4 LICENSING COMMITTEE FORWARD PLAN

NOTED the Forward Plan from 1 July 2022 to 30 June 2023.

5 COMMUNITY ALCOHOL PARTNERSHIP UPDATE

Councillor Lee Brazier, the Committee's representative on the Community Alcohol Partnership (CAP) provided Members with an update of the work being undertaken.

He advised there were two CAPs operating within the district: one covering Ollerton, Edwinstowe and Boughton; and the other was Clipstone. This was in partnership with Mansfield District Council as it incorporated Forest Town which lies within the district of Mansfield.

CAP works close with Nottinghamshire County Council, the Police, Mansfield District Council, Youth Services, retailers, pubs, schools in an attempt to gauge people's feelings in relation to ASB, alcohol and substance misuse. One issue at present is the

increase in cannabis use by young people with it being found to be cheaper than cigarettes. The Police and ASB were aware of this and the situation was being monitored.

At the Clipstone meeting held that day, the Alcohol Education Trust were in attendance and advised that they would be arranging training for individuals who were suffering with misuse issues.

CAP had recently developed a new free online licensing course for employers to offer out to their staff e.g. pubs, shops, off-licences. This would offer knowledge around licensing laws and legislation. There would be three modules to the training and before moving on to the next module the attendee would be required to take an assessment to ensure they have taken on board the information given. Before this was rolled out, it would be previewed by Licensing Officers and the Chairman of the Licensing Committee to ensure it was suitable for its intended purpose.

A recent survey had been taken at Garibaldi School in relation to alcohol consumption by teenagers between the ages of 13 and 15, the final figures for which were awaited. These would be reported to a future meeting of the Licensing Committee.

There were 256 CAPs nationally but of those, not all were active. Some CAPs met monthly, the ones in this district met quarterly, some met twice a year and some only met annually.

6 UPDATE ON THE APPEAL FOR THE CORN EXCHANGE, NEWARK

The Committee considered the report presented by the Senior Licensing Officer which provided Members with an update on the Appeal for the Corn Exchange, Newark,

The report set out the background to the appeal being lodged with the Nottingham Magistrate's Court and the delays in hearing the appeal due to the severe back log in the courts as a result of the pandemic. The Council had appointed an external Barrister who specialised in licensing law to represent the Council. On reviewing all the evidence supplied by the appellant, the opinion of the Barrister was that it would be highly likely that the Council would lose the appeal, with one of the main reasons being the change to the night time economy of Newark over recent months and the Police response. The appellant's Barrister had also indicated that they would make an order for total costs payment to be awarded against the Council should the appeal be successful. In considering all the information, it was agreed that a negotiated out of court settlement would be appropriate, having made the Chairman of the Committee aware of the intention.

The licence was therefore granted in line with those requested by the applicant in the original application with conditions attached which provided control over the licence as necessary.

The report made clear that whilst the outcome was different to the decision taken by the Hearing Panel it should be noted that two years had passed, with the impact of the pandemic on town centres and recent licences granted with extended times.

In considering the report, the Members who had sat on the Hearing Panel on 21 August 2020, were in agreement that they considered their original decision to have been correct at that time given the circumstances. They expressed their disappointment that the applicant had not attempted to open the premises on the originally granted hours.

AGREED (unanimously) that the report be noted.

7 MINUTES OF LICENSING HEARING HELD ON 15.03.22 (THE WHITE HIND)

NOTED the Minutes of the Licensing Hearing held on 15 March 2022 in relation to the White Hind, 3 Carter Gate, Newark.

8 MINUTES OF LICENSING HEARING HELD ON 18.03.22 (MCCARROLLS BARBERS)

NOTED the Minutes of the Licensing Hearing held on 18 March 2022 in relation to McCarrolls Barbers, 32 King Street, Southwell.

9 LICENSING TRAINING

The Chairman sought confirmation from Members as to whether they would be attending the training session being held on Tuesday, 5 July 2022 at the Hostess Restaurant, nr. Mansfield.

NOTED that 8 Members confirmed their attendance, with 3 Members tentatively accepting.

10 UPDATE ON PERFORMANCE AND ENFORCEMENT MATTERS

The Committee considered the report presented by the Senior Licensing Officer in relation to the activity and performance of the Licensing Team between 1 January and 31 March 2022.

AGREED (unanimously) that the report be noted.

11 TEMPORARY EVENT NOTICES RECEIVED AND ACKNOWLEDGED BETWEEN 1 JANUARY AND 31 MARCH 2022

The Committee considered the report presented by the Senior Licensing Officer in relation to the Temporary Event Notices received between 1 January and 31 March 2022. The appendix to the report listed all the TENs received.

AGREED (unanimously) that the report be noted.

Meeting closed at 6.45 pm.

Report Summary	
Report Title	Promotion of the Pubwatch Scheme
Purpose of Report	To update Members on the Pubwatch schemes currently operating in Newark and Sherwood and to seek Members approval for the local initiatives being developed.
Recommendations	That Members support the initiatives set out below to promote and enhance the local Pubwatch schemes: (a) encouraging sign up to the newsletter; (b) using the evaluation tool to identify potential improvements; (c) promoting the free CitizenCard; and (d) working with Newark Pubwatch on Safer Streets
Reason for Recommendation	To promote and enhance the local Pubwatch Schemes.

1.0 Background

- 1.1 Pubwatch is a voluntary organisation set up to promote best practice. Its aim is to achieve a safer drinking environment in all licensed premises throughout the UK. Each Pubwatch scheme is a standalone group but is supported by National Pubwatch
- 1.2 There have been Pubwatch schemes operating in the Newark & Sherwood area for many years. They are run by volunteers and are licence trade led, with local support from licensing officers. The Police are also key partners in the Pubwatch schemes.
- 1.3 In Newark & Sherwood, we now have four active Pubwatch schemes. They are based in Newark, Ollerton, Southwell and Rainworth & Blidworth. Each area meets once a month and discusses issues that affects them and helps the share of information such as problematic customers, licensing issues, previous incidents and how they were handled and up and coming events that may impact on licensed premises.

- 1.4 The fact that it is the licensed trade themselves that run Pubwatch can be both an advantage and disadvantage. There is a degree of ownership of the group that comes from this but equally the lack of formal organisation does mean that the success of the group relies very heavily on the secretary and chairman of each group.
- 1.5 The movement of personnel in the licensed trade is not uncommon and therefore each group has, over the past few years, had periods of poor attendance but also periods where the group has contributed positively.
- 1.6 The Licensing Committee has supported the local Pubwatch groups by promoting the Scheme link which is a mobile phone app which has been developed as a central point for easier data sharing of data and communication across Pubwatch for unifying online services for members, Police and councils. Two of the larger Pubwatch schemes are now using Schemelink extensively.

2.0 Proposal/Options Considered

- 2.1 In order to promote the Pubwatch schemes to a wider range of licensed premises and to encourage a wider membership a number of supporting and promotional activities are being proposed.
- 2.2 The national Pubwatch group produce advice and guidance information for both existing active groups and those that need additional help. It is proposed that all attendees of all the Pubwatch schemes are encouraged to sign up to the bi-monthly newsletter.
- 2.3 An evaluation tool to measure the success of local Pubwatch schemes has been developed by national Pubwatch in association with Leeds Beckett University. It is proposed that the Chair of each local scheme is encouraged to use the toolkit to measure the impact of the local scheme and to use it to identify any improvements. Help and assistance with the evaluation will be provided by licensing staff.
- 2.4 There are a number of proofs of age/identity cards available to young people. The CitizenCard which is a Proof of Age Standards Scheme approved card is being made available via a nationally to all Pubwatch schemes who will have the opportunity to provide free CitizenCards to anyone aged 18-24. The normal cost of obtaining a card is usually £15. It is proposed that the details of how the Newark & Sherwood Pubwatch schemes can take advantage of this will be made available to the local schemes.
- 2.5 Members may be aware that a recent bid to the Home Office for |Safer Streets funding has been successful. Part of the bid is centred around improving safety in the night-time economy. the individual elements of the bid are still being developed but it will include joint initiatives with Newark Pubwatch

3.0 Implications

- 3.1 In writing this report and in putting forward recommendations officers have considered the following implications; Data Protection, Digital and Cyber Security, Equality and Diversity, Financial, Human Resources, Human Rights, Legal, Safeguarding and Sustainability. No implications have been identified.

Report Summary	
Report Title	Review Pool of Potential Conditions
Purpose of Report	To seek the Committee's approval from Members in relation to the pool of potential conditions that is available for use when considering the appropriate conditions to attach to a licence.
Recommendations	Members are asked to approve the amended pool of potential conditions.
Reason for Recommendations	These are conditions that cover the four licensing objectives and have wording which is considered to be clear, precise and enforceable. The pool conditions are also provided to ensure that the wording of conditions is consistent to assist the Police and licensing enforcement staff as well as the licence holder.

1.0 Background

- 1.1 There are three ways in which conditions can be attached to a premises licence, these are:
- Mandatory
 - Proffered
 - Imposed
- 1.2 Mandatory conditions are set out in regulations by Government and are conditions that apply across a range of premises. The regulations set out which conditions are applied to which type of premises and the Licensing Authority must apply them to any relevant licence issued.
- 1.3 Within an application the operator is required to set out the measures that are proposed to promote the licensing objectives. These are normally to be found within the operating schedule of an application. Where an application is received and there are no relevant representations, in such circumstances the authority is obliged to grant the licence in accordance with the application subject to such conditions as are consistent with the operating schedule.

- 1.4 From this it can be seen that the operating schedule is an important part of the application and that the applicant needs to have an understanding of the requirements of the local area. The statutory guidance makes this clear:

In completing an operating schedule, applicants are expected to have regard to the statement of licensing policy for their area. They must also be aware of the expectations of the licensing authority and the responsible authorities as to the steps that are appropriate for the promotion of the licensing objectives and to demonstrate knowledge of their local area when describing the steps they propose to take to promote the licensing objectives.

- 1.5 It is the role of the Licensing Authority to transmute the statements in the operating schedule into enforceable appropriate licence conditions to promote the licensing objectives. In cases such as this the licence will have both mandatory and proffered conditions attached to the licence.

- 1.6 In cases where relevant representations are received in respect of an application the licensing authority must hold a hearing to consider them. One of the potential outcomes from the hearing is to grant the licence subject to conditions which are consistent with the operating schedule accompanying the application, modified to such an extent as the licensing authority considers necessary for the promotion of the licensing objectives.

- 1.7 Whilst this appears to give a wide discretion to attach such conditions as the authority considers appropriate, in reality the discretion is tempered by a series of considerations that are set out in the statutory guidance. This states that licence conditions:

- must be appropriate for the promotion of the licensing objectives
- must be precise and enforceable
- must be unambiguous and clear in what they intend to achieve
- should not duplicate other statutory requirements or other duties or responsibilities placed on the employer by other legislation
- must be tailored to the individual type, location and characteristics of the premises and events concerned
- should not be standardised
- should not replicate offences
- should be proportionate, justifiable and be capable of being met
- cannot seek to manage the behaviour of customers once they are beyond the direct management of the licence holder and their staff
- should be written in prescriptive format

- 1.8 At the outset of the new licensing regime the statutory guidance issued under section 182 contained a model pool of conditions. This has since been relegated to 'supporting guidance' but remain a useful reference point for the development of conditions.

- 1.9 The Act and its guidance are very clear that a list of standard conditions imposed in every case is not the correct manner in which conditions are to be used. They need to be applied where they are considered appropriate and proportional to the particular circumstances of any individual case. This does not mean however that a licensing authority cannot develop a 'pool of potential conditions' from which it can select an appropriate and proportional condition that fits the circumstances under consideration.
- 1.10 The Nottinghamshire Authorities Licensing Group (NALG) developed such a pool of conditions in conjunction with the responsible authorities some years ago. This was done so that there was some consistency across the county.
- 1.11 During a number of recent Licensing Hearings the validity and usefulness of some of the potential conditions has been questioned by both Members and officers and there was a subsequent request by Members to review the conditions.
- 1.12 These are conditions that cover the four licensing objectives and have wording which is considered to be clear, precise and enforceable. The pool conditions are also provided to ensure that the wording of conditions is consistent to assist the police and licensing enforcement staff as well as the licence holder.

2.0 Proposal/Options Considered

- 2.1 A small group of officers from the Nottinghamshire Authorities Licensing Group were tasked with undertaking a review and updating the pool of conditions.
- 2.2 This review has unfortunately not been completed at the time of writing this report. A copy of the existing conditions are attached at **Appendix One**. It is anticipated that the revised pool of conditions will be considered by the aforementioned group of officers on 14 September 2022. The proposed changes will be verbalised at the Licensing Committee meeting.
- 2.3 The conditions cover the four licensing objectives and have wording which is considered to be clear, precise and enforceable. The pool of conditions are also provided to ensure that the wording of conditions is consistent to assist the Police and licensing enforcement staff as well as the licence holder.

3.0 Implications

- 3.1 In writing this report and in putting forward recommendations, officers have considered the following implications; Data Protection, Digital and Cyber Security, Equality and Diversity, Financial, Human Resources, Human Rights, Legal, Safeguarding and Sustainability. No implications have been identified.

Report Summary	
Report Title	Temporary Event Notices Received and Acknowledged between 1 April and 30 June 2022.
Purpose of Report	To inform Members of types of Temporary Event Notices and Notices that have been received and acknowledged between 1 April and 30 June 2022.
Recommendations	That the report be noted.

1.0 Background

1.1 The Licensing Act 2003 introduced a light touch system for ad hoc, permitted temporary activities. A Temporary Event Notice (TEN) is given by an individual (a premise user) and authorises the premises user to conduct one or more licensable activities at premises.

1.2 There are two types of TEN:

- A standard TEN, to be given no later than 10 working days before the event to which it relates
- A late TEN, can be given 9 and not later than 5 working days before the event. Late TENs are intended to be used by premise user who is required for reasons outside their control to for example, change the venue at short notice.

1.3 Only the Police and Environmental Health can make representation against the TEN. Once the Police and Environmental Health receive a TEN, they have 3 working days to make any objections to it on the grounds of any of the four licensing objectives:

1. prevention of crime and disorder,
2. prevention of public nuisance,
3. public safety and
4. the protection of children from harm.

If no objections are received the event will go ahead as planned. If an objection is received for a standard TEN the Council will have to organise a hearing to consider the objection and may impose conditions or decide that the event cannot go ahead. If an objection is received against a late TEN, no hearing is held and the application is refused.

1.4 A detailed list of Temporary Event Notices is attached at **Appendix A**.

2.0 Proposal/Options Considered

To provide Members with details of the Temporary Event Notice received.

3.0 Implications
