

Report to: Audit & Governance Committee Meeting  
22 November 2023

Director or Business Manager Lead: Matthew Finch – Communities and Environment

Lead Officer: Richard Bates – Safety and Risk Manager.

<b>Report Summary</b>	
<b>Report Title</b>	Strategic Risk Management
<b>Purpose of Report</b>	To provide an update to members on the status of the Council's 2023/24 Strategic Risk Register.
<b>Recommendations</b>	Members of the Committee are recommended to note the content of this report and to highlight any issues of concern.
<b>Reason for Recommendation</b>	To ensure Committee members are aware of the status of the Council's strategic risks.

## **1.0 Background**

- 1.1 The Risk Management function is the process of identification and management of significant risks faced by the Council which have the potential to prevent it from achieving its key/agreed objectives. Proactively identifying potentially significant risks and implementing suitable control strategies help prevent these risks from being realised, or this is not possible, mitigate to a tolerable level.
- 1.2 Strategic risks are those risks that have the potential to halt or significantly interfere with the ability of the Council to achieve its core objectives, priorities and/or ambitions.
- 1.3 The contents of the Strategic Risk Register were reported to Members in April 2023. The content of the current risk register has not changed since this last report and continues to have 10 strategic risks. These are listed in the table below.

<b>Strategic Risk Register – 2023/24</b>		
<b>Title</b>	<b>Description</b>	<b>Owner(s)</b>
<b>SR301 Financial sustainability – General Fund</b>	Ensuring financial sustainability of the general fund to allow the council to undertake its core functions, deliver services, meet its corporate priorities and objectives	Sanjiv Kohli
<b>SR302 Financial sustainability - HRA</b>	Financial sustainability of the HRA to ensure the council is able to provide, maintain and develop its housing stock.	Sanjiv Kohli Suzanne Shead
<b>SR303 Failure to deliver growth infrastructure</b>	Facilitating the provision of local infrastructure to ensure growth within the district to meet agreed plans & corporate priorities	Matthew Lamb
<b>SR304 Contract/supply failure</b>	Managing contracts with key suppliers, including NSDC wholly own companies, to ensure the continued delivery of an effective service and ensure delivery of the council's priorities and objectives.	Deborah Johnson Suzanne Shead
<b>SR305 Workforce</b>	Ensuring the council is able to recruit, maintain and retain appropriate staffing resource to ensure it is able to deliver its services and meet its corporate objectives.	Deborah Johnson
<b>SR306 Corporate governance</b>	Risk of failure in systems of governance within the council, council owned/influenced organisations and partnerships or other collaborative arrangements.	Sue Bearman
<b>SR307 Data management and security</b>	Deliberate or unintentional loss/disclosure of personal, sensitive, confidential, business critical information or breach of information governance legislation.	Sanjiv Kohli
<b>SR308 Environment</b>	Ability to meet requirements of the government's green agenda and aspirations/expectations of the NSDC community in delivering a greener/carbon neutral service.	Matthew Finch
<b>SR309 Regulatory and Statutory compliance management</b>	Implementation and maintenance of suitable statutory safety compliance management systems.	Sanjiv Kohli Suzanne Shead
<b>SR310 Cost of living</b>	To mitigate the effects of the cost of living crisis across the NSDC community (residents, businesses, tenants and colleagues) and understand support and delivery requirements. Support – increased demand on services to support those affected by the cost-of-living crisis Delivery – amending existing and providing new services to support those affected by the cost-of-living crisis	Suzanne Shead

1.4 All 10 strategic risks identified within the 23/24 register have fully developed and established action plans.

- 1.5 All strategic risk identified above are owned by a member of SLT. Risk owners, with the assistance of lead officers and Safety and Risk Manager meet on a quarterly basis to review and develop the risk.
- 1.6 All strategic risks continue to be reported to SLT, via our agreed assurance process, on a quarterly basis. The purpose of this process is to identify those risks that are red, failing or not reviewed during the previous quarter, for consideration by SLT.
- 1.7 All ten strategic risk assessments have been appended to this report in full.

2.0 **Strategic Risk Performance**

2.1 **Risk Score and Travel** - The table below illustrates the current risk scores and their location and risk score travel (since last reported to the Audit & Governance Committee) within the agreed corporate risk matrix.

<b>Likelihood</b>	<b>4</b> Certain		SR304=		
	<b>3</b> Very likely		SR310↓	SR305= SR307= SR309 =	SR303=
	<b>2</b> Likely			SR301= SR302= SR306↓ SR308=	
	<b>1</b> Remote				
		<b>1</b> Minor/ trivial	<b>2</b> Moderate	<b>3</b> Severe	<b>4</b> Critical
<b>Impact</b>					
<b>Green Risks</b> - Generally acceptable and require only monitoring with no further action.					
<b>Yellow Risks</b> - Present a higher level of risk /failure. They require an action plan that identifies how the risk is to be mitigated, managed or if possible, eliminated.					
<b>Red Risks</b> - These risks present the highest risk of failure/loss and therefore require the greatest level of management.					
<b>Risk Travel (2023)</b>					
=	Risk score has remained static				
↓	Risk score has decreased				
↑	Risk score has increased				
→	Risk change, however, score remains the same				

2.2 Strategic risks SR303, SR305, SR307 and SR309 are currently all identified as red risks. The highest scoring risk is currently SR303.

2.3 Whilst every reasonable effort will be made to reduce the risk to a level to ensure compliance with the corporate risk appetite, it should be noted that the very nature of strategic risks are complex and influenced by many outside factors/controls. Some actions can be very long term and in other cases the ability to reduce the risk further may not be in the control of the council.

2.4 The table below illustrates the current risk score compared with the risk score reported to the previous Audit and Governance committee.

Risk Code and Title		Current Risk Score	Previous Risk Score
SR301	Financial Sustainability- General Fund	6	6
SR302	Financial Sustainability- HRA	6	6
SR303	Failure to Deliver Growth Infrastructure	12	12
SR304	Contract/Supply Failure	8	8
SR305	Workforce	9	9
SR306	Corporate Governance	6	9
SR307	Data Management Security	9	9
SR308	Environment	6	6
SR309	Statutory Compliance Management	9	9
SR310	Cost of Living	6	12

2.5 During the previous period 2 strategic risks have experienced a change to their risk score. In both cases the risk score has been reduced. Details of these changes are listed below:

a) **SR306 Corporate Governance:** Likelihood decreased from 3 (very likely to occur) to 2 (likely to occur) in September 2023. This decrease has been seen due to the embedding of the cabinet system. This risk is now currently at its agreed target risk.

b) **SR310 Cost of Living:** Risk score reduced in both likelihood and impact in April 2023. Likelihood has decreased from 4 (certain) to 3 (very likely to occur) and the impact has decreased from 3 (very likely to occur) to 2 (likely to occur).

This risk was initially scored high due to the immaturity of the risk and its associated mitigation. This risk has been significantly developed along with an action plan. Subsequently a number of actions implemented have reduced both the likelihood of failure and its impact. It has also been noted that since its inception the severity/impact experience has not been as great as initially perceived. It is, however, recognised that this risk is dynamic and may vary in term of likelihood and impact and will continue to be reviewed.

2.6 **Actions and Mitigation** - All 10 strategic risks identified within the 23/24 register have fully developed and established action plans.

2.7 The table below identifies the number of actions in progress for each risk along with the completed and outstanding actions.

Risk	Actions		
	In Progress	Completed	Overdue
SR301- Financial Sustainability GF	5	-	-
SR302- Financial Sustainability HRA	14	3	-
SR303- Failure to Deliver Growth Infrastructure	12	8	-
SR304- Contract/Supply Failure	9	2	-
SR305- Workforce	9	1	-
SR306- Corporate Governance	8	4	-
SR307- Data Management Security	16	4	-
SR308- Environment	8	3	-
SR309- Statutory Compliance Management	18	10	-
SR310- Cost of Living	13	2	-
<b>Total</b>	<b>112</b>	<b>37</b>	<b>0</b>

2.8 A total of 149 actions were identified for the 10 strategic risks for this period. 112 actions have been completed and a further 37 are in progress. All 37 actions are within their agreed target dates. There are currently no actions that are outstanding.

### 3.0 Proposal/Options Considered

3.1 It is proposed that a risk workshop will take place in January 2024. The workshop will lead SLT through the regional, national and international issues that may impact on the likelihood of a new risks developing. SLT will then review all the current risks to ensure they are still applicable to the Council and will identify any additional emerging risks that will need to be added to the register.

### 4.0 Implications

In writing this report and in putting forward recommendation's officers have considered the following a range of implications. This report in itself does not have any implications. During the risk reviewing process any controls that are identified are considered in terms of the implications they may have before they are agreed as an appropriate control.

Financial implications: FIN23-24/8598 There are no direct financial implications arising from this report.

### **Background Papers and Published Documents**

Except for previously published documents, which will be available elsewhere, the documents listed here will be available for inspection in accordance with Section 100D of the Local Government Act 1972.
