

Report to: Policy & Performance Improvement Committee Meeting - 26 June 2023

Director Lead: Suzanne Shead – Director Housing, Health & Wellbeing

Lead Officer: Julie Davidson, Business Manager Housing Services - 01636 655542

Report Summary	
Report Title	Tenant Engagement Strategy
Purpose of Report	The purpose of the report is to share the draft Tenant Engagement Strategy which includes the engagement framework, regulatory landscape and how successful engagement will be measured.
Recommendations	To endorse the Tenancy and Engagement Strategy for approval as recommended by the Tenant Engagement Board (extra meeting being arranged to approve before PPIC).

1.0 Background

- 1.1 The Tenant Engagement Strategy sits alongside the Newark & Sherwood District Council's Consultation and Engagement Strategy 2022-2027 and sets out how we seek out, listen to and act on the views of tenants and leaseholders.
- 1.2 Effective and meaningful tenant engagement is expected of all landlords which is clearly demonstrated by the Charter for Social Housing Tenants, its inclusion in the imminent Social Housing Bill and is subject to regulation through the Regulator of Social Housing's consumer standards.
- 1.3 This strategy outlines the importance of tenant engagement in every aspect of housing services and what our approach looks like, including how the tenant engagement team can support with effective engagement.
- 1.4 The strategy supports the Council to create vibrant and self-sufficient local communities where residents look out for each other and actively contribute to the local area.

2.0 Proposals

- 2.1 The Tenant & Engagement Strategy, Engagement Calendar (to follow) and menu of involvement are attached as **appendices** to this report for comment. If approved a work plan will be created to set out activities required over the life of the strategy to make sure it is effective, current and meaningful for tenants.

- 2.2 The strategy sets out how performance of housing services will be measured both at the time of consultation and tenants perceptions of the opportunities for involvement. The tenant satisfaction measures that were introduced in April 2023 will help to gather tenant perception that views are listened to, acted on and that tenants feel they are treated fairly and with respect.
- 2.3 The Tenant Engagement Board has approved the creation of a service specific Local Influence Network around building safety which has been added to the strategy for endorsement.

3.0 Implications

- 3.1 In writing this report and in putting forward recommendations, officers have considered the following implications: Data Protection, Digital and Cyber Security, Equality and Diversity, Financial, Human Resources, Human Rights, Legal, Safeguarding and Sustainability.

3.2 Financial Implications

This strategy has no direct financial implications although the training and support for involved tenants to build their skills and knowledge will require funding via the efficiency savings secured through housing services being brought back into the Council. Budget is already available to support tenants incurring reasonable costs to participate in events and meetings.

3.3 Equalities

The strategy has no direct equalities implications although there is an expectation that approaches to engagement are varied and reflect the needs and requirements of tenants. An Equality Impact Assessment has been completed.

3.4 Tenant Involvement

Local Influence Networks (LINs) have been consulted in the creation of this strategy which is welcomed to bring an updated framework to our existing arrangements. A review of the effectiveness of the LINs is underway to reflect on what is working well and identify what improvements can be made to how we engage.
