

- 5.4 Regarding recommendation k., the Bassetlaw, Newark and Sherwood Community Safety Partnership (CSP) consists of the two district councils, Nottinghamshire County Council and the Nottinghamshire Office of the Police and Crime Commissioner (PCC). For 2023/24, it is currently proposed that the Partnership Analyst spends their time working equally for the two district councils. It is currently proposed that the estimated cost of the analyst, currently £35,000, be split equally between the two district councils. The Council would therefore need to add £17,500 to its budget in 2023/24 and future years to pay for its share of the post.
- 5.5 The Domestic Abuse Act 2021 placed new duties on English local authorities. As a result of this legislation, the Council has received £31,000 annually in 2021/22 and 2022/23 to fund the costs of its new duties. The Council currently expects to receive similar amounts in future years. If the Council does receive this grant funding, it may use some of the monies received towards the costs of the Partnership Analyst, subject to agreement between the relevant officers.
