Agenda Item 3

NEWARK AND SHERWOOD DISTRICT COUNCIL

Minutes of the Meeting of **Licensing Committee** held in the Civic Suite, Castle House, Great North Road, Newark NG24 1BY on Thursday, 11 November 2021 at 6.00 pm.

PRESENT: Councillor Mrs R Crowe (Chairman)
Councillor R White (Vice-Chairman)

Councillor Mrs B Brooks, Councillor S Carlton, Councillor P Harris, Councillor R Jackson, Councillor Mrs S Saddington, Councillor I Walker and Councillor T Wildgust

APOLOGIES FOR ABSENCE: Councillor L Brazier (Committee Member), Councillor M Cope (Committee Member), Councillor Mrs S Michael (Committee Member), Councillor K Walker (Committee Member) and Councillor Mrs Y Woodhead (Committee Member)

20 DECLARATIONS OF INTERESTS FROM MEMBERS AND OFFICERS

NOTED that no Member or Officer declared any interest pursuant to any statutory requirement in any matter discussed or voted upon at the meeting.

21 DECLARATION OF ANY INTENTION TO RECORD MEETING

The Chairman advised that the proceedings were being recorded by the Council and that the meeting was being livestreamed and broadcast from the Civic Suite, Castle House.

22 MINUTES OF THE MEETING HELD ON 2 SEPTEMBER 2021

AGREED that the Minutes of the meeting held on 2 September 2021 were a correct record and signed by the Chairman.

23 ATTENDANCE AT COMMITTEE BY CHAIRMAN OF NEWARK PUB WATCH

The Committee considered a verbal presentation by the Chairman of the Newark Pub Watch Scheme, Mr. Paul Goodman, who was in attendance.

Mr. Goodman outlined to Members his personal licensing history and that he had been Chairman of the Group for three and a half years. He advised that he had visited all the public houses in Newark with one of the Council's Licensing Enforcement Officers (LEO) in an attempt to get them involved with the Scheme, however, some remained uninterested.

Members were advised of how frequently the meetings were held and how they were run together with information as to which external organisations and individuals also attended.

Referring to when a decision was taken to bar a customer from entering licensed premise, Mr. Goodman advised that letters were sent to the individual, explaining the reason for the decision and that these were hand delivered by either the Police or the LEO. Should an individual breach the ban, they would receive a further letter with an additional one month ban from entering the premises. Mr. Goodman also advised that the Group were part of the SchemeLink app which was a useful tool for licensed premises. It was noted that should a licensed premise not attend for 3 consecutive meetings they would be informed that they would be suspended from using the SchemeLink app.

The Chairman thanked Mr. Goodman for his presentation and asked Members if they wished to raise any issues.

In response to how the Licensing Committee could assist with increasing participation in the Group, Mr. Goodman advised that he worked closely with the LEO in an attempt to encourage participation. He added that, if possible, he would like to see it as a licensing condition.

A Member queried as to whether the behaviour of customers had changed since the recent lockdowns due to the pandemic. Mr. Goodman advised that there were currently sixty people barred from entering premises in Newark but that most of these were due to drug taking and/or dealing and not violent behaviour due to drunkenness, noting that this was not just an issue for Newark. He advised that the Group would continue to bar the individuals but that a lack of Police resource had an impact. He highlighted that due to the Newark Police Station no longer having its own custody suite, any individual arrested by the Police had to be transported to Mansfield, thereby removing an Officer from the Newark area.

In relation to whether an individual's behaviour was changed by being barred from a premise, Mr. Goodman advised that some only ever received one such sanction. However, some individuals reoffended regularly. They argued with door supervisors and designated premise supervisors when trying to gain entry. After the ban was lifted they would 'behave' for a short period of time and then be barred again.

A Member queried whether customers knew what the Group were trying to achieve. Mr. Goodman advised that all premises who were part of the Group displayed signage in their premises to make customers aware. He added that the Newark Group worked closely with the national group.

In relation to the length of a ban, Mr. Goodman provided the Members with examples of an incident and the length of the ban therefrom e.g. a minor scuffle – 3-6 months; unprovoked fight – 1-2 years. He added that the Police also had powers to impose a criminal ban which could be for a period of 5 years.

The Chairman advised that some of the Committee would welcome the opportunity of attending meetings and queried what would be an acceptable number. Mr. Goodman welcomed the interest but advised that the current location was too small to accommodate a large number of people. He advised that the Group met on the last Thursday of each month and with the meeting commencing at 9.30am.

A Member queried whether any decision to bar an individual was communicated with other Groups e.g. Southwell or Ollerton Pub Watch. Mr. Goodman advised that this did not happen at present but understood that the SchemeLink app could be linked with other Groups. The Senior Licensing Officer confirmed that this could be done if requested.

In relation to increasing participation, the Vice-Chairman queried whether it would help if the Council promoted the premises which were part of the Group: that they were a safe venue to visit. Members agreed and felt that it would encourage other premises to join the Group.

The recent incidents surrounding 'spiking' was raised with a Member querying whether there had been any incidents in the Newark area. Mr. Goodman advised premises were actively trying to prevent the spiking of drinks by offering customers covers for their drinks when they left them unattended. The Business Manager – Public Protection added that any incidents of drinks being spiked or individuals being spiked with a needle were reported to the Police and would be investigated by the CID. To date, most of the needle spiking incidents had not involved any drugs.

On behalf of the Committee, the Chairman thanked Mr. Goodman for his attendance and presentation which had been worthwhile and informative.

24 FORWARD PLAN FOR DECEMBER 2021 TO NOVEMBER 2022

AGREED that the following items be added to the Forward Plan.

- (i) Verbal Update on Night Time Economy Visits (March 2022)
- (ii) Promotion of Pub Watch Scheme (March 2022)

25 UPDATE ON LICENSING APPEAL - MADISON'S LOUNGE BAR & BISTRO

The Committee considered the report presented by the Business Manager – Public Protection which sought to provide Members with an update on the licensing appeal lodged by Madison's Lounge Bar & Bistro.

The report set out that attempts had been made in the summer months to reach an agreement between Madison's, the Police and the Council which would have resulted in the withdrawal of the appeal lodged with the Magistrates but that these had been unsuccessful. During this time it became known that the premise were proposing to hold a special event night consisting of UK drill, a genre of music often associated with urban gangs. Discussions were held between the Police and the Designated Premise Supervisor (DPS), Wezley Ranyard, about what controls would be in place to manage the event. The Police visited the premises during the event and found that a number of the agreed measures had not been implemented and it was subsequently agreed, between the Police and Council, that any further negotiations with the DPS were of no benefit and that the matter would go to appeal. As a result of this decision the management of Madison's announced on social media that they had closed the premises 'due to the actions of the Council'.

AGREED (unanimously) that the report be noted.

26 UPDATE ON LICENSING APPEAL - THE CORN EXCHANGE, 18 CASTLEGATE, NEWARK

The Committee considered the verbal report of the Business Manager – Public Protection in relation to the latest position of the licensing appeal submitted by the Corn Exchange, Castle Gate, Newark.

The Business Manager provided Members with a reminder of the outcome of the Licensing Hearing; that the application had been granted but with amended hours, following which the applicant had submitted an appeal to the Magistrates Court. The Council were currently gathering their evidence for submission. It was noted that it was likely that the appeal would be heard in 2022.

AGREED (unanimously) that the verbal report be noted.

27 TEMPORARY EVENT NOTICES RECEIVED AND ACKNOWLEDGED BETWEEN 1 JULY AND 30 SEPTEMBER 2021

The Committee considered the report presented by the Senior Licensing Officer in relation to the Temporary Event Notices received between 1 July and 30 September 2021. The appendix to the report listed all the TENs received.

Members were advised that there was a change to the number of TENs which could be applied for which would come into effect in January 2022. The number dates was rising from 15 to 20. The number of days was rising from 21 to 26.

The Business Manager – Public Protection also drew Members' attention to the application fee payable for a TEN. He noted that the fee had been set in 2004 and came into effect in 2005 when the Licensing Act 2003 came into force. The fee set at the time was £21 and this still remained the same some 17 years later despite the increased cost in administering such an application.

AGREED (unanimously) that the report be noted.

28 UPDATE ON PERFORMANCE AND ENFORCEMENT MATTERS

The Committee considered the report presented by the Senior Licensing Officer in relation to the activity and performance of the Licensing Team between 1 July and 30 September 2021.

The Senior Licensing Officer advised Members that a series of test purchases was being undertaken and that the new Licensing Apprentice was acting as the customer. The Apprentice, who was 19 years of age, was attempting to buy alcohol to see whether the premise was operating the Challenge 25 scheme.

A Member noted that some of the investigations listed in the report appeared to be taking a considerable amount of time to resolve. In response, it was noted that it could be that an application for a premise licence had been submitted and was still within its representation period. The Business Manager added that the length of investigations varied from premise to premise and that each was dealt with on an individual basis e.g. noise monitoring at a premise which did not operate on a regular basis would lengthen the time required to gather evidence.

AGREED (unanimously) that the report be noted.

Meeting closed at 6.55 pm.

Chairman

Forward Plan of the Licensing Committee Decisions from 1 April 2022 to 31 March 2023

This document records some of the items that will be submitted to the Licensing Committee over the course of the next twelve months.

These committee meetings are open to the press and public.

Agenda papers for Licensing Committee meetings are published on the Council’s website 5 days before the meeting <http://www.newark-sherwooddc.gov.uk/agendas/>. Any items marked confidential or exempt will not be available for public inspection.

LICENSING COMMITTEE

10 MARCH 2022

TRAINING FOR MEMBERS AND OFFICERS

1.0 Purpose of Report

1.1 To inform Members of training being provided for Members.

2.0 Background

2.1 The Statutory Guidance relating to both taxis and the Licensing Act requires that all Members that make decisions on taxi and/or licensing matters must have had sufficient training to enable them to fulfil that role.

2.2 In recent years, the Nottinghamshire Authorities Licensing Group has provided a training course at the Hostess Restaurant in Mansfield for Officers and Members across the County.

2.3 This training has not been provided in the past two years due to the constraints imposed by the pandemic. However it is intended to hold another event, which is again focussed on Licensing Members and is open to all Members of Licensing Committee.

2.4 The training will be held on Tuesday, 5 July 2022 at the Hostess Restaurant near Mansfield and the price per delegate is approximately £40. The course will commence at 9:30am and finish at the latest around 4:00pm. Lunch will be served on the day along with tea, coffee and refreshments.

2.5 Work is still taking place on the content of the day but it is anticipated that an outside speaker will be used.

2.6 It is proposed to make a corporate bid to the Members training budget if the Licensing Committee consider the training appropriate and relevant.

2.7 A refresher training session for all Members of the Committee who would wish to attend is also planned for Tuesday, 31 May. It is anticipated that this would be approximately two hours in duration. Any new Members of the General Purposes and Licensing Committees would have to attend this before they could sit on any Hearing Panels.

3.0 RECOMMENDATION

That Members consider the opportunity for training and indicate whether they would support and attend the training events.

LICENSING COMMITTEE

10 MARCH 2022

EVENING ECONOMY STRATEGY

1.0 Purpose of Report

1.1 To update Members on the progress towards the production of an Evening Economy Strategy.

2.0 Background

2.1 Members will recall that prior to the pandemic it was agreed that the local authority should look towards developing a Night Time Economy Strategy to enable a more strategic approach to be taken for future planning of the evening and night time economy

2.2 Whilst some progress was made on this by the Licensing Team it was always considered that a broader approach was needed and that colleagues from Planning and Economic Growth should be fully engaged.

2.3 In November 2020 the Economic Development Committee approved the Economic Growth Strategy and Action Plan and within this Strategy, Officers outlined an action to develop an Evening Economy Strategy in 2022.

2.4 The strategy to be developed will cover the period between 18:00 hours and 06:00 hours. This can be divided into the Early Evening Economy, occurring between 18:00 hours and 22:30 / 23:00 hours and Night Time Economy, occurring from 23:00 onwards. A plan for the local evening economy includes late night shopping and evening markets, late museum openings and night-time tours, early evening entertainment, a greater use of open spaces, and the promotion of cafes, restaurants, bars and clubs.

2.5 An evening economy plan will also capitalise on and develop the evening footfall in the district's urban areas. According to the GEO-sense footfall data from the previous three months, between 9 and 10% of Newark's average daily visitors were present in town between 18:00 and 21:00 hours, with 7% to 5% remaining in town until 01:00 hours. Opening up the evening economy during this period would provide a greater variety of attractions for these visitors to choose from, which would encourage greater dwell time and visitor spend, as well as prompting more visitors to visit Newark during the evening. Similar actions across the four main urban and economic centres of the district – catered towards the specialities of each town - would bring Newark & Sherwood closer towards its ambition of being a lead driver in economic prosperity for the region.

2.6 The Economic Growth Team have commissioned specialist consultants who will provide advice and guidance to develop an Evening and Night Time Economy Strategy for the District. They will research the state of the current evening economy offer in the district and deliver SMART short, medium and long term actions that will help establish a vibrant, inclusive, and safe evening economy.

- 2.7 The strategy will cover the four main urban and economic centres in the district: Newark, Southwell, Edwinstowe and Ollerton. It will aim to support people and business in the process of opening up a vibrant, inclusive and safe evening economy within the district.
- 2.8 Officers from the Licensing Team have been working with the consultants to provide information with regard to taxi provision and licensing information. An audit of the evening and night time economy undertaken by the consultants with support from officers is planned for 12 March.

3.0 **RECOMMENDATION**

That Members note the progress of the Night Time Economy Strategy.

In opening proceedings, the Chairman advised all participants that the meeting was being recording and livestreamed on social media e.g. YouTube.

Presentation by the Business Manager – Public Protection

The Business Manager presented to the Panel details of the application made by Brook House Brewery Ltd. The report before the Panel presented Members with a summary of the application, the licensing history of the premise, the reasons for the Hearing and the conditions agreed with the Police and Environmental Health Services.

The report set out the legislation in relation to the powers that licensing authorities had to grant the premises licence, the options available to the Panel and the relevant policies and guidance.

Presentation of Application

Mr. Bealby provided the Panel with a history of the premises and that the Brewery traded under the name of the Cat Asylum. Initially the premise had opened as a micro-brewery but that had proved not to be profitable and therefore began to sell the beer brewed to customers at the premises from 12 noon to 7pm on one Sunday per month. Subsequently the premise had held culturally diverse events which were often ticketed, giving an example of events: poetry reading; stand-up; folk singer; performance of plays; story tellers; morris dancers.

In addressing the representations received, Mr. Bealby stated that the allegations of public nuisance were distorted. None of the events held had resulted in it being necessary for the Police to attend. There had been no incidents or concerns raised involving children or public safety issues. In relation to specific issues, Mr. Bealby commented as follows:

Litter – most litter is from McDonalds. The premise did not offer any takeaway service.

Quiet Residential Area – up until 2 years previously, the village had had a public house which the Parish Council supported.

Noise – Planning permission had applied a condition that noise from brewery operations would be limited. It had been problematic keeping to that as the brewery was not noisy.

Daily Noise Problems – the premise only opened once per month so any noise was not daily.

Amplified Music – this has only occurred once and will not happen again.

Application a Trojan Horse – this allegation was not true. Conditions had been agreed with Environmental Health Officers (EHOs) and if the premise opened as was suggested they would be in breach of those conditions. Also, it was not economical viable to open more frequently.

Parking – personally have been annoyed by parking, however, it is not illegal to park on side roads. There are no double yellow lines but if the village wished to run a campaign to get them approved, he would support.

Mr. Bealby noted that the representations received focussed mainly on 3 events held since the ending of the lockdown. He added that he may have been unprepared for the events but that not all residents had found them to be a nuisance.

He noted that some of the conditions agreed with the Environmental Health Officer (full list on page 10 of the Agenda papers) would prevent amplified music being provided externally and that EHOs must be informed of any external event being held 2 weeks prior to the date. He added that if the conditions were breached then he would be reported and likely have to reappear before another Licensing Panel.

Mr. Bealby informed the Panel that he had received letters of support but they had, unfortunately, been received too late to be included within the papers for consideration.

Questions

In noting the agreed conditions with EHOs, the Business Manager stated that they did not include no amplified music to be provided at external events. Mr. Bealby confirmed that inclusion of that condition was acceptable.

Mr. Dodds sought clarity on the number of events permitted and the difference between the hours applied for and as amended. The Business Manager advised that Mr. Bealby had been operating using Temporary Event Notices (TENs) as there was no Premise Licence. Should the application for the Premise Licence be approved then that would take precedence over the TENs. However, agreement had been reached that only 12 events per year would be held externally. By way of explanation, Mr. Bealby advised that the hours applied for were to offer flexibility to allow the premise to open daily for the provision of off sales. The number of days he could have held external events using a TEN was 15 but he had agreed, with the EHO, that he would hold no more than 12.

Mr. Orme again sought clarity of the number of events permitted in a year. Mr. Batty stated that agreement had been reached to hold no more than 12 externally but no figure had been set for internally. Mr. Bealby added that he had agreed with Planning Services to limit internal events to 24 per year.

Collingham Parish Council advised that they had submitted their representation based on the original application, prior to hours applied for being amended. They confirmed that they would be willing to reconsider in light of the proposed changes.

In noting the agreed conditions with the EHO, Councillor Cope queried as to what equipment would be used to monitor the noise levels at the boundary of the premises whilst regulated entertainment was taking place and whether it would be calibrated. Mr. Bealby advised that at a previously held event a sound technician had used a decibel monitor but going forward a more permanent solution was required, perhaps sited on the Rio Drive side of the premise. He added that any device would need to be able to be monitored from inside the premise but he was open to suggestions as to the best solution e.g. installation of a noise limiter.

Councillor Cope noted that the number of external events was limited to 12 per year but that these could be back to back in the summer months. Mr. Bealby confirmed that it was likely that they would not be required in the winter months so it could be that they had more in the summer, e.g. 2 in May.

In relation to parking, Councillor Walker queried as to the number of spaces provided at the premise. Mr. Bealby confirmed that in accordance with Planning requirements there was provision of 3 spaces. The premise was not designed to host events and the provision was primarily for disabled and/or commercial delivery vehicles. He went on to note that the One Stop Shop in the village and the Church offered their 'customers' no parking facilities but there was ample on-street parking. He added that Planning Services had said that if the premise began to open more frequently it would be necessary to convert his own garden into a car park.

Tuesday, 23rd November, 2021

In noting the agreed limit on the number of external events, Councillor Walker queried whether Mr. Bealby would be agreeable to limiting the number of events held internally to 12 also. Mr. Bealby said he would consider that but was mindful that it may result in him breaching the condition.

The Business Manager advised the Hearing Panel that they should be cautious in limiting the number of events as it was difficult to define what an 'event' was, noting that it was not as simple of when the premise was open. Any condition applied must be clear and enforceable.

The Senior Planning Enforcement Officer advised that the premise had planning permission to be used as a micro-brewery and no other development. He sought to clarify that whilst the permission did not cover the type of activity being applied for with the Premise Licence, it was considered that should the agreed 24 internal events in 12 months be so insignificant then it was likely that a further planning permission was not required. However, should the events be of a significant nature there would be no permission and it would constitute a material change of use.

Mr. Orme noted the 2018 planning permission, citing the opening hours for the micro-brewery and that no other use was permitted. He queried whether the planning legislation overrode that of licensing. Mr. Marshall stated that planning enforcement action would only be taken if it was expedient to do so and the granting of the Premise Licence would not stop planning enforcement action being taken if necessary. The Legal Advisor confirmed that planning and licensing legislation were equal but relied on difference considerations.

Presentation of Representations

Collingham Parish Council advised that they had submitted a presentation based on the objections they had received from residents and that these had been made based on the original application. It was noted that there had only been a few objections and it was now believed that these could now be resolved with the changes. Mr. Bealby confirmed that the application should have been that any performance would cease at 22.30 not 23:00 hours.

Mr. Dodds sought clarification that all written and verbal representations would be taken into consideration by the Panel. The Chairman confirmed that they would.

Mr. Dodds referred to the inappropriateness of the hours applied for and the issues with amplified and recorded music. He acknowledged that there had been little nuisance recently and that the agreed condition of 12 external events per year was acceptable. He noted that amplified music from inside the premise was unrestricted and that the noise could escape. He referred to the parking at the premise, noting that vehicles would need to reverse onto the busy road. Again referring to parking, he noted that the One Stop Shop had parking directly outside the premises and that customers would not be parked for long periods of time. Customers to the premise would be required to park on residential streets for longer periods of time.

In response Mr. Bealby stated that he was agreeable to limiting recorded music inside the premise to 22:30 hours. Any amplified music outside previously had been limited to a Morris Dancing performance.

Tuesday, 23rd November, 2021

In relation to parking, Mr. Bealby stated that the majority of customer walked so it was not an issue. Any occasional drivers parked on side roads and that was not for long periods of time.

Mr. Bealby stated that he used the premise for theatrical events and performance by artists. If they were on tour then they could only be booked to perform when their scheduled allowed e.g. mid-week.

The Senior Planning Enforcement Officer confirmed that the planning permission at the premise requiring parking for 3 vehicles also required that a turning space be provided. Should the application for a premise licence be granted then that space would need to be kept clear at all times. He also confirmed that, as per the agreed conditions to limit the number of events internally to 24 per year, any increase on that would be stopped as there was no planning permission in place.

Mr. Orme had submitted recordings of events held at the premise on 23 July; 4 September; and 11 September 2021. These were played to the Panel with Mr. Orme providing commentary. He stated that the level of noise provided a disturbance which was of concern to him in relation to his children. He referred to British Standard levels which could be used to measure noise and queried whether they would be used should a planning permission be submitted. Mr. Bealby stated that there was no decibel reading on the videos and that they only related to 3 events. In acknowledging the number of events agreed, both internally and externally, he stated that it was not his purposeful intention to use the maximum number. He added that due to the lockdown he had a backlog of booked events which he needed to hold as tickets had been sold.

In relation to the reference to British Standards, the EHO advised that they were more relevant to assessing noise from an industrial premise or from a building, not entertainment noise.

In noting the representations made, the Business Manager suggested that when the applicant summed up his case, he confirmed what amendments to the application had been made and agreed, similarly to the conditions.

In order to offer assurance about noise levels and the monitoring thereof, the EHO advised that decibel readings could be influenced by ambient background noise e.g. traffic. A simple method to check whether noise levels were too high was for the applicant to walk around the immediate area and if he thought it was loud, to turn the volume down. Mr. Orme noted that it might be one event which caused a nuisance. The EHO advised that the agreed conditions did not mean that enforcement action could not be taken. Calibrated equipment to monitor noise levels could be supplied when it was known that an event was to be held, as per the agreed conditions.

In response to whether Mr. Orme had complained to the Council about the noise nuisance, he confirmed that he had. The Business Manager advised that a number of complaints had been received and were subject to investigation.

Summing Up

Collingham Parish Council queried whether a Premise Licence could be transferred to a new owner should Mr. Bealby leave. The Business Manager confirmed that it could together with all the agreed conditions. The Senior Planning Enforcement Officer confirmed that no planning permission or conditions thereon were being agreed for the premise.

Mr. Bealby queried who would set the level for any noise limiter. The Business Manager advised that this would be undertaken by EHOs. Mr. Bealby stated that should there be any noisier events held the limiter should mitigate any noise nuisance. He added that he would like to have better communication with residents and he would welcome them getting in touch with him before lodging any complaints with the Council.

The Chairman thanked everyone for the attendance and advised that they would be notified of the Decision within 48 hours.

Decision

The decision of the Panel was to grant the licence subject to the following modifications and conditions:

 - Recordings to be made available for inspection when requested by the Police or any other authorised person pursuant to the Data Protection Act 1998.
2. A bound and sequentially paginated incident/accident book or electronic record shall be kept to record all instances of disorder, damage to property, personal injury and refusals of service at the premises. This book shall be made available for inspection and copying by the Police and other officers upon request and all such books shall be retained at the premises for at least 12 months.
3. All members of staff shall be fully trained in the retail sale of alcohol. The training shall be on-going and each member of staff shall be reviewed every six months. All details of the level of training will be recorded in a bound and sequentially paginated book or electronic record.
4. The information shall be made available for inspection and copying by Police or any other authorised person immediately on request and all such books shall be retained at the premises for at least 12 months.
5. A Challenge 25 policy will be implemented and enforced at all times. Any person who appears to be under 25 years of age shall not be allowed to purchase alcohol unless they produce an acceptable form of photo identification. (e.g. passport, driving licence, Military ID or PASS accredited card).

Applicant and Environmental Health Agreed Conditions:

1. Signage shall be displayed advising customers to be respectful to residents and to leave the area in a quiet and orderly manner.
2. Employees must monitor customers leaving the premises at closing time to ensure customer leave site promptly.
3. All doors and windows shall remain closed when regulated entertainment is taking place, except for when actually being used for access and egress and in the event of an emergency.

Tuesday, 23rd November, 2021

4. The external area of the premises shall not be used for the provision of licensable activities or consumption of food and beverages after 20:00 hours.
5. No more than 12 events shall be held outside in any calendar year.
6. The premises licence holder shall inform the Environmental Health Service in writing at least two weeks before holding an outdoor event.
7. No regulated entertainment shall be provided in any external areas except for during these events.
8. Where outside events are held noise levels shall be monitored at the boundary of the premises every 30 minutes whilst regulated entertainment takes place to ensure that no vibration or noise nuisance is caused to any residential premises. The results of all monitoring shall be recorded in either a bound and sequentially paginated book or as an electronic record, which shall be kept at the premises and be available at all times for inspection by an authorised officer of the council or Police Officer. A record of all actions taken as a result of the monitoring shall also be kept.

The Committee decided to impose the following conditions for the licensing objective of Prevention of Nuisance:

1. Recorded music indoors is to finish at 10:30 as per the amended table above.
2. There shall be no amplified music played outside at any time save by customers visiting in their cars, in which case, the amplified music from inside the car in question shall cease within 30 seconds after it has entered the premises.
3. A noise attenuation scheme (to include details of the specification of noise limitation devices to be installed and maintained as fit for purpose) to the licensed area, shall be submitted to and approved by the licensing authority in writing as soon as practicably possible and implemented as soon as possible in accordance with the approved scheme before the outside seating area is used for the consumption of alcohol. The scheme shall be kept on the premises and made available for inspection by the police or any other authorised person upon request.
4. The Licence Holder will notify local residents of any function to be held on the premises that involves live entertainment and recorded music (other than background music) at least 48 hours before the event.

Appeal: Any party may appeal against the decision of the Licensing sub-committee.

Any such appeal must be to the magistrate's court for the area in which the premises concerned are situated.

Presentation by the Senior Licensing Officer

The Senior Licensing Officer presented to the Panel details of the application made by The Renaissance at Kelham Hall Ltd. The report before the Panel presented Members with a summary of the application, the licensing history of the premise, the reasons for the Hearing and the conditions agreed with the Police and Environmental Health Services.

The report set out the legislation in relation to the powers that licensing authorities had to grant the premises licence, the options available to the Panel and the relevant policies and guidance.

Presentation of Application

James McGregor advised that The Renaissance at Kelham Hall Ltd. had taken over at Kelham Hall after the previous owner's business had gone into liquidation. The business was hoping to attract higher profile clients than those who previously used the premises and the granting of the Premise Licence would enable them to begin trading.

Questions to Applicant

Nathan Morrell stated that he did not object to the granting of the licence but had concerns about the hours applied for and the potential number of guests being at the premises and all exiting at 02:30 hours. He added that this could create a nuisance in relation to excessive noise; light pollution; and be detrimental to his family's health and wellbeing. He noted that the nearest residential property was only 50m away from the fire exit in the Dome. He also noted the parking issues experienced with guests choosing to park on Home Farm Close rather than the designated car park provided at Kelham Hall.

In response, Mr. McGregor, advised that he had attempted to demonstrate the intention of the business in the application. He stated that the vast majority of events would terminate at 00:00 hours and that the hours applied for were the same as the previous licence which had lapsed when the business had gone into liquidation. He confirmed that he would be willing to install an exit stopper, explaining that it was a device which would emit an alarm for approximately 30 seconds should the fire exit door be opened.

In relation to parking, Mr. McGregor noted that the previous owner had sub-let one of the car parks within the grounds to house shipping containers. This had now ceased and the car park would again be made available for guests to use. He added that the parking charges, levied by the previous owner, had also been stopped and that the area designated for planting, as agreed with Environmental Health Services, would be progressed.

In acknowledging Mr. McGregor's comments, Mr. Morrell noted that there was only parking spaces for 250 vehicles and that it was likely that Home Farm Close would continue to be used for parking and also as a taxi waiting area. Mr. McGregor stated that the field to the front of the Hall could be utilised for additional parking and that a designated taxi waiting area would be provided. He also suggested that for large scale events consideration could be given to the use of traffic management via traffic lights.

Mr. McGregor advised that it was not the intention to hold events every Thursday, Friday and Saturday but the licence, as applied for, would provide the business with a degree of flexibility. He added that it was his intention to maintain a relationship with the representors and nearby residents.

In noting that the venue had multiple rooms, Andrew Fereday queried how the guests would be controlled if it was being used at full capacity. Mr. McGregor advised that it had never operated at that level and the occupancy figure had been generated for the purpose of the application and it was not the businesses intention to operate at full capacity. Mr. Fereday suggested that an upper limit on numbers be included in the licence.

Councillor Ronnie White queried as to where vehicles would enter and exit the grounds e.g. the main entrance and/or The Lodge. Mr. McGregor advised that The Lodge entrance was only used for high volume events but could be given further consideration.

Presentation of Representations

Nathan Morrell

Mr. Morrell advised that he had lived on Home Farm Close for 15 years. Whilst he wished for the operations at Kelham Hall to be successful he and his family had experienced a great deal of anti-social behaviour, light pollution, noise pollution, noise from car doors shutting during the early hours of the morning, bottles being thrown into his garden and into Home Farm Close and access to his driveway being blocked by parked vehicles. He stated that it was his opinion that 02:00 hours to serve alcohol and 02:30 hours to close was too late and that 00:00 hours would be more acceptable. He added that he would wish to see a limit on the number of guests as 2250 was too high, noting that it was only 50m away from Mr. Fereday's garden wall to The Dome entrance and 50m from the access road to his own rear garden.

Questions to Mr. Morrell

In response, Mr. McGregor again referred to some of the issues being as a direct result of the previous owner's business practices e.g. sub-letting properties on Home Farm Close to wedding guests who had little regard for where they parking their vehicles. This practice had now ceased with Mr. McGregor adding that he would be willing to consider temporary road closures, if appropriate and necessary to ensure that vehicles did not park on Home Farm Close.

Councillor Sylvia Michael queried as to why Mr. Morrell considered that there would be a problem with parking at 02:00 hours but not 00:00 hours. Mr. Morrell advised that it was the noise generated by drivers when they drove their cars away and that the problem existed because there was insufficient parking spaces provided at Kelham Hall.

Andrew Fereday

Mr. Fereday reiterated the comments of Mr. Morrell, confirming that he also wished to see Kelham Hall operate successfully. He noted that he had not had sight of the previous Premise Licence but knew that all events had terminated at 00:00 hours. He stated that 02:00 hours was too late and was unfair on the nearby residents given the previous issues experienced. He further noted that the previous licence had given an occupancy of 1200 people but the current application was for 2250 people.

In noting that the sale of alcohol was until 02:00 hours but public access was until 02:30 hours, he queried how the Hall and grounds would be totally clear in a 30 minute time period, given that there was only one access/egress point.

Mr. Fereday noted that he had lived on Home Farm Close for some 7.5 years and during that time he had never seen The Lodge gates used as a general access point, stating that the location was dangerous, doubting that the use would be permitted.

In referring to the previous Premise Licence, Mr. Fereday noted the conditions attached therefore, specifically No. 38 which stated that "any noise produced or associated with Entertainment must not be audible at the façade of the nearest residential, commercial or industrial premises" had not been adhered to and there was concern that this would continue. He also referred to Condition No. 5 of Annex 3 noting that the 'Sentry' noise

limiting system had never operated successfully as the level of noise disturbance had never been reduced. Mr. Fereday also referred to the Premise Licence for Kelham House and that it contained a condition which had a set dba of 45 dba at a specific point. He asked that the Panel consider all of the above points when determining the application together with the occupancy figure for the Hall and the Council's own Statement of Licensing Policy.

Mr. Fereday suggested that in order to reach a compromise on the times of the premise licence that large scale one off events possibly be licensed using a Temporary Event Notice.

Questions to Mr. Fereday

In noting the comment about The Lodge gates being considered as an access/egress point, the Panel's Legal Advisor queried whether Mr. Fereday believed that Nottinghamshire County Council would object to their use. Mr. Fereday confirmed that to be the case. Mr. McGregor also confirmed that he had not contacted the County Council in that regard, noting that the access/egress point was directly onto a busy main road.

Summing Up

Mr. McGregor stated that regardless of the Panel's decision he would wish to promote a positive working relationship with the residents of Home Farm Close. He confirmed that he would not object to the Panel limiting the occupancy levels for Kelham Hall and added that the premise would not be run as it had been by the previous owner.

He noted that The Renaissance at Kelham Hall Ltd. took their responsibilities seriously but they could not relocate the Hall, adding that a planning decision had been taken in the past to allow the Home Farm Close development.

In closing, Mr. McGregor commented that they needed to build longevity into their business in order to keep the building open.

- They shall be employed to work solely in the capacity of a Door Supervisor.
 - There shall always be a minimum of two Door Supervisors.
 - All Door Supervisors shall record at the premises either electronically or in a paginated book, which must be available for inspection by any police officer and/or any other authorised person showing the time and date they commenced and finished work, their full name, their full 16 digit SIA number and the expiry date of their licence.
6. Prominent signs shall be erected and maintained at the checkout transaction areas, stating that it is an offence to
- (a) sell alcohol to an individual under the age of 18 years;
 - (b) for an individual under 18 years to purchase alcohol;
 - (c) for a person to buy alcohol on behalf of an individual under 18 years. Where possible a till prompt shall be installed to remind the staff member to verify the customer's age before alcohol is sold. A CCTV system shall be installed and operative in the premises when licensable activities are taking place. All recordings used in conjunction with CCTV shall:
 - be of evidential quality
 - indicate the correct date and time
 - be retained for a period of 31 days
 - sufficient numbers of staff to be trained to use the system
 - Recordings to be made available for inspection when requested by the Police or any other authorised person pursuant to the Data Protection Act 1998.

Applicant and Environmental Health Agreed Conditions:

1. Clear, prominent, and legible notices are to be provided on the internal side of all exits asking customers to leave the premises and area quietly and respect the rights of neighbours.
2. Employees must monitor customers leaving the premises at closing time to ensure customer leave site promptly.
3. The Licence Holder shall provide notices, to be legible from within any vehicle, requesting coach and taxi drivers collecting persons attending functions on the premises to use a designated parking area and to turn off their engines while waiting.
4. All doors and windows shall remain closed when regulated entertainment is taking place, except for when being used for access and egress and in the event of an emergency.
5. The external area of the premises marked in yellow on the plan (shown as tree planting area plan – Drawing Number RSE_924_TPA at Appendix 9) described as ParTar and Sunken lawn (to the rear of the building) shall not be used for the provision of licensable activities or consumption of food and beverages after 22:00 hours.
6. Where outside areas are used as detailed in 5 above noise levels shall be monitored at regular intervals to ensure that no noise nuisance is caused to any residential premises. A record of all actions taken as a result of the monitoring shall be kept.
7. Any firework display shall not end later than 22:00 and shall be set off in the area described as firework detonation area and marked in yellow on the plan.
8. One member of the Licence Holder's staff shall be responsible for ensuring compliance with the above conditions. Signage shall be displayed advising customers to be respectful to residents and to leave the area in a quiet and orderly manner.

The Applicant also Volunteered the Below Conditions:

The applicant has proposed the following conditions within the operating schedule of the application:

4. At least one suitable First Aider will be on duty when the public are present.

5. A bound and sequentially paginated refusals book or electronic record shall be kept at the premises to record all instances where admission or service is refused. Such records shall show:
- The basis for the refusal;
 - The person making the decision to refuse; and
 - The date and time of the refusal. Such records shall be retained at the Premises for at least 12 months, and shall be made available for inspection and copying by the Police or any other authorised person upon request.

The Committee decided to impose the following conditions for the licensing objective of Prevention of Nuisance:

1. The Dome Emergency Exit Door closest to Home Farm Close should be fitted with an “Exit Stopper” which will emit an alarm for approximately 30 seconds to alert staff that the door had been opened.

The Committee also decided to give the Applicant an advisory note:

The Applicant should block off the pedestrian access (unless it is a public right of way) leading to Home Farm Close on a Thursday, Friday and Saturday Night by 18:00 hours until the termination of the event.

Appeal: Any party may appeal against the decision of the Licensing Sub-Committee.

Any such appeal must be to the magistrate’s court for the area in which the premises concerned are situated.

It must be commenced by a notice of appeal being lodged with the court within 21 days beginning with the day on which you were notified of the decision.

TEMPORARY EVENT NOTICES RECEIVED AND ACKNOWLEDGED BETWEEN 1 OCTOBER TO 31 DECEMBER 2021

1.0 Purpose of Report

1.1 To inform Members of changes to Temporary Event Notices and notices that have been received and acknowledged between 1 October and 31 December 2021 inclusive.

2.0 Background

2.1 The Licensing Act 2003 introduced a light touch system for ad hoc, permitted temporary activities. A Temporary Event Notice (TEN) is given by an individual (a premise user) and authorises the premises user to conduct one or more licensable activities at premises.

2.2 There are two types of TEN;

- A standard TEN, to be given no later than 10 working days before the event to which it relates
- A late TEN, can be given 9 and not later than 5 working days before the event. Late TENs are intended to be used by premise user who is required for reasons outside their control to for example, change the venue at short notice.

2.3 Only the Police and Environmental Health can make representation against the TEN. Once the Police and Environmental Health receive a TEN, they have 3 working days to make any objections to it on the grounds of any of the four licensing objectives: prevention of crime and disorder, prevention of public nuisance, public safety and the protection of children from harm. If no objections are received the event will go ahead as planned. If an objection is received for a standard TEN the Council will have to organise a hearing to consider the objection and may impose conditions or decide that the event cannot go ahead. If an objection is received against a late TEN, no hearing is held and the application is refused.
