The Mental Health Challenge

“This Council notes:

1 in 4 people will experience a mental health problem in any given year with over 6000 people taking their lives through suicide. Suicide is the most common cause of death for men aged 20-49 years in England and Wales. The World Health Organisation predicts that depression will be the second most common health Condition worldwide by 2020. Mental ill health costs some £105 billion each year in England alone. People with a severe mental illness die up to 20 years younger than their peers in the UK. There is often a circular relationship between mental health and issues such as housing, Employment, family problems or debt.

This Council believes:

To sign the Time to Change is led by Mind and Rethink Mental Illness.
We commit to appoint an elected member as “mental health champion” across the Council.
We will seek to identify a member of staff within the Council to act as “lead officer” for mental health.

The Council request:

That officers submit a detailed report to Policy & Finance Committee setting out what the Council will do to meet the requirements of the Time to Change Pledge from an employer perspective. Provide details of what actions the Council will take to support the mental health agenda within the wider community in accordance with the recently adopted Community Plan. On the basis of the above the Council agree to sign up to the Time to Change Pledge”.
