| 9. Treasury Management Outturn Report 2017/18 | 10 - 18 |
| 10. Notices of Motion (if any) | |

In accordance with Rule No 13.1, Councillor Paul Peacock will move and Councillor Neal Mitchell will second a motion to the following effect:

The Government has put forward proposals via a Written Ministerial Statement (WMS) to allow the exploration phase of hydraulic fracturing (fracking) to be allowed under Permitted Development (PD). The Government also propose to bring the production phase of fracking under the Nationally Significant Infrastructure Projects (NSIP) regime, allowing applications to be decided centrally by the Planning Inspectorate and the Secretary of State. The Department for Housing, Communities and Local Government are currently consulting on these proposals.

If these proposals are enacted there will be no local decision making over applications for the exploration for shale gas and no local control over applications for the production stage of fracking.

Therefore in responding to the Consultations 'Permitted Development for shale gas exploration' and 'Inclusion of shale gas production projects in the Nationally Significant Infrastructure Project regime':

1. Newark and Sherwood District Council believes that local people have the right to be involved in the decision making of applications for the exploration of shale gas and applications for the production phase of fracking;

2. Newark and Sherwood District Council endorses local decision making of fracking applications by local Minerals Planning Authorities;
3. Newark and Sherwood District Council supports the current Nottinghamshire Minerals Plan and the policies within it; and
4. Newark and Sherwood District Council instructs our officers to respond to the government consultation accordingly, by rejecting the changes proposed for PD and NSIP as inappropriate and with the view that the Nottinghamshire Minerals Plan should have primacy for all planning decisions at all stages of fracking.
