cabinet, individual Portfolio Holders, individual Officers, Committees or joint arrangements discharging executive functions may only take decisions which are in line with the approved Budget and Policy Framework. If any of these bodies or persons wishes to make a decision which is contrary to the approved Budget or Policy Framework the decision may only be taken by the Council, subject to Rule 27 below (urgent decisions outside the Budget and Policy Framework).
26. If those bodies or persons detailed at Rule 25 above want to make a decision which is or may be contrary to the Budget or Policy Framework they shall first consult and take advice from the Monitoring Officer and / or the Section 151 Officer as to whether the decision they want to make would be contrary to the Budget and / or Policy Framework. If the advice of either the Monitoring Officer or the Section 151 Officer is that the decision would not be in line with the approved Budget and / or Policy Framework, then the decision must be referred by that body or person to the Council for decision, unless the decision is a matter of urgency, in which case the provisions in Rule 17 below (urgent decisions outside the Budget and Policy Framework) shall apply.

Urgent Decisions Outside the Budget or Policy Framework

27. Those bodies or persons detailed at Rule 25 above may take a decision which is contrary to or not wholly in accordance with the Budget Framework or is contrary to the Policy Framework if the decision is a matter of urgency. However, the decision may only be taken:-
 - 27.1 if it is not practical to convene a quorate meeting of the Council; and
 - 27.2 if the Chairman or in their absence the Vice-Chairman of the Council agrees that the decision is a matter of urgency.

28. The reasons why it is not practical to convene a quorate meeting of Council in time and the agreement of the Chairman or in their absence the Vice-Chairman for the decision being taken as a matter of urgency must be noted on the record of the decision.
29. Following the decision, the decision-maker must provide a full report to the next available Full Council meeting explaining the decision, the reasons for it and why the decision was treated as a matter of urgency.

Call-In of Decisions Outside the Budget or Policy Framework

30. Where five Councillors are of the opinion that a decision is, or if made would be, contrary to the Policy Framework or contrary to or not wholly in accordance with the Budget, the decision may be Called-In and determined in accordance with the Call-In Procedure set out at Part D Section 6 of this Constitution.

1. Introduction

- 1.1 Acquisitions of land and property are an essential part of enabling the Council to provide a service to the residents of Newark and Sherwood and in delivering the aims and objectives set out in the Community Plan. An adopted Acquisitions and Disposals Policy is necessary, in order to ensure that acquisitions and disposals are performed with due consideration of current legislation, financial controls and best practice whilst ensuring that the aims of the Community Plan are achieved.
- 1.2 The purpose of the policy is to act as a framework to instruct Members, officers, third parties and members of the public on the Council's adopted approach on the acquisition and disposal of property (including land and built assets).
- 1.3 This policy will cover the acquisition and disposal of freehold or leasehold interests (including for the avoidance of doubt lease renewals, surrenders and assignments of leases and including easements and covenants) in property (land and buildings). The policy does not cover the acquisition of goods, services or items required to perform service delivery by the Council as this is already covered by the Contract Procedure rules of the Council.
- 1.4 The policy focuses on the principal processes of acquisitions and disposals, authority routes and roles/responsibilities within the Council.
- 1.5 Any reference to the 'Estate Team' will mean either the Estates Team of the Corporate Property Business Unit or Housing Business Units depending on the type of property or scenario of acquisition or disposal in question. A reference to Service Department shall mean any department/ Business Unit occupying or using the property being considered for acquisition or disposal.
- 1.6 All the steps taken to comply with this policy should be set out in the report to the relevant decision maker so that they have all the information needed to make a decision, including any cross reference to the Financial Regulations.

2. Disposals

- 2.1 **The test for declaring a property to be surplus.** One or more of the following key criteria should be considered to be met in order to progress a disposal of Council property:
 - (a) The property makes little or no contribution to the Council's service delivery, aims or objectives within the Community Plan and cannot be appropriated for planning purposes under section 122 Local Government Act 1972.
 - (b) The property generates no income/ produces a loss and has limited regeneration potential.
 - (c) An alternative site has been identified which would achieve a more cost efficient way of delivering this service for the Council.

- (d) Its disposal is important for the delivery of organisation aims/ objectives such as those set out in the Community Plan.
 - (e) The property is deemed to be an underperforming asset with either under-utilisation of space at low capacity or that the financial cost to retain property is too significant, the income generation possibilities are too low with a greater return/ cost saving being achievable through disposal of the property.
- 2.1.1 Any property can be identified as surplus by either a Business Manager for a particular service, Business Manager for Corporate Property or Business Manager for Housing. The case for disposal will need to be clearly set out and must include the criteria for disposal, as set out in this Policy.
- 2.2 **The process for identifying surplus or underperforming property** will materialise in a number of the following ways:
- (a) Asset Management Plan Review.
 - (b) Stock Condition Surveys identifying significant works.
 - (c) Local Plan designation or development of other local planning policy.
 - (d) Master planning of the site or a regeneration scheme.
 - (e) Asset valuation for accounting purposes which identifies development/ alternative uses.
 - (f) Third party approach such as developers or neighbours.
 - (g) Statutory transfer i.e. utility or transport infrastructure.
 - (h) Service Department review of property requirement.
- 2.3 **Review of disposal constraints**
- 2.3.1 Once a property has been identified as being potentially surplus the Estates Team will establish whether there are any constraints on the site that would limit or even prevent disposal, such as legal, planning, statutory authorities, government policy, and/or financial constraints, (such as the property having been the subject of funding in the past that necessitates the repayment of grant monies). If such constraints are found that prevent disposal, alternative options may need to be considered and pursued, as part of the options appraisal for disposal.
- 2.4 **Initiation period.**
- 2.4.1 Service Departments occupying a property shall give the Estates Team at least three months written notice of their intention to vacate property. In instances where properties are leased in by the Council, Estates will send a trigger notice to the occupying service and a joint decision will be taken as to whether to renew the lease. On notification of a Service Department vacating a property, the Estates team will carry out a survey of the property to inform any works or holding costs required during the disposal process. A full inventory of compliance documentation and servicing is required from the Service Department at the point of handover. All holding costs and additional compliance/ remedial works to the property will be covered by the departing

Service Department's budget. The Service Department must leave the property in a clean and tidy condition to the satisfaction of the Estates team.

- 2.4.2 Once a property is declared surplus by a Service Department the Estates Team will instigate a process of engagement with other departments for future Council use. As part of the options appraisal for disposal, an approach will also be made to the Housing Revenue Account Development Team and the Council's preferred housing developer Arkwood Developments Limited, for consideration of development options. If appropriate, then Third Sector interest, Ward Members, Public Sector partners, local Parish & Town Councils and tenants of the property will be contacted before seeking formal approval to sell on the open market. This does not apply to investment property where decisions will be made on a financial return basis and often only a short to medium term investment lease will be offered to perspective tenants.

2.5 Method of Disposal.

- 2.5.1 The most appropriate method of disposal should be adopted from the following taking into account the advice on marketing strategy from RICS surveyor :-
- (a) Private Treaty – Where there is limited interest and a narrow valuation band. Where appropriate, sales may be conducted by private treaty where a marketing exercise has already been undertaken.
 - (b) Auction – Where there is wide interest and if this method of sale is considered to be best to attract the highest price. The property is marketed as part of an external auction process. Wherever possible a reserve price will be set.
 - (c) Formal Tender – Where there is wide interest, land ownership is not complex, no uncertainties regarding the grant of planning permission, and a wide valuation band. Under this method, the Council would invite sealed bids which are opened at the same time. The Council and the purchaser then enter into a contract under which the purchaser usually pays a 10% deposit.
 - (d) Informal Tender - Where there is a need to identify a preferred bidder and enable further detailed terms to be determined. This method will be appropriate where there are uncertainties such as planning, and, large or complex redevelopment sites. The Council invites offers, which are opened together, immediately following the closing date for the bids specified in the Tendering process. If a higher unsolicited offer is subsequently received all parties may be asked to resubmit.
 - (e) Occasionally, a limited marketing exercise may be used where the land or property has already been subjected to open market testing or following short-listing after initial expressions of interest exercise or there are known to be a limited number of purchasers.
 - (f) Leasehold disposal. In certain circumstances, it may be appropriate to dispose of property on a leasehold basis. This is particularly relevant where a property may be required to fulfil a service need in the future or if the property is held for investment, community provision or economic growth purposes. Lease terms can be flexible to suit the occupational requirements but should be on a market rental value basis (unless if there

is justification for deviation from this on the grounds listed in paragraph 2.10 of this policy). Leases should also be contracted out of security of tenure provisions of the Landlord and Tenant Act 1954, where possible, to avoid creating secure tenancies.

2.6 Public Engagement Requirements

- 2.6.1 Sections 123(2A) of the Local Government Act 1972 and (where the land was acquired or appropriated for planning purposes) section 233(4) of the Town and Country Planning Act 1990 ("the 1990 Act") require a local authority wishing to dispose of open space to advertise its intentions in a local newspaper for two consecutive weeks and to consider objections. This is to be undertaken before making any final decisions about disposal as the public response to the notices may be material to any such decision. It could also be an important factor in any determination by the Secretary of State of an application for specific consent.

2.7 Disposal Valuation.

- 2.7.1 Where it is decided to negotiate a disposal to a single party (such as the Housing Revenue Account or to Arkwood Development Limited) , rather than offer on the open market, an independent valuation should be carried out by a suitably trained and knowledgeable member of the Royal Institution of Chartered Surveyors. Negotiations should then take place with the interested party in order to reach an agreed sale price. The final agreed price should be as close to the initial valuation as possible. If there are valid reasons on why the initial valuation figure was not reached then these should be recorded and if necessary the valuation report amended to reflect this. Where there is a significant difference between the final negotiated price and the independent valuation figures then, to protect the Council's interest in the event of subsequent sales, the agreement to sell should include, as appropriate, an asset lock, claw back or uplift clause, restrictive covenants, ransom strip retention, user rights or right of pre-emption.
- 2.7.2 The preferred route for any disposal is that the property is marketed for a period of time by the Estates team or by a suitably trained and knowledgeable appointed agent in order to ensure that the best possible offers are received for the property.

2.8 De minimis Disposals.

- 2.8.1 In circumstances where a low value disposal is identified (at less than £15,000) such as garden land within the HRA estate, boundary rectification or infrastructure adoptions these transactions are recommended to be dealt with in house by the Estates Team; to be approved by the Corporate Property/ Housing Business Manager and the s151 Officer. For any land disposals the Estates team can be requested to handle a disposal subject to appropriate time/ resource. A valuation will be carried out using comparable evidence of transactions previously conducted by the Council and industry

comparables in order to evidence that market value is being achieved. Infrastructure adoptions such as pump stations will be dealt with by the relevant Estates Team depending on which property is served by the infrastructure in question (i.e. General Fund or Housing Revenue Account).

2.9 Disposal at Less Than Best Consideration.

2.9.1 The Council has a general power of disposal, contained in Section 123 of the Local Government Act 1972. This provides that Local Authorities are not permitted to dispose of land, or grant leases in excess of 7 years, for a consideration which is less than the best price which is reasonably obtainable, unless they first obtain consent from the Secretary of State or the General Consent referred to below applies. Where a disposal is undertaken at less than best price, then to protect the authority's interest in the event of subsequent sales, it should include, where appropriate an asset lock, claw back or uplift clause, restrictive covenants, ransom strip retention, user rights or right of pre-emption.

2.9.2 A valuation by a suitably trained and knowledgeable member of the Royal Institution of Chartered Surveyors should be undertaken in order to quantify the amount of the undervalue (unrestricted less restricted value). In addition, an attempt needs to be made to financially quantify the economic, social and environmental benefits to the authority and community which justify a disposal at less than the valuation/best price amount. The overriding factor to be considered when disposing at below the valuation/best price is to ensure that it is within the Council's power to do so, and the reasons are well documented, transparent and justifiable.

2.10 Exceptions to the Obligation on Achieving Best Value:

2.10.1 **Short tenancies.** The obligation to obtain best value contained in sections 123 of the Local Government Act 1972 does not apply to disposals of land by way of a "short tenancy" such as by the grant of a term not exceeding seven years or the assignment of a term which has not more than seven years to run.

2.10.2 **The disposal meets a specific wellbeing purpose.** The Local Government Act 1972 General Disposal Consent 2003 ("the Consent") removes the requirement for authorities to seek specific consent from the Secretary of State for any disposal of land where the local authority considers that the purpose for which the land is to be disposed is likely to contribute to the achievement of any one or more of the promotion or improvement of:

- (a) economic wellbeing
- (b) social wellbeing
- (c) environmental wellbeing.

2.10.3 In this circumstance the undervalue (i.e. the difference between the unrestricted value of the interest to be disposed of and the consideration accepted) must be £2,000,000 or less. Where the proposed disposal does not fall within the terms of the Consent an application to the Secretary of State for a specific consent is required.

2.10.4 Following amendment by the Growth and Infrastructure Act 2013 section 233 of the Town and Country Planning Act 1990 now empowers the Secretary of State to give consent in relation to land held for planning purposes see section 233 3 A) Town and Country Planning Act 1990 Specific consents were previously required.

2.11 Standard Process for Disposal:

Stage	Process
1. Property tested for disposal.	Tools of assessment used as cited in paragraph 2.3 of this policy to conclude that a property is surplus.
2. Review of property disposal constraints.	A full review of title, lease and other relevant documentation, planning policy, statute, government/ Council policy and financial constraints undertake to ensure there is no constraint on disposal.
3. Report to obtain agreement in principle for disposal.	De-minimis, wayleave/easements/ licences at nil value, statutory disposal (e.g. Right to Buy application) and investment leases – report not required. Freehold/ long leasehold disposals where value of site is estimated at £100,000 or less – relevant Director(s) in consultation with S151 Officer. Freehold/ long leasehold disposals with estimated value at greater than £100,000 but less than £300,000 – report to Senior Leadership Team prior to Director or Portfolio Holder decision as applicable. Freehold/ long leasehold disposals with estimated value at greater than £300,000 – report to Senior Leadership Team prior to referral as Key Decision to relevant Portfolio Holder or Cabinet as applicable.
4. Initiation period.	Service department notifies the Estates Team of intention to vacate the property (minimum three months' notice is required).
5. Appropriate disposal method	Disposal through marketing/ disposal

adopted.	valuation for one party. Consideration given to HRA requirement for site/disposal directly to Arkwood Development Limited.
6. Authority requested for final disposal terms/ value.	Terms, disposal valuation figure and minimum disposal price approved by relevant authorising party as identified in table in paragraph 5.1.
7. Marketing/ negotiations and disposal	Marketing of the property and negotiations with identified purchaser (or direct negotiations if a special purchaser is identified).
8. Performance review of disposal and records updated.	Reporting of final disposal and records on property Asset Register updated.

3. Acquisitions

3.1 **Reasons for Acquisition.** There are a number of circumstances where the acquisition of land or built assets may be necessary. This includes service delivery, investment purposes and strategic development opportunities within the district. There are essential criteria which each type of acquisition must meet to be considered for approval as outlined below:

3.1.1 **Service delivery requirement.** If the Estates Team are requested to acquire any land or property on behalf of a Service Department then the requirement will first be considered across the availability of existing property held in the Councils estate. The test of suitability will be agreed between the Service Department and Estates Department but will focus on size, location and quality of space required.

3.1.2 **Strategic development purposes.** If there is a way of increasing the deliverables of housing units and/or objectives set in the Community Plan then this will be considered as a Strategic Development Acquisition and tested on the basis of final outcomes of the wider site and a full options appraisal being carried out rather than the individual piece of land or property being acquired.

3.1.3 **Investment purposes.** Land or property may be acquired for the purpose of the Council making an investment subject to the following criteria being met:

- (a) The property generates a predicted net return on investment of 6%.
- (b) The land or property proposed to be acquired has had a full inspection and survey of the condition and is in relatively good condition with full repairing and insuring leases in place for any tenanted parts.
- (c) The management of the property is able to be facilitated by either the in-house Estates Team or through the appointment of a managing agent on a temporary basis until recruitment or extra capacity can be secured.
- (d) All ongoing revenue costs are approved and identified within an existing budget.

- (e) If held as an outright investment rather than for redevelopment or place-shaping then a company should be used by the Council in line with the provisions of the Localism Act 2011.
- 3.2 All proposed acquisitions of property with a financial cost will be valued by a suitably trained and qualified professional with knowledge of the local market. This is recommended to be a Chartered Surveyor with knowledge of the specific market in question and who holds a Registered Valuer status from the Royal Institution of Chartered Surveyors.
- 3.3 All property being acquired will have proper due diligence carried out by appropriately qualified professionals prior to purchase depending on the nature of the site. This will consist of legal searches, site inspections and investigations on potential impacts of use and planning feasibility. This work will be led by the acquiring Estates Team and will involve appointment of consultants to undertake the required surveys.
- 3.4 All property being acquired will also have consideration to the carbon footprint the acquisition will have for the Council. Reduction measures should be factored into any options appraisals for the property acquisitions.
- 3.5 Acquisition at a higher than market value (i.e. acquisition at a premium) may be possible where the end deliverable result will mean a higher net return or saving for the Council. For example where a site may have an income producing lease agreed subject to the Council acquiring the land. Conversely where acquiring the land will over time produce a net saving to the Council. Economic, social and environmental savings/ profits will also be considered in any justification for acquisition at a higher than market value price. This would have to be clearly demonstrated within any business case/ authority request.
- 3.6 **De minimus acquisitions** In circumstances where a low value acquisition is identified (at less than £15,000) such as strategic site access or boundary rectification these transactions are recommended to be dealt with in house by the Estates Team; to be approved by the Corporate Property/ Housing Business Manager and the s151 Officer. For any land acquisitions the Estates team can be requested to handle an acquisition subject to appropriate time/ resource. A valuation will be carried out using comparable evidence of transactions previously conducted by the Council and industry comparables in order to evidence that the property is being purchased at the correct value.
- 3.7 The use of statutory powers for acquisition. Compulsory purchase powers are provided to enable acquiring authorities to compulsorily purchase land to carry out a function which Parliament has decided is in the public interest.
- 3.8 Management Responsibility. Where appropriate, Estates and the service representatives will carry out a pre-completion inspection of the property and if necessary seek instructions from the service regarding the interim management of the property acquired pending development or occupation.

- 3.9 Data Collection. In all cases where an acquisition occurs, arrangements will be made to ensure that details are recorded in the asset management records and Terrier records.
- 3.10 Performance Management. There will be ongoing monitoring of acquisitions between the responsible officers and the parties selling or otherwise concerned with the acquisitions. There will be appropriate reporting to Senior Leadership Team and the relevant Portfolio Holder as appropriate where performance is in question.

3.11 Process for acquisition of property:

Stage	Process
1. Identification of requirement for acquisition	Testing of requirement against key criteria in paragraphs 3.1.1-3.1.3 for either a service delivery need, strategic development or investment.
2. Property search	If a property has already been identified this is compared with other available properties within the local market to ensure it is the most suitable.
3. Valuation and due diligence	A valuation will be carried out by a suitably trained member of the Royal Institution of Chartered Surveyors and report produced on the market value/ market rental value. Due diligence on the site including site investigations, surveys, planning use, legal searches and review of all key documents/ legislation to inform the valuation and offer price. A review of options to reduce the carbon use of the property prior to purchase should be considered as part of the due diligence process.
4. Authority requested for final acquisition terms/ value	Report of viability of acquisition to meet required purpose, terms of acquisition and valuation citing known constraints. Terms of proposed acquisition, valuation and cap of offer approved by relevant authorising party as identified in table in paragraph 5.1.
5. Negotiations	Negotiations undertaken by the Estates Team or a suitably trained firm of agents depending on capacity and skills/ market knowledge required.
6. Performance review of disposal and records updated.	Reporting of final disposal and records on property Asset Register updated.

PART F

COUNCILLORS

**PART F
COUNCILLORS**

CODE OF CONDUCT FOR MEMBERS

1. Introduction

- 1.1 All councils are required to have a local Councillor Code of Conduct. Newark & Sherwood District Council has adopted this Code of Conduct pursuant to Section 27 of the Localism Act 2011 to promote and maintain high standards of behaviour by its Members and Co-Opted Members whenever they conduct the business of the Council including the business of the office to which they were elected or appointed or when they claim to act or give the impression of acting as a representative of the Council.
- 1.2 The role of councillor across all tiers of local government is a vital part of our country's system of democracy. It is important that councillors can be held accountable and all adopt the behaviours and responsibilities associated with the role. Conduct of individual councillors affects the reputation of the Council as a whole.
- 1.3 Councillors represent local residents, work to develop better services and deliver local change. The public have high expectations of councillors to take decisions fairly, openly and transparently. Councillors have both an individual and collective responsibility to meet these expectations by maintaining high standards and demonstrating good conduct and by challenging behaviour which falls below expectations.
- 1.4 Importantly, councillors should be able to undertake their role without being intimidated, abused, bullied or threatened by anyone, including the general public.
- 1.5 This Code is designed to protect the democratic role of councillors, encourage good conduct and safeguard the public's trust in local government, it is based on the principles of selflessness, integrity, objectivity, accountability, openness, honesty and leadership ("The Nolan Principles").

2. Definitions

- 2.1 For the purposes of this Code of Conduct, a "councillor" means a member or co-opted member of the Authority. A "co-opted member" is defined in the Localism Act 2011 Section 27(4) as "a person who is not a member of the Authority but who:
 - a) is a member of any committee or sub-committee of the Authority, or;
 - b) is a member of, and represents the Authority on, any joint committee or joint sub- committee of the Authority;

and who is entitled to vote on any question that falls to be decided at any meeting of that committee or sub-committee”.

3. Purpose of the Code of Conduct

- 3.1 The purpose of this Code of Conduct is to assist you, as a councillor, in modelling the behaviour that is expected of you, to provide a personal check and balance and to set out the type of conduct that could lead to action being taken against you. It is also to protect you, the public, fellow councillors, local authority officers and the reputation of local government. It sets out general principles of conduct expected of all councillors and your specific obligations in relation to standards of conduct.

4. General Principles of Councillor Conduct

- 4.1 Everyone in public office at all levels, all who serve the public or deliver public services, including ministers, civil servants, councillors and local authority officers, should uphold the [Seven Principles of Public Life](#), also known as the Nolan Principles.
- 4.5 Building on these principles, the following general principles have been developed specifically for the role of councillor.
- 4.6 In accordance with the public trust placed in you, on all occasions you **MUST**:
- ✓ act with integrity and honesty;
 - ✓ act lawfully;
 - ✓ treat all persons fairly and with respect; and
 - ✓ lead by example and act in a way that secures public confidence in the role of councillor.
- 4.7 In undertaking your role you **SHOULD**:
- ✓ impartially exercise your responsibilities in the interests of the local community;
 - ✓ exercise your independent judgement, taking decisions for good and substantial reasons;
 - ✓ account for your actions, particularly by supporting the authority’s scrutiny function;
 - ✓ not improperly seek to confer an advantage, or disadvantage, on any person;
 - ✓ avoid conflicts of interest;
 - ✓ exercise reasonable care and diligence;
 - ✓ ensure that public resources are used prudently in accordance with the Council’s requirements and in the public interest; and
 - ✓ ensure that the authority acts within the law.

5. Application of the Code of Conduct

- 5.1 This Code of Conduct applies to you as soon as you sign your declaration of acceptance of the office of councillor or attend your first meeting as a co-opted member and continues to apply to you until you cease to be a councillor.
- 5.2 This Code of Conduct applies to you when you are acting in your capacity as a councillor which may include when:
- ✓ Your actions would give the impression to a reasonable member of the public with knowledge of all the facts that you are acting as a councillor.

The Code applies to all forms of communication and interaction, including:

- ✓ at face-to-face meetings
- ✓ at online or telephone meetings

6. Standards of Councillor Conduct

- 6.1 This section sets out your obligations, which are the minimum standards of conduct required of you as a councillor. Should your conduct fall short of these standards, a complaint may be made against you, which may result in action being taken.
- 6.2 Guidance is included to help explain the reasons for the obligations and how they should be followed.

7. General Conduct

1. Respect

As a Councillor you should:

- 1.1 treat other councillors and members of the public with respect.
- 1.2 treat local authority employees, employees and representatives of partner organisations and those volunteering for the local authority with respect and respect the role they play.

Respect means politeness and courtesy in behaviour, speech, and in the written word. Debate and having different views are all part of a healthy democracy. As a councillor, you can express, challenge, criticise and disagree with views, ideas, opinions and policies in a robust but civil manner. You should not, however, subject individuals, groups of people or organisations to personal attack.

In your contact with the public, you should treat them politely and courteously. Rude and offensive behaviour lowers the public's expectations and confidence in councillors.

In return, you have a right to expect respectful behaviour from the public. If members of the public are being abusive, intimidatory or threatening you are entitled to stop any conversation or interaction in person or online and report them to the local authority, the relevant social media provider or the police. This also applies to fellow councillors, where action could then be taken under the Councillor Code of Conduct, and local authority employees, where concerns should be raised in line with the Council's councillor- officer protocol.

2. Bullying, Harassment and Discrimination

As a councillor you should:

- 2.1 not bully any person.
- 2.2 not harass any person.

The Advisory, Conciliation and Arbitration Service (ACAS) characterises bullying as offensive, intimidating, malicious or insulting behaviour, an abuse or misuse of power through means that undermine, humiliate, denigrate or injure the recipient. Bullying might be a regular pattern of behaviour or a one-off incident, happen face-to-face, on social media, in emails or phone calls, happen in the workplace or at work social events and may not always be obvious or noticed by others.

The Protection from Harassment Act 1997 defines harassment as conduct that causes alarm or distress or puts people in fear of violence and must involve such conduct on at least two occasions. It can include repeated attempts to impose unwanted communications and contact upon a person in a manner that could be expected to cause distress or fear in any reasonable person.

Unlawful discrimination is where someone is treated unfairly because of a protected characteristic. Protected characteristics are specific aspects of a person's identity defined by the Equality Act 2010. They are age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation.

The Equality Act 2010 places specific duties on local authorities. Councillors have a central role to play in ensuring that equality issues are integral to the local authority's performance and strategic aims, and that there is a strong vision and public commitment to equality across public services.

3. Impartiality of Officers of the Council

As a councillor you should:

- 3.1 not compromise, or attempt to compromise, the impartiality of anyone who works for, or on behalf of, the local authority.

Officers work for the local authority as a whole and must be politically neutral (unless they are political assistants). They should not be coerced or persuaded to act in a way that would undermine their neutrality. You can question officers in order to understand, for example, their reasons for proposing to act in a particular way, or the content of a report that they have written. However, you must not try and force them to act differently, change their advice, or alter the content of that report, if doing so would prejudice their professional integrity.

4. Confidentiality and Access to Information

As a councillor you should:

- 4.1 not disclose information:
 - a. given to you in confidence by anyone
 - b. acquired by you which you believe, or ought reasonably to be aware, is of a confidential nature, unless
 - i. you have received the consent of a person authorised to give it;
 - ii. you are required by law to do so;
 - iii. the disclosure is made to a third party for the purpose of obtaining professional legal advice provided that the third party agrees not to disclose the information to any other person; or
 - iv. the disclosure is:
 1. reasonable and in the public interest; and
 2. made in good faith and in compliance with the reasonable requirements of the local authority; and
 3. you have consulted the Monitoring Officer prior to its release.
- 4.2 not improperly use knowledge gained solely as a result of your role as a councillor for the advancement of yourself, your friends, your family members, your employer or your business interests.
- 4.3 not prevent anyone from getting information that they are entitled to by law.

Local authorities must work openly and transparently, and their proceedings and printed materials are open to the public, except in certain legally defined circumstances. You should work on this basis, but there will be times when it is required by law that discussions, documents and other information relating to or held by the local authority must be treated in a confidential manner. Examples include personal data relating to individuals or information relating to ongoing negotiations.

5. Disrepute

As a councillor you should:

- 5.1 not bring your role or the local authority into disrepute.

As a Councillor, you are trusted to make decisions on behalf of your community and your actions and behaviour are subject to greater scrutiny than that of ordinary members of the public. You should be aware that your actions might have an adverse impact on you, other councillors and/or your local authority and may lower the public's confidence in your or your local authority's ability to discharge your/its functions. For example, behaviour that is considered dishonest and/or deceitful can bring your local authority into disrepute.

You are able to hold the local authority and fellow councillors to account and are able to constructively challenge and express concern about decisions and processes undertaken by the council whilst continuing to adhere to other aspects of this Code of Conduct.

6. Use of Position

As a councillor you should:

- 6.1 not use, or attempt to use, your position improperly to the advantage or disadvantage of yourself or anyone else.

Your position as a member of the local authority provides you with certain opportunities, responsibilities and privileges, and you make choices all the time that will impact others. However, you should not take advantage of these opportunities to further your own or others' private interests or to disadvantage anyone unfairly.

7. Use of Local Authority Resources and Facilities

As a Councillor you should:

- 7.1 not misuse council resources.
- 7.2 when using the resources of the local or authorising their use by others:
- act in accordance with the local authority's requirements; and
 - ensure that such resources are not used for political purposes unless that use could reasonably be regarded as likely to facilitate, or be conducive to, the discharge of the functions of the local authority or of the office to which you have been elected or appointed.

You may be provided with resources and facilities by the local authority to assist you in carrying out your duties as a councillor.

Examples include:

- office support
- stationery
- equipment such as phones, and computers
- transport
- access and use of local authority buildings and rooms

These are given to you to help you carry out your role as a councillor more effectively and are not to be used for business or personal gain. They should be used in accordance with the purpose for which they have been provided and the Council's policies regarding their use.

8. Complying with the Code of Conduct

As a councillor you should:

- 8.1 undertake Code of Conduct training provided by the Council.
- 8.2 cooperate with any Code of Conduct investigation and/or determination.
- 8.3 not intimidate or attempt to intimidate any person who is likely to be involved with the administration of any investigation or proceedings.
- 8.4 comply with any sanction imposed on you following a finding that you have breached the Code of Conduct.

Protecting your reputation and the reputation of the local authority

It is extremely important for you as a councillor to demonstrate high standards, for you to have your actions open to scrutiny and for you not to undermine public trust in the local authority or its governance. If you do not understand or are concerned about the Council's processes in handling a complaint you should raise this with the Monitoring Officer.

9. Interests

As a councillor you should:

- 9.1 register and disclose your interests.

Section 29 of the Localism Act 2011 requires the Monitoring Officer to establish and maintain a register of interests of members of the Council.

You need to register your interests so that the public, local authority employees and fellow councillors know which of your interests might give rise to a conflict of interest. The register is a public document that can be consulted when (or before) an issue arises. The register also protects you by allowing you to demonstrate openness and a willingness to be held accountable. You are personally responsible for deciding whether or not you should disclose an interest in a meeting, but it can

be helpful for you to know early on if others think that a potential conflict might arise. It is also important that the public know about any interest that might have to be disclosed by you or other councillors when making or taking part in decisions, so that decision making is seen by the public as open and honest. This helps to ensure that public confidence in the integrity of local governance is maintained.

You should note that failure to register or disclose a disclosable pecuniary interest as set out in Table 1, is a criminal offence under the Localism Act 2011.

Appendix B sets out the detailed provisions on registering and disclosing interests. If in doubt, you should always seek advice from the Monitoring Officer.

10. Gifts and Hospitality

As a councillor you should:

- 10.1 not accept gifts or hospitality, irrespective of estimated value, which could give rise to real or substantive personal gain or a reasonable suspicion of influence on your part to show favour from persons seeking to acquire, develop or do business with the local authority or from persons who may apply to the local authority for any permission, licence or other significant advantage.
- 10.2 register with the Monitoring Officer any gift or hospitality with an estimated value of at least £50 within 28 days of its receipt.
- 10.3 register with the Monitoring Officer any significant gift or hospitality that you have been offered but have refused to accept.

In order to protect your position and the reputation of the local authority, you should exercise caution in accepting any gifts or hospitality which are (or which you reasonably believe to be) offered to you because you are a councillor. The presumption should always be not to accept significant gifts or hospitality. However, there may be times when such a refusal may be difficult if it is seen as rudeness in which case you could accept it but must ensure it is publicly registered. However, you do not need to register gifts and hospitality which are not related to your role as a councillor, such as Christmas gifts from your friends and family. It is also important to note that it is appropriate to accept normal expenses and hospitality associated with your duties as a councillor. If you are unsure, do contact the Monitoring Officer for guidance.

APPENDICES

APPENDIX A

The Seven Principles of Public Life

The principles are:

Selflessness

Holders of public office should act solely in terms of the public interest.

Integrity

Holders of public office must avoid placing themselves under any obligation to people or organisations that might try inappropriately to influence them in their work. They should not act or take decisions in order to gain financial or other material benefits for themselves, their family, or their friends. They must disclose and resolve any interests and relationships.

Objectivity

Holders of public office must act and take decisions impartially, fairly and on merit, using the best evidence and without discrimination or bias.

Accountability

Holders of public office are accountable to the public for their decisions and actions and must submit themselves to the scrutiny necessary to ensure this.

Openness

Holders of public office should act and take decisions in an open and transparent manner. Information should not be withheld from the public unless there are clear and lawful reasons for so doing.

Honesty

Holders of public office should be truthful.

Leadership

Holders of public office should exhibit these principles in their own behaviour. They should actively promote and robustly support the principles and be willing to challenge poor behaviour wherever it occurs.

APPENDIX B Registering Interests

Within 28 days of becoming a member or your re-election or re-appointment to office you must register with the Monitoring Officer the interests which fall within the categories set out in **Table 1 (Disclosable Pecuniary Interests)** which are as described in “The Relevant Authorities (Disclosable Pecuniary Interests) Regulations 2012”. You should also register details of your other personal interests which fall within the categories set out in **Table 2 (Other Registerable Interests)**.

“Disclosable pecuniary interest” means an interest of yourself, or of your partner if you are aware of your partner's interest, within the descriptions set out in Table 1 below.

"Partner" means a spouse or civil partner, or a person with whom you are living as husband or wife, or a person with whom you are living as if you are civil partners.

1. You must ensure that your register of interests is kept up-to-date and within 28 days of becoming aware of any new interest, or of any change to a registered interest, notify the Monitoring Officer.
2. A ‘sensitive interest’ is as an interest which, if disclosed, could lead to the councillor, or a person connected with the councillor, being subject to violence or intimidation.
3. Where you have a ‘sensitive interest’ you must notify the Monitoring Officer with the reasons why you believe it is a sensitive interest. If the Monitoring Officer agrees they will withhold the interest from the public register.

Non participation in case of disclosable pecuniary interest

4. Where a matter arises at a meeting which directly relates to one of your Disclosable Pecuniary Interests as set out in **Table 1**, you must make a verbal declaration of the existence and nature of the interest at or before the consideration of the item of business. You must not participate in any discussion or vote on the matter and must not remain in the room unless you have been granted a dispensation. If it is a ‘sensitive interest’, you do not have to disclose the nature of the interest, just that you have an interest. Dispensation may be granted in limited circumstances, to enable you to participate and vote on a matter in which you have a disclosable pecuniary interest.

Disclosure of Other Registerable Interests (*Personal Interests*)

5. Where a matter arises at a meeting which ***directly relates*** to one of your Other Registerable Interests (as set out in Table 2), you must make verbal declaration of the existence and nature of that interest at or before the consideration of the item of business or as soon as the interest becomes apparent. If it is a ‘sensitive interest’, you do not have to disclose the nature of the interest.

Disclosure of Non-Registerable Interests

6. Where a matter arises at a meeting which ***directly relates*** to your financial interest or well-being (and is not a Disclosable Pecuniary Interest set out in Table 1) or a financial interest or well-being of a relative or close associate, you must make verbal declaration of the existence and nature of that interest at or before the consideration of the item of business as soon as the interest becomes apparent. If it is a 'sensitive interest', you do not have to disclose the nature of the interest.
7. Where a matter arises at a meeting which ***affects***:
 - a. your own financial interest or well-being;
 - b. a financial interest or well-being of a friend, relative, close associate; or
 - c. a body included in those you need to disclose under Disclosable Pecuniary Interests as set out in **Table 1**you must disclose the interest. In order to determine whether you can remain in the meeting after disclosing your interest the following test should be applied.
8. Where a matter ***affects*** your financial interest or well-being:
 - a. to a greater extent than it affects the financial interests of the majority of inhabitants of the ward affected by the decision and;
 - b. a reasonable member of the public knowing all the facts would believe that it would affect your view of the wider public interest

You may speak on the matter only if members of the public are also allowed to speak at the meeting but otherwise must not take part in any discussion or vote on the matter and must not remain in the room unless you have been granted a dispensation.

If it is a 'sensitive interest', you do not have to disclose the nature of the interest.

PROTOCOL ON MEMBER/OFFICER RELATIONS

1.0 Introduction

- 1.1 The purpose of this protocol is to guide Councillors and officers of the Council in their relationships with one another. The third report on the Committee on “Standards in Public Life”, chaired by Lord Nolan, recommended that *“Every local authority should have its own written statement or protocol governing relations between members and officers”* (Rec 20).
- 1.2 Given the variety and complexity of such relations, this protocol does not seek to be either prescriptive or comprehensive. It seeks simply to offer guidance on some of the issues which can arise. In some instances the protocol may not refer to particular situations or be sufficient to resolve a particular situation and this should be dealt with under Section 7.0 “Unresolved Issues”. However, it is hoped that the general approach detailed in the protocol will serve as a guide to dealing with those issues. It is hoped however that the approach which it adopts to these issues will serve as a guide dealing with any issues not specifically referred to.
- 1.3 This protocol is to a large extent no more than a written down statement of current practice and convention. In some respects however, it seeks to promote greater clarity and certainty. If the advice is followed it should also ensure that Councillors receive objective and impartial advice and that Councillors and Officers are protected from accusations of bias and any undue influence.
- 1.4 This protocol also seeks to reflect the principles underlying the respective Codes of Conduct which apply to Councillors and Officers. The shared object of these Codes is to enhance and maintain the integrity (real and perceived) of local government and they therefore demand very high standards of personal conduct.
- 1.5 Councillors and Officers have distinct roles with the Council. Councillors are responsible to the electorate and serve only so long as their term of office lasts, Officers are responsible to the Council. Their job is to give advice to Councillors and the Council and to carry out the Council’s work under the direction and control of the Council and its Committees. Mutual respect between Councillors and Officers, both personally and for the roles which each perform is essential to good local government. It is important that in all dealings between Councillors and Officers that both should observe reasonable and consistent standards of courtesy and that neither party should seek to take advantage of their position.
- 1.6 In the Code of Conduct for Members adopted by the Council it is provided that Members have a general obligation “to treat others with respect and not to do anything which compromises or which is likely to compromise the impartiality of those who work for, or on behalf, the authority”.

- 1.7 A breach of this protocol by a Councillor may constitute a code of conduct breach.
- 1.8 A breach of this protocol by an Officer may constitute a disciplinary offence and could result in dismissal.

2.0 Officer Advice to Party Groups

- 2.1 There is now statutory recognition for party groups and it is common practice for such groups to give preliminary consideration to matters of Council business in advance of such matters being considered by the relevant Council decision making body. Senior Officers may properly be called upon to support and contribute to such deliberations by party groups.
- 2.2 The support provided by such Officers can take many forms, ranging from a briefing meeting with a chairman or spokesman prior to a committee meeting, to a presentation to a full party group meeting. Whilst in practice such Officer support is likely to be in most demand from whichever party group (if any) is for the time being in control of the Council, such support is available to all party groups.
- 2.3 Certain points must however be clearly understood by all those participating in this type of process, Councillors and Officers alike. In particular:-
- (a) Officer support in these circumstances must not extend beyond providing information and objective advice in relation to matters of *Council* business. Officers must not be involved in advising on matters of party business. Officers are not expected to be present at meetings, or parts of meetings, when matters of party business are to be discussed.
 - (b) party group meetings, whilst they form part of the preliminaries to Council decision making, are not empowered to make decisions on behalf of the Council. Conclusions reached at such meetings do not therefore rank as Council decisions and it is essential that they are not interpreted or acted upon as such; and
 - (c) similarly, where Officers provide information and advice to a party group meeting in relation to a matter of Council business, this cannot act as a substitute for providing all necessary information and advice to the relevant Council decision making body when the matter in questions is considered.
- 2.4 Special care needs to be exercised whenever Officers are involved in providing information and advice to a party group meeting which includes persons who are not Councillors of the Council. Such persons will not be bound by the Code of Conduct for Members adopted by the Council (in particular, the provisions concerning the declaration of interests and confidentiality) and for this and other reasons Officers may not be able to provide the same level of information and advice as they would to a Councillors only meeting. The Senior Council Member at the Group meeting should inform the Officer(s) if any non-members of the Council are present.

- 2.5 Officers must respect the confidentiality of any party group discussions at which they are present in the sense that they should not relay the content of any such discussion to another party group without consent.
- 2.6 Officers providing advice to party groups shall notify the Chief Executive who shall maintain a register of such occurrences including the date the advice was provided, to which Group, the Officer involved and its general subject matter.
- 2.7 Any particular cases of difficulty or uncertainty in this area of Officer advice to party groups should be raised with the Chief Executive who will discuss them with the relevant group leader(s).

3.0 Officer/Councillor Relationships

- 3.1 It is important that there should be close working relationships between Councillors and Officers in certain instances, for example between the chairman of a committee or sub- committee and the relevant Director, Business Managers or statutory officer. It is clearly undesirable, however, that such relationships should be allowed to become so close or appear to be so close as to bring into question the Officer's ability to deal impartially with other Councillors and other parties.
- 3.2 Close personal familiarity between Officers and individual Councillors can damage the relationship and prove embarrassing to other Councillors and Officers. It is not enough to avoid actual impropriety. Councillors and Officers should at all times avoid occasion for suspicion and any appearance of improper conduct.
- 3.3 Whilst paragraphs 3.1 and 3.2 state or infer that close personal familiarity between individual Councillors and Officers should be avoided this is not an absolute bar an Officers having a close personal relationship with Councillors. "Relationship" for these purposes include any family business or close personal relationships. The Council recognises that there may be social or personal relationships between Councillors and Officers which commenced before or after a Councillor is elected to the Council or before or after an Officer became appointed by the Council. Irrespective of when the relationship commenced the effect on the operation of the Council of such relationships will of course depend upon the roles and responsibilities of the Member and Officer involved.
- 3.4 Where however a close personal relationship exists the Councillor concerned should disclose this to his/her group leader and the Chief Executive and the Officer to the Chief Executive. Where it is considered that such relationships are capable of causing a conflict of interest the Chief Executive will arrange for such relationships to be entered as declarations in the Register of Member and Officer Interests respectively. In order to maintain the integrity of the individuals concerned and the Council such relationships should never be hidden. To do so can lead to suspicion and mistrust.

3.5 Where a close personal relationship is disclosed and registered then:-

- (a) group leaders and Chief Officers will endeavour so far as possible to ensure that neither the Councillor nor the Officer are placed in a position where such relationships between Councillor and Officer could be seen to conflict with other provisions of this protocol;
- (b) the Councillor and the Officer will also endeavour so far as possible to ensure that they do not place themselves in a position where their relationship could be seen to conflict with other provisions of this protocol; and
- (c) specifically Councillors must not sit on or participate in decisions by any Council committee or other body which directly affects an Officer with whom they have such a relationship.

4.0 Undue Pressure

- 4.1 In their dealings with Chief Officers and Officers (especially junior officers) Councillors need to be aware that it is easy for Officers to be overawed and feel at a disadvantage. Such feelings can be intensified where Councillors hold official and/or political office.
- 4.2 A Councillor should not apply undue pressure on an Officer either to do anything that he/she is not empowered to do or to undertake work outside normal duties or normal hours or to allow or aid the Councillor to do something which the Councillor is not authorised to do. Particular care needs to be taken in connection with the use of Council property and services.
- 4.3 Similarly, an Officer must neither seek to use undue influence on an individual Councillor to make a decision in their favour nor raise personal matters to do with their job nor make claims or allegations about other staff. Newark & Sherwood District Council has formal procedures for consultation whistleblowing grievance and discipline. As an exception to this provision an employee may raise issues (other than those relating to the employee's employment with the Council) relating to Council business where the Councillor is the local ward Councillor of the employee concerned.
- 4.4 Whilst the chairman of a committee or sub committee will routinely be consulted as part of the process for drawing up the agenda for a forthcoming meeting it must be recognised that in many situations an Officer will be under a duty to submit a report on a particular matter. Similarly, an Officer will always be fully responsible for the contents of any reports submitted in his or her name. Any issues which cannot be resolved as the result of discussion/negotiation between the Chairman and an Officer in this area should be referred to the Chief Executive for resolution. Where individual Councillors wish to place an item on an agenda they should notify the appropriate meeting Chairman or Chief Executive and comply with the timetable set out in the Council's Rules.

5.0 Correspondence

- 5.1 Correspondence between an individual Councillor and an Officer should not normally be copied by the Officer to any other Councillor. Where it is necessary to copy the correspondence to another Councillor this should be made clear to the original Councillor.
- 5.2 Official letters or electronic communications on behalf of the Council should normally be sent out in the name of the appropriate Officer rather than in the name of a Councillor. It may be appropriate in certain circumstances (for example representations to a Government Minister) for a letter or electronic communication to appear in the name of a Councillor but this should be the exception rather than the norm. Letters which for example create obligations or give instructions on behalf of the Council should never be sent out in the name of a Councillor.

6.0 Venue of Meetings

- 6.1 Normally, meetings between Officers and Elected Members whilst acting in their official capacity should not take place in the home or business premises of the Elected Member or in a venue that the Officer otherwise considers to be inappropriate.
- 6.2 Where such a meeting does take place in the home or business premises of the Elected Member, the Officer shall notify the Chief Executive or the relevant Chief Officer of the date and time of the meeting and shall provide a summary of the issues discussed.

7.0 Unresolved Issues

- 7.1 Any breaches of this protocol or any issues remaining unresolved after consideration of the application of the protocol or any issues arising in respect of its interpretation shall be referred to the Leader of the Council and Chief Executive for resolution who, if they consider further action is required, shall refer the matter to the Council's Standards Committee for determination. In the case of an Officer, the Chief Executive or a Chief Officer, may institute disciplinary proceedings for breach of the protocol where he/she considers it appropriate to do so.

PROTOCOL FOR MEMBERS ON HOSPITALITY AND GIFTS

1.0 Introduction

- 1.1 This guidance is supplementary to the requirements of the Code of Conduct. The Code governs the ethical standards required of members. Specifically, it seeks to ensure that the public role of members is not prejudiced by inappropriate behaviour or association. Members may be offered gifts or hospitality and it is important that such offers are considered critically. This guidance is intended to assist in determining how to respond to such offers.

2.0 Principles

- 2.1 People or bodies may have ongoing contractual relationships with the Council. Equally, people or bodies may need planning permission or other consent from the Council to conduct their affairs. They could seek to secure a sympathetic response from Council Members by the making of gifts. Equally whether or not the intention to secure an advantage is present, an outsider might suspect that an improper advantage is being sought from a member. It is essential that members should give critical consideration to the offer of gifts or hospitality in that light.
- 2.2 There are few hard and fast rules governing the acceptance of gifts and hospitality. Clearly if the offer is corrupt, there are criminal implications. Moreover, the Code of Conduct requires any member receiving any gift or hospitality over the value of £100 in his or her capacity as a Member to notify the Monitoring Officer of the existence and nature of that gift or hospitality within twenty-eight days of receiving it. Details are entered in a register maintained by the Monitoring Officer, which is open to public inspection.
- 2.3 Members are personally responsible for all decisions connected with the acceptance of gifts or hospitality and for avoiding the risk of damage to public confidence in the authority.
- 2.4 Members should therefore treat all offers of gifts or hospitality with caution, with a view to not only avoiding impropriety but also any suggestion of impropriety. Members should give the same consideration to offers made to members of their family or friends, which could be viewed as securing an indirect benefit to themselves.
- 2.5 Although all offers should be treated with caution, there will be occasions where not to accept reasonable gifts or hospitality would prejudice the regular conduct of the Council's business or give offence to persons or bodies of significance to the Council. This is most obviously seen in the context of overseas civic twinning arrangements and similar events where courtesies demand the exchange of reasonable gifts and hospitality and where special arrangements (detailed later) are in place. Equally, it is reasonable to expect business meetings to be accompanied by modest refreshment should the nature and duration of the meeting demand it. An example would be the provision of a working lunch.

- 2.6 It is important that the offer and receipt of gifts and hospitality takes place in an open manner. Such openness will serve to remove suspicion and provide accountability. It will also deter the making of inappropriate offers.

3.0 General Guidance

- 3.1 Whether to accept the offer of a gift or hospitality should be considered in the light of the above principles and the guidance issued pursuant to the Bribery Act 2010.
- 3.2 Members should never accept a gift or hospitality as an inducement or reward for taking any particular action or for refraining from taking any particular course of action.
- 3.3 Members should never accept a gift or hospitality if acceptance may be open to misinterpretation.
- 3.4 Members should never solicit a gift or hospitality in an individual capacity (however this shall not prevent them from seeking grants, sponsorship or other benefits on behalf of the district or the community of their ward area).
- 3.5 Receiving civic hospitality provided by another public authority is acceptable.
- 3.6 Receiving tickets for sporting, cultural and entertainment events sponsored by the authority would normally be acceptable but will be dependent on the precise nature of the event and the value of the ticket.
- 3.7 Members should declare the receipt of all significant offers of gifts and hospitality to the Monitoring Officer whether or not the offer has been accepted (for the avoidance of doubt, this does not require the declaration of modest gifts of no significant value such as a diary or calendar or modest refreshments such as tea, coffee and biscuits or a working lunch) but will include offers of gifts and hospitality such as bottles of wine, even where the value is substantially below the £100 limit set out in the Code. The Monitoring Officer will keep a separate register of the receipt of gifts and hospitality as required by the formal Code i.e. over £100.
- 3.8 Members should be particularly alert to any relationship that the person making the offer has to the Council, i.e. whether they have a contractual relationship with the Council or whether they are likely to require a favourable decision from the Council, e.g. a planning permission, a contract or a licence.
- 3.9 It is acceptable to receive modest gifts on significant occasions, e.g. at Christmas where not to do so would show a lack of courtesy. An example of such a gift might be a diary or a calendar. Receipt of gifts such as a bottle of wine etc would not normally be acceptable but may, in exceptional circumstances, be dealt with under paragraph 5 “Special Arrangements”. Acceptance of a gift or hospitality is more likely to be acceptable where that offer either has been or is likely to be reciprocated by the Council.

- 3.10 Accepting modest refreshment such as a working lunch, or hospitality provided as part of an official opening ceremony or similar event would be acceptable.
- 3.11 It is the responsibility of each individual member to decide whether to accept offers of gifts and hospitality. If in doubt, advice should be sought from the Monitoring Officer or Head of Paid Service. In exercising their judgement Members should have regard both to the particular circumstances and as to whether a member of the public, with knowledge of the relevant facts, would reasonably consider its acceptance to be appropriate.
- 3.12 An important criterion in exercising judgement as to what is acceptable is what interpretation those in the community or the press might reasonably put upon acceptance having full knowledge of the relevant facts.
- 3.13 Repeated offers of gifts or hospitality from one person, firm or organisation may render unacceptable what would otherwise have been acceptable.
- 3.14 Particular care should be taken where a member has any involvement in making a decision for placement of a contract or for any decision carrying value for the person or organisation offering the gift or hospitality (for example, the granting of planning permission).

4.0 Civic Gifts and Hospitality

- 4.1 It is the responsibility of the Chief Executive to ensure that hospitality for civic events is proportionate to the occasion. A guiding principle in accepting or offering hospitality is whether it is reasonable to expect the hospitality to be reciprocated at a similar level.
- 4.2 The presumption is that any gifts given to the Chairman or Vice-Chairman are gifts to the office of the Chairman and so belong to the Council. The Chief Executive is the final arbiter of whether such gifts belong to the Council or to the individual occupying the office of Chairman. In exercising such judgement, the Chief Executive shall have particular regard as to whether the gifts were given to the office holder in a personal or in an official capacity and the value of such gifts.
- 4.3 The Chief Executive will maintain a record of all gifts to the office of Chairman. All gifts in excess of a value of £100 will be declared to the Monitoring Officer for entry in the register.
- 4.4 For the avoidance of doubt, the above provisions shall not apply to any gifts donated for the purpose of any raffle or similar fund-raising events organised by the Chairman for the purposes of the Chairman's charity.

5.0 Special Arrangements

- 5.1 If a Member receives a gift where the donor is unknown, where it is impracticable to return the gift to the person or organisation making the gift, or where the Member reasonably considers that to return it would cause undue offence, in circumstances where it would otherwise be inappropriate to accept the gift, the Member should deal with the gift in accordance with the procedure set out below.
- 5.2 The Member must, as soon as practicable after receipt of the gift pass it to the Chief Executive or Monitoring Officer to be donated to the Chairman's Charity. The Chief Executive or Monitoring Officer shall write to the person or organisation making the gift, if known, thanking them on behalf of the Member for the gift and informing them that it has been donated to the Chairman's Charity Fund.

SOCIAL MEDIA PROTOCOL FOR MEMBERS

1. Purpose of this Protocol

- 1.1 The Council welcomes Members' use of social media and would like to support this by giving guidance so that Members have greater clarity as to what is and is not acceptable usage of social media. This protocol is intended to provide such guidance and complements the general rules under the Code of Conduct for Members.

2. What is Social Media?

- 2.1 Social media is the term to describe websites and online tools which allow people to interact with each other. This could, for example, be blogs, and postings on a wide range of social media platforms including (but not limited to) Facebook, Twitter, LinkedIn, Snap-chat, Instagram etc.
- 2.2 On many social media sites users share information, give opinions and may create interest groups or pages leading to longer exchanges. Ultimately people use these sites and tools to build online communities and networks which encourage participation and engagement.

3. Social Media and Members

- 3.1 It is not a requirement for Members to have a Facebook or Twitter account or to use other forms of social media to fulfil their job as a Member. However, if you are using or planning to use social media in connection with your work as a Councillor, or are already using such media in your private capacity, these guidelines will be relevant. Remember that, whenever you act or appear to act in your official capacity, you must comply with the Code of Conduct.
- 3.2 Social Media can be used:
- To support councillors in performing their community leadership role.
 - To keep in touch with or obtain local views and opinions.
 - For political campaigning.
 - For campaigning on local issues.
- 3.3 Types of Social Media:
- Blogging and micro blogging – online journals – Twitter is an example of micro blogging, where entries are limited to 280 characters.
 - Online Forums – people with similar interests sharing information and opinions – AccyWeb is an example.
 - Social networking sites – these facilitate connections between those who already know each other, often in a social context, but are increasingly used by businesses to promote their products or services- Facebook is an example.
 - Video and photo publishing – sharing videos and photographs worldwide – Flickr is an example.

4. Things to Bear in Mind

- Any communication is capable of being misinterpreted. While the use of social media should not be more susceptible to this problem than any other form of communication, something about the immediacy of social media seems to magnify the problem.
- By the nature of such media, misinterpretation or misrepresentation, particularly with regard to something that is perceived as being more controversial than it was expected to be, is likely to lead to rapid and wide broadcasting of that apparently “controversial” item.
- There are no special, additional legal or ethical burdens relating to the use of social media. The same rules apply here that govern the rest of your behaviour as a councillor – you just need to think about them in this new context – their immediacy and ease of dissemination.
- Although the best use of social media is conversational in tone, publishing to the internet is still publishing. What you’ve said online is recorded and it is permanent. Most pitfalls will be avoided if your online content is accurate, informative and thought through. Think of it as speaking in public. Think before you commit each word.
- This doesn’t mean that members cannot, in the appropriate context, communicate politically. This is expected of a councillor, but you should be careful not to say anything that you wouldn’t be comfortable repeating or justifying, for example, at a public meeting.

5. Some Legal Issues:

- **Libel** – If you publish an untrue statement about a person which is damaging to their reputation, they may consider it as defamatory and consider legal action. The same thing may happen if, for example, someone else publishes something defamatory on your website; you know about it and don’t take swift action to remove it. A successful legal claim could result in the award of damages against you.
- **Defamation** – the Communications Team endeavour to monitor local social media channels. However, it cannot police every single comment that is made about the council or councillors. The Communications Team can directly remove postings on social media channels which it owns but not those on third party sites. Some sites are private or closed for which the team has no access to comment or report offending postings. Comments can be reported to some sites, for example to Facebook, if they are distasteful, illustrates use of drugs, guns or products of harm or is a comment based on race, gender, sexual orientation or disability. It is then in the hands of the social media channel to decide on the removal of the comment. Regarding defamation and social media, a complainant would need to prove that comments actually caused damage to a member’s reputation. This may be very difficult to quantify, and generally, the council is unable to commit resources to an action for defamation by an individual or group of members but would provide supporting evidence to those wishing to take such action.

- **Copyright** – Placing images or text on your site / channel from a copyrighted source (for example extracts from publications or photos), without obtaining permission, is likely to breach copyright laws. Therefore don't publish anything you are unsure about, or obtain prior permission. Again, a successful claim for breach of copyright would be likely to lead to an award of damages against you.
- **Data Protection** – Do not publish the personal data of individuals unless you have their express permission. Personal information in an email or personal exchange should not be presumed to imply any consent to pass it on to others. If you place personal information on a public forum you should expect it to be published by others.
- **Bias and Predetermination** – if you are involved in making planning, licensing or other quasi-judicial decisions, do not say anything through social media (or indeed anywhere) that suggests you have made your mind up on an issue that is due to be formally decided. While your likely view on a particular application may be well known, you need to be able to show that you attended the committee or hearing prepared to take on board and weigh all the evidence, and were genuinely persuadable to a different view, otherwise, the decision may be later challenged as invalid. If a person has suffered some sort of detriment as a result of such an invalid decision, they may have a claim against the council for damages.
- **Electoral periods** – be mindful that when you are using social media for campaigning during election periods you will need to provide a return of expenditure on any advertising or campaign literature, including web advertising and the design and website costs of downloadable material.

6. Social Media and the Code of Conduct for Members Generally:

- Aspects of the Code of Conduct for Members will apply to your online activity in the same way as they do to any other communication you may use. The key to whether your online activity is subject to the Code is whether you are, or appear to be, acting in your capacity as a councillor rather than as a private individual. If you have a Facebook or Twitter account which includes your role as a councillor, you should keep this separate from your personal accounts or you risk being subject to the code of conduct.
- It can be presumed by others that you are speaking as a councillor. This can happen where you have a social media account where you comment both as a councillor and as an individual. Although you may be clear in your mind that you are acting in a private capacity it may be less clear to others. This can also mean that your views can be taken as being those of your organisation or party (rather than you personally) when this may not be the case.
- The presumption can arise simply because you are commenting on council business, because you are known to be a councillor or make reference to this, use party political symbols or references in the text.

- One way of avoiding this, and avoiding some of the potential problems related to the Code of Conduct, may be to consider keeping your online accounts as a councillor separate from those where you communicate in a personal capacity. Another is to spell it out in the text (e.g. “speaking entirely personally...”). This is a decision for each member and some Members may find the convenience of having one account outweighs the advantages of separate accounts. The council’s Communications Team can help you with more specific advice if needed.

7. Relevant Elements of the Members’ Code of Conduct:

- **You must treat others with respect** - do not use social media to make personal attacks or indulge in rude, disrespectful or offensive comments.
- **You must comply with equality laws** – do not publish anything that might be seen as racist, sexist, ageist, homophobic or anti-faith.
- **You must not bully or harass anyone** – do not say anything, particularly if it is part of a series of similar comments about a person or on a theme that might be construed as bullying or intimidation.
- **You must not bring the council into disrepute** – you should not publish anything that could reasonably be perceived as reflecting badly upon or lowering the reputation of you or the Council.
- **You must not disclose confidential information** - you must not, in your use of social media, just as in any other circumstances, disclose information given to you in confidence by anyone, or information acquired by you which you believe, or ought reasonably to be aware, is of a confidential nature. Inadvertent leaks of the council’s confidential information are more likely to take place when a councillor is using social media, rather than, say, when they are carefully drafting a letter for publication in the local paper. This may be because of the more immediate, conversational, off- the cuff nature of much social media communication. Members must be careful to apply exactly the same standards to their social media communications as they would to statements made in a more formal context.

8. Staying out of Trouble - Some Do’s and Don’ts

8.1 Some Do’s

- set appropriate privacy and security settings for your blog or networking site –especially if you have a private, non-political blog.
- keep an eye out for defamatory or obscene posts from others on your blog or page and remove them as soon as possible to avoid the perception that you condone such views. Be aware that the higher your profile as an elected member, the more likely it is you will be seen as acting in your official capacity when you blog or network.
- Consider keeping your personal and elected member profile on social networking sites separate and maintain appropriate professional boundaries.
- ensure you use council facilities appropriately; if you use a council provided blog site or social networking area, any posts you make will be viewed as made in your official capacity.

- be aware that you will be seen as acting in your official capacity if you publish information that you could only have accessed by being an elected member.
- feel able to make political points, but be careful about being too specific or personal if referring to individuals. An attack on individuals may be seen as disrespectful, whereas general comments about another party or comments on policy are less likely to be viewed as disrespect.

8.2 Some Don'ts

- Blog in haste, particularly in circumstances where your judgement might be impaired; for example if you are tired or have consumed alcohol.
- post comments that you would not be prepared to make on paper or face to face.
- request or accept a Council employee or contractor providing services to the council as a “friend” on a social networking site where this suggests close personal association. For the avoidance of doubt, this does not apply to sites which are intended as a neutral, professional connections registry (such as LinkedIn.)
- use social media in any way to attack, insult, abuse, defame or otherwise make negative, offensive or discriminatory comments about council staff, service users, their family or friends, colleagues, other professionals, other organisations, or the council.
- publish confidential information that you may have learned or had access to as part of your role as an elected member. This includes personal information about service users, their families or friends or others e.g. contractors, council staff as well as council related information.
- represent your personal views, or those of any political party or interest group you belong to, as being those of the council, on any social medium.
- browse, download, upload or distribute any material that could be considered inappropriate, offensive, defamatory, illegal or discriminatory.
- make conspicuous or excessive use of social media technology during the course of a Council or committee meeting so that you give the impression to the public of not being respectful of the proceedings and, more seriously, taking decisions that are not based on full engagement with the facts and arguments.

9. General

- 9.1 The Council wishes to encourage Members' use of new technology, including social media. This guidance is intended to help Members use social media in a way that avoids legal and reputational risk.
- 9.2 The Monitoring Officer and the Communications Team are happy to help Members by providing additional advice and guidance as appropriate.

2.0 PROTOCOL FOR APPOINTMENTS TO OUTSIDE BODIES

1. The Council is committed to working with other local authorities, the private, voluntary and community sectors to delivery services in the most effective way. As a result Councillors and Officers are often required to act as representatives on outside bodies. This document contains provision regarding appointments and guidance for those acting as representatives.

Appointments

2. Other than in exceptional circumstances appointments to outside bodies will be made by the Leader normally after the Annual Meeting of the Council. There is no requirement for appointments to outside bodies to reflect political balance and appointments will therefore be made as the Council determines and having regard to these guidelines.
3. When appointing a representative to an outside body the Council will seek to avoid any appointment where a conflict of interest is likely to arise or may be perceived to arise.
4. Outside body appointments made by the Council will normally be to elected members of the Newark and Sherwood District Council.
5. Any person appointed as the Council's representative on an outside body should be required to report back regularly to the council through the appropriate Portfolio Holder/ committee and this should be made clear as a term of their appointment. Any reports must have due regard to the need to preserve confidentiality as to any information obtained from that outside body where necessary and appropriate.
6. Appointments will be reviewed annually.
7. An appointment will cease immediately if the member is disqualified or otherwise ceases to hold office.
8. No payment of expenses shall be made to any person appointed as the Council's representative on an outside body unless they are an Officer or elected member of the Council.
9. Other than in exceptional circumstances, should they fail to attend 3 consecutive meetings of the outside body they shall automatically cease to be the Council's nominated representative on that outside body unless the Council had expressly authorised their absence. Where there are, in the opinion of the Proper Officer, exceptional circumstances these shall be reported to the Leader for information and Leader shall determine whether to approve any further absence.

10. Representatives on outside bodies do not hold any executive authority on behalf of the Council and shall not therefore bind the Council without being expressly authorised by the Council to do so.
11. Where the outside body appointment is of strategic importance to the Council, there will be a presumption that a member of the Cabinet will be appointed to the role.

Support for Representatives on Outside Bodies

12. The Council may provide indemnity insurance in appropriate circumstances.

Responsibilities of Council Representatives on Outside Bodies

13. Representatives must ensure they understand the capacity in which they are appointed to the outside body. This is important for two reasons: -
 - a. The terms of appointment could mean that the individual takes on formal responsibilities, such as those of a company director or charitable trustee, and in some cases, personal liability. Representatives need to understand the extent of their role and be satisfied that appropriate indemnity insurance cover is provided either by the Council or the outside body. They should seek advice from the Council's Monitoring Officer.
 - b. In some instances the primary purpose is to represent the interests of the Council, and in some the main duty is to the outside body. This may affect the considerations that are taken into account when contributing to the outside body's decision-making. Also, it is possible that a conflict of interest will arise between the Council and the outside body, for example where there is a disagreement over a funding issue. In the event this happens the representative must be clear in whose interests they are acting. If a conflict does arise the representative must seek advice from the Council's Monitoring Officer.
14. Representatives must follow the Council's Code of Conduct for Councillors or the Code of Conduct for Officers when they are acting in that capacity, including where they are representing the Council on an outside body. They must also ensure they follow any separate code of conduct that applies to the outside body. In the unlikely event there is a conflict they must seek advice from the Council's Monitoring Officer.
15. Representatives should always consider their duty of confidentiality to the Council, and where appropriate, to the outside body.
16. Representatives must report back to the relevant Portfolio Holder/committee as required.

17. It is good practice to check when first appointed whether expenses for travel and/or subsistence should be claimed from the Council or the outside body.
