

Summary of Application

Name of Premises	The Roaring Meg, Newark	Type of Application	Premises Licence Review
-------------------------	--------------------------------	----------------------------	--------------------------------

Point Number	Detail	Action
1	A review was submitted on 6 November 2024 by Catrin Styles, Environmental Health Officer on the grounds of public safety. See Appendix B	
2	A visit to the premises was undertaken on 9 October 2024 following information received by Environmental Health. During the visit safety issues were identified concerning live and exposed electrical wiring and a damaged electrical installation structure. Following notification of the issues to the Premises Licence Holder, Cycle PS Ltd, they stated that they had no responsibility for repair and maintenance of the premises, and this was down to the leaseholder. This arrangement suggests that there is a lack of accountability for the state of the premises and the Premises Licence Holder is not able to ensure public safety is maintained.	

Summary of Representations/Conditions Requested (Other Persons)

Point Number	Detail	Action
3	Appendix G – Newark Town Council – Supports the review of the premises licence at The Roaring Meg. Further information has been requested but nothing has been received.
