Portfolio Holder: Councillor Paul Peacock, Strategy, Performance & Finance

Director Lead: Sanjiv Kohli, Director – Resources and Deputy Chief Executive

Lead Officer: Jenna Norton, Senior Accountant, Financial Services, Ext. 5327

Report Summary	
Type of Report	Open Report, Key Decision
Report Title	Capital Programme Budget 2024/25 to 2027/28
Purpose of Report	In accordance with the Financial Regulations 6.2.3, Cabinet is required to consider the Capital Programme and recommend to the Council the final Programme for approval. This report details the proposed capital schemes over the medium term, together with the available resources to finance this.
Recommendations	It is recommended that Cabinet recommend to full Council on 7 March 2024 the General Fund schemes set out at Appendix A to the report and the Housing Services schemes set out at Appendix B to the report as committed expenditure in the Capital Programme for 2024/25 to 2027/28.
Alternative Options Considered	If the Council did not have a Capital Programme, this would result in not being able to deliver the schemes and not achieve the objectives in the Community Plan.
Reason for Recommendations	To enable the Capital Programme to be considered by Cabinet in accordance with Financial Regulation 6.2.3 prior to its submission to Council.

1.0 Background

- 1.1 The Capital Strategy was approved by Council on 8 March 2023. It contains the Capital Appraisal form template and the prioritisation criteria, which is in two stages. The schemes need to meet the criteria in stage 1, to progress to stage 2.
- 1.2 Capital Appraisal forms were circulated to all Business Managers during summer 2023 to enable bids for new Capital schemes. Completed forms were scored in conjunction with the prioritisation criteria. The Council's Senior Leadership Team (SLT) considered the results of this exercise and the proposed Capital Programme included within this report, contain those schemes that were agreed to be appropriate for consideration by Cabinet.

Phase 6 New Build Programme	S106 where appropriate, Capital Receipts and Borrowing

3.5 Details of individual schemes are shown in **Appendix B**.

4.0 Resources Available

4.1 External Grants and Contributions can provide additional resources to the Capital Programme. Grant funding is subject to a detailed bidding process. Officers continue to liaise with external parties to secure the maximum available inward investment in order to contribute towards the delivery of the capital programme.

4.2 The most significant grants currently forecast over the medium term are from the Towns Fund, Shared and Rural Prosperity Fund's, Decarbonisation Wave 2.1 and the Better Care Fund (BCF) for Disabled Facilities Grants (DFG's). In addition to this, grants held from previous years for specific purposes are due to be utilised. For example, the Towns Fund projects, where grant instalments were received during 2022/23 and 2023/24, which is forecast to be utilised over the next financial year.

4.3 Capital Receipts

	General Fund £'m	HRA £'m	1-4-1 £'m	Total £'m
Estimated Balance @ 1 Apr 2024	0.499	0.377	0.020	0.896
Estimated Receipts 2024/25 – 2027/28	5.826	4.810	3.162	13.798
Approved for Financing 2024/25 – 2027/28	5.885	5.181	0.780	11.846
Unallocated Capital Receipts Balance	0.440	0.006	2.402	2.848

4.6 The general fund capital estimated receipts of £5.826m are made up of the sale of the residential properties on Stodman Street and the 50% staged payment for land at Lowfield Lane, due to be sold to Arkwood Developments.

4.7 The HRA capital receipts and 1-4-1 figures above relate to forecast Right to Buy (RTB) sales. The 1-4-1's are restricted for replacement homes and must be used as follows:

- Amount to no more than 40% of the new build scheme cost
- Spent within 5 years of receipt, or returned to Government with interest

Officers continue to monitor the deadlines closely and maximising use where practicable within the new build programme in order to avoid having to pay the remaining balances to Government with interest.

4.8 Where appropriate, the use of existing capital resources is prioritised. Borrowing is utilised for assets with longer asset lives, where the impact of interest and Minimum Revenue Provision (MRP) can be spread over the useful economic life of the asset, whilst minimising the impact on the General Fund. Leasing is also tightly controlled within the revenue budgets for the same reason and is rarely used as the interest rates remain low, therefore borrowing is currently a more attractive means of financing capital expenditure.

Subject to the approval of the proposals outlined in section 2.0 and 3.0 above, the current plan for financing the capital programme is shown below.
