

Question to Council from Councillor Celia Brooks

At the Full Council Meeting held on 10th April 2018 the following motion was carried unanimously:

“Newark and Sherwood District Council as a waste collecting authority:

- *Support the growing national campaign to highlight the dangers of single use plastics to our environment especially our oceans;*
- *That we commit to work with our waste management partners, Nottinghamshire County Council and Veolia, to maximise the amount of plastic and other materials which can be recycled;*
- *We review and reduce our reliance on single use plastics throughout the Council’s services and encourage others to do the same and to use alternative materials wherever possible;*
- *Agrees that a paper is brought to the Council’s Leisure and Environment Committee on how we progress these objectives.”*

Could we have a report on what measures have been taken to action the above and what progress, if any, has been made against each of these objectives?
