1. Introduction

Welcome to Newark and Sherwood's Community Plan covering the period 2019-2023. The plan sets out what the Council intends to achieve over the next four years to improve residents' quality of life and enable those who live, work and invest in Newark and Sherwood to prosper and fulfil their potential.

Our Community Plan is underpinned by feedback from those we serve and work alongside. Between October and December 2018, we carried out a major consultation exercise, receiving 11,224 responses from local residents in addition to feedback from parish councils, local businesses and other partners. We can be confident, therefore, that our focus is on the things that matter most to those who live and work in Newark and Sherwood.

It's also worth emphasising that our Community Plan is not something that Newark and Sherwood District Council can deliver on its own. Tackling crime, improving health and providing new homes and jobs are just some of the many examples where we rely on the excellent support from partners across the public, private and voluntary sectors. In addition, whilst our attention is on local priorities, it's also crucial that we network and influence on a much larger scale in order to generate the investment that we desperately need to provide major items of infra-structure such as the Southern Link Road and A46 northern by-pass.

Since 2010, our funding from national government has been reduced by 60%, equivalent to £6.198m as part of a wider programme to reduce the national debt. Rather than allowing this to limit our ambitions for the local community, we're becoming increasingly commercial to generate new income streams at the same time as retaining our public service ethos.

We hope that the Community Plan expresses our passion and enthusiasm to make a difference and gives you a useful insight into what we're striving to achieve and how we intend to go about that.

John Robinson
Chief Executive

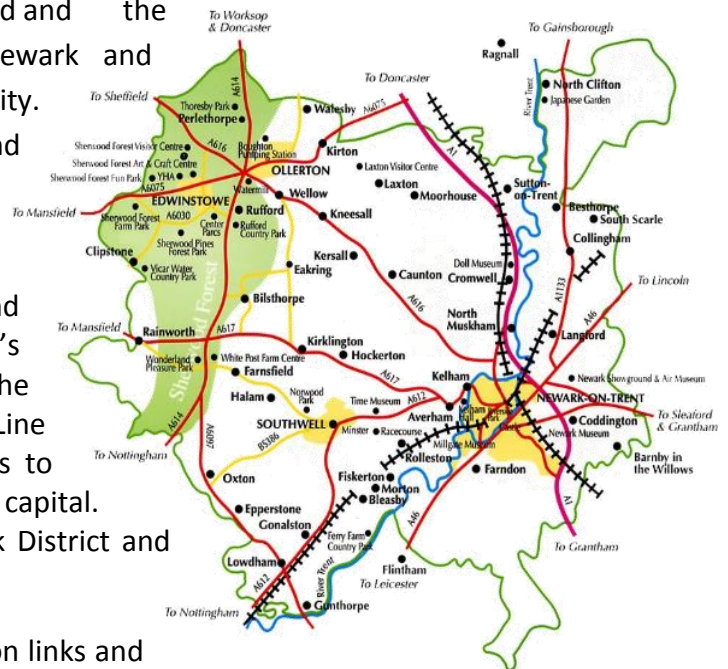

Councillor David Lloyd
Leader of the Council

2. About Newark and Sherwood

Home to the legendary Robin Hood and the ancient Sherwood Forest the district of Newark and Sherwood is rich in history and community. Vibrant market towns, former mining areas and dozens of picturesque villages all have their unique stories to tell.

The cities of Nottingham (to the West) and Lincoln (to the East) are within half an hour's travel. The A1 national highway runs through the district and there is an East Coast Main Line railway station at Newark, with regular trains to London taking just over an hour to reach the capital. The neighbouring areas of Yorkshire, the Peak District and the east coast resorts are also easily accessible.

With low cost housing, excellent communication links and an enviable range of local attractions including a castle, theatre, Sherwood Forest and the national Civil War Centre, Newark and Sherwood is a popular place to live and invest in and a perfect base for exploring more of the Heart of England.

3. About Newark and Sherwood District Council

Newark and Sherwood District Council serves 120,965 people, covering over 65,134 hectares of land, which contains 84 civil parishes and 21 wards. 39 elected members represent the District and work in collaboration with 435 employees to high quality services to residents.

4. Our Purpose - What we're here for

Newark and Sherwood already has much to be proud of. A captivating history, beautiful countryside, characterful market towns, world renowned businesses and an enviable location at the crossroads of the country's transportation network. We want to do all that we can to enable local residents and businesses to flourish and fulfil their potential as well as encouraging more visitors to enjoy all that Newark and Sherwood has to offer. In order to achieve these, we will be locally focused and nationally connected – driven by what matters most to the people we serve and with a perspective and relationships stretching well beyond our boundaries.

5. Our Values - What we stand for and how we conduct our business

We want to serve our local community the best way we possibly can. As public servants we place a great emphasis on adopting a public sector ethos and seek to embody this in the way that we interact with you and with each other. As part of the community plan re-refresh we have revisited the Council's Purpose and Values to make it clear what we are here to do and how we will go about it.

6. Our Services

Newark and Sherwood District Council provides a range of services as highlighted in the image below. Some of these services are universal, for the benefit of everyone and are highly visible. Examples include refuse collection, street cleaning and parks and playgrounds. Other services we provide are more targeted, for the benefit of specific individuals or groups of individuals. Examples include providing temporary accommodation for people who are homeless and housing adaptations for people with disabilities. It is also important to emphasise that the services we directly provide are just one aspect of our role. Very often, we work in partnership with others to commission and influence services that benefit local people and local businesses.

7. Our Organisation

Residents of Newark and Sherwood are represented by 39 elected members. At the time of preparing this plan, the political composition of the Council is as follows:

Councillors are responsible for making decisions on behalf of the local community about a wide range of local services. The work of a Councillor includes helping and supporting individuals and local organisations, campaigning on local issues, representing the interests of Newark and Sherwood at a County, Regional and National level. Councillors appoint a Leader and Deputy Leader to provide political leadership and direction for the Council as a whole. Significant decisions are taken by a number of Committees, for example, dealing with planning, housing or environmental matters. Each year, Councillors also appoint a Chairman to undertake civic responsibilities on behalf of the whole Council.

The Council employs 435 members of staff divided into four areas as shown below.

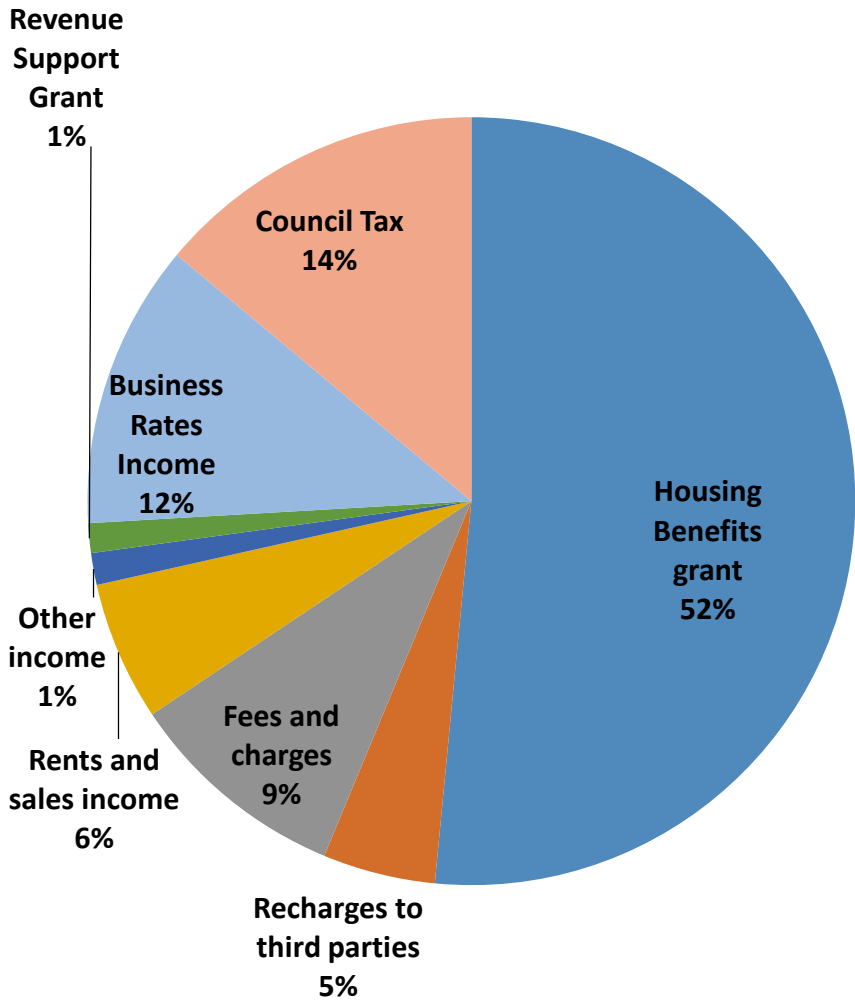

7. Our Funding

Over the past decade, the amount of funding available to Newark and Sherwood District Council has reduced significantly. Central Government funding for Newark and Sherwood District Council has reduced from £7.5 million in 2014/15 to £4.1 in 2018/19 representing a 45% reduction in core funding.

Therefore, in order to continue to deliver high quality services, the Council has re-organised its operations in order to reduce expenditure and increase its income. Further details of our plans to generate additional income can be found in the Commercial Strategy and Investment Plan. Further information on service expenditure can be found in Newark and Sherwood District Council’s annual Statement of Accounts.

The diagram below provides a breakdown of how Newark and Sherwood District Council activities were funded for 2018/19.

What do we want to achieve?

In mid-2018 we launched our Cleaner, Safer, Greener campaign. We are keen to build on its success and create cleaner, safer and greener places for our communities to live in. This is in-keeping with the views of our residents with 51% of the respondents in the resident survey selecting “keeping the streets and public areas clean and tidy” as one of the most important services to them with 41% of respondents stating that it is an area in need of improvement. Over the period of the plan we will focus our efforts on reducing the amount of littering, fly tipping, graffiti and dog fouling in the District. We aim to do this by working with schools, businesses, and residents through a combination of support, education and enforcement activities.

We will do this by:

Reducing littering, fly-tipping, graffiti and dog fouling, through a programme of education aimed at changing behaviours to include:

- Running targeted campaigns to reduce incidences of littering, fly tipping, graffiti, and dog fouling; the recent launch of PAWS which promotes responsible dog ownership is an example of such a campaign;
- Designing/delivering a school engagement programme, targeted at areas where there are high incidences of litter and tailored according to the ages of the children e.g. focus on education for younger children and deterrence for older children;
- Increasing awareness and take up of the bulky waste collection service offered by the Council.

Increasing the number/profile of enforcement actions by:

- Maximising communications around high level enforcement actions undertaken by the Council ;
- Increasing the number of Fixed Penalty Notices (FPNs) issued;
- Increasing public awareness of the consequences of fly tipping;

Supporting communities to build civic pride and facilitating activities to enable communities to improve their local areas by:

- Developing a network of volunteers;
- Facilitating community litter picks.

Working with, and influencing, organisations and businesses to promote change including:

- Considering how to reduce litter from takeaway establishments;
- Responding to the National Waste Strategy;
- Working with partners to tackle nuisance neighbourhood offences;
- Lobbying Nottinghamshire County Council regarding access to recycling centres and the reduction of fly tipping;
- Engaging with social media providers to increase awareness of the issue of littering, fly tipping, graffiti and dog fouling.

Targeting heavily littered areas including:

- Trunk roads on the A1, A46 and A617 (subject to funding);
- Litter ‘hot spots’ across the district.

Taking steps to address all forms of street clutter including:

- Defining what we mean by street clutter, conducting an audit of street clutter across the district and developing/implementing an action plan to address.

Reviewing/allocating resources to continue to deliver against the Cleaner, Safer, Green (CSG) agenda as part of normal day to day operations:

- Re-allocating resources to increase capacity around street cleansing.

Performance Measures and Targets

These are the key things that we will measure our performance against:

Performance Measure	Target	Frequency	Manager Responsible
Percentage of failing sites - street and environmental cleanliness – litter and detritus.		Quarterly	Waste & Transport
Percentage of respondents to the resident survey satisfied or very satisfied with the cleanliness of their local area		Annually	HR & Organisational Development
Total number of FPNs and CPNs issued for environmental offences		Quarterly	Public Protection
Number of community activities facilitated by NSDC aimed at improving local areas		Quarterly	Waste & Transport/ Public Protection
Average no. of days taken to respond to fly tipping requests		Quarterly	Waste & Transport
Average no. of days taken to respond to graffiti requests		Quarterly	Waste & Transport

Reduce crime and anti-social behaviour, and increase feelings of safety in our communities.

What do we want to achieve?

As a Council we recognise the importance of providing our residents with a safe place to live. To achieve this we will work with partner organisations to help reduce the incidences of crime and anti-social behaviour (ASB) by gathering and using intelligence more effectively to ensure a more consistent and coherent approach when responding to unlawful behaviour. We will also seek to implement a programme of diversionary activities to help improve behaviour to reduce incidences of ASB generally. During the period of the plan we also hope to reduce the fear of crime within our communities by increasing the visible presence of uniformed officers and maximising the use of CCTV. Feedback from the 2018 Resident Survey shows that 79% of residents feel safe during the day. This falls at night with only 41% of residents feeling safe in their local area after dark. This is 35% lower than the national average highlighting this is a key area for improvement. At the end of the period of this plan we hope to have improved feelings of safety across our communities.

We will do this by:

Increasing visible presence of uniformed officers

Improving intelligence gathering regarding crime and Anti-Social Behaviour (ASB) by:

- Encouraging the reporting of ASB and low level crime;
- Increasing visibility of officers on the street to promote 'ad hoc' reporting of crime and ASB;
- Publicising outcomes of formal actions taken against individuals who are responsible for large amounts of ASB;
- Engaging with community groups to improve intelligence gathering.

Maximising the use and coverage of Close Circuit Television (CCTV) to increase feelings of safety through:

- Overlaying crime and ASB hotspots with CCTV coverage;
- Investigating the use of mobile, re-deployable and covert cameras to target hotspots – e.g. the use of waste vehicle dash-cams to capture ASB and environmental offences such as fly tipping;
- Investing in new technology to improve camera images and coverage as well as increasing accessibility to images captured to support enforcement actions by the Council, the police and other relevant agencies.

Implementing a programme of diversionary activities to support individuals and communities in order to improve behaviours by:

- Working with the community using the Ollerton Community Alcohol Partnership and considering potential to roll out across other areas within the district;
- Working with arts and community arts projects/ programmes.

Positively engaging with the Gypsy and Traveller community to address public perceptions that firmer and more consistent enforcement action is required by:

- Working with the Police to tackle the minority of people and groups who cause disruption and/or reputational damage within the Gypsy and Traveller Community;
- Working with partners and the Gypsy and Traveller community to improve access to services and levels of take-up;
- Adopting and implementing a consistent and robust approach to unauthorised Gypsy and Traveller encampments.

We will also seek to improve public transport provision within and across the district in-line with resident feedback.

We will we do this by:

Generate more income, improve value for money and increase residents' satisfaction with the Council

What do we want to achieve?

As a Council it is really important to us that residents are satisfied with the services that we provide. During the period of the plan we will continue to maintain, and where possible, improve service delivery standards by working with partners and/or re-allocating resources to deliver improved performance in line with resident feedback. We will engage with members of our community to implement improved self-service arrangements through digital access so that we can focus on supporting the most vulnerable in our community. At the same time we will adopt a more commercial approach, developing innovative ways to use our resources to ensure that we continue to deliver value for money.

We will do this by:

Maximising use of technology by:

- Continuing to support digitalisation for Councillors;
- Continuing to support and develop digitalisation for residents interactions with the Council;
- Improving technology internally.

Undertaking a review and implementation of preferred option into the most cost effective and appropriate way to deliver management of the Council's housing stock.

Communicating with residents to celebrate the Council's successes by:

- Carrying out a review of the Communications Strategy to develop a more pro-active approach to celebrate success;
- Carrying out an annual resident survey and a full repeat Resident Survey via Survey Monkey with paper copies available if requested and a full paper/on-line survey every four years;
- Communicate how the district Council has spent allocation of Council Tax to deliver its priorities;
- Producing an annual update on how the Council is performing against its objectives.

Using the data that we already collect to better understand our customers and shape service delivery by:

- Analysing the demand from our customer enquiries/ service requests;
- Using feedback from consultations (as outlined above).

Flexible allocation of resources to meet Council objectives by:

- Undertaking regular reviews to ensure that resources are appropriately allocated to the Council's priorities and objectives, taking steps in year to realign where necessary.

10. Our Performance

Newark and Sherwood District Council's Performance Management Framework

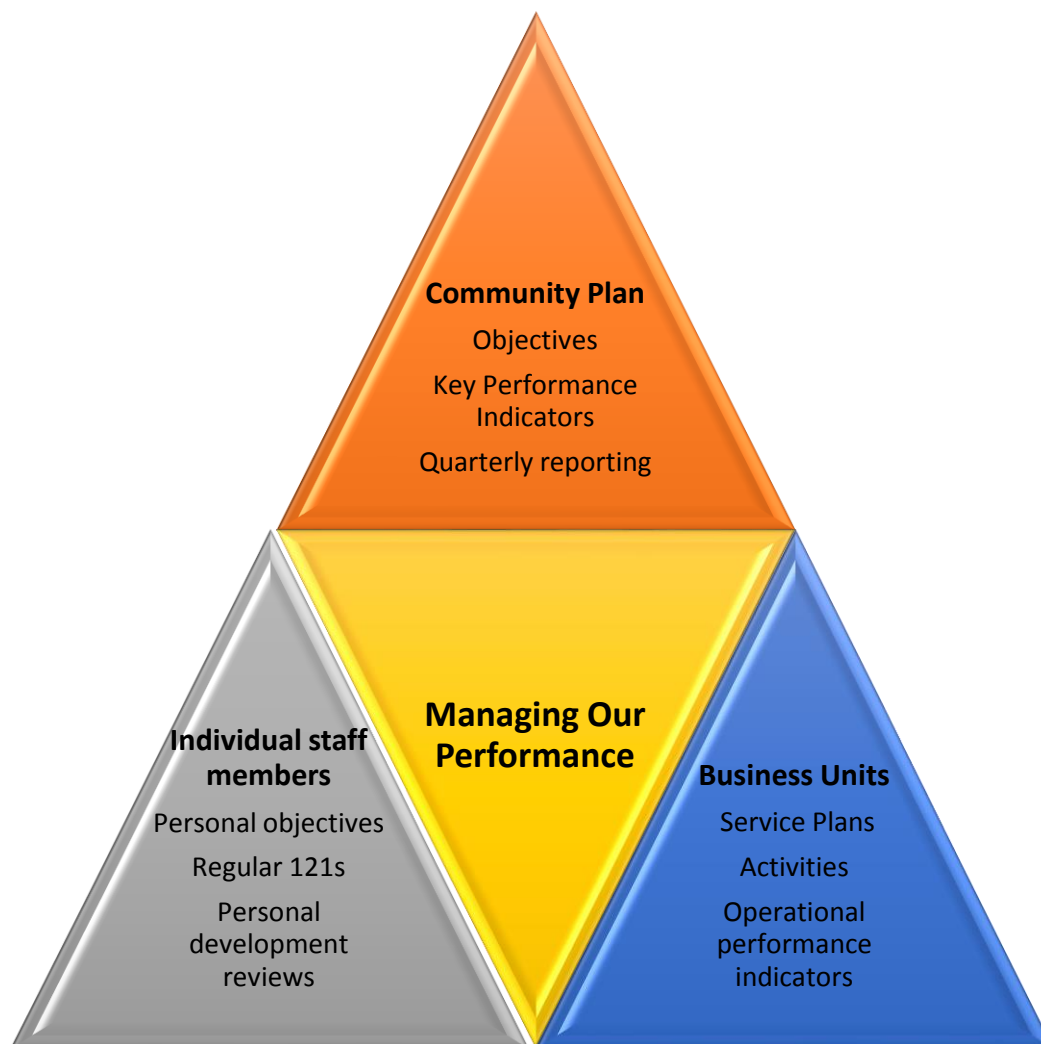

What is performance?

Performance management is the activity and set of processes that aim to maintain, improve and measure performance to ensure an organisation is delivering its objectives. It is strategic as well as

operational, as its aim is to ensure that employees contribute positively to and understand an organisation's overarching corporate objectives.

At Newark and Sherwood District Council we measure performance at a variety of levels including corporate, service, and individual. Metrics are agreed for each level and incorporated into our performance management system. Regular reports demonstrating how we are performing against **Our Plan** will be presented at Committee and published on our internet page.

The following diagram represents how the three levels of performance management interlink.

11. Listening to Our Residents

Consultation on the Corporate Objectives

Newark and Sherwood consulted with residents and stakeholders on the objectives included within this plan. This consultation took place between October and December 2018 and consisted of 3 strands:

1. 11,224 residents completed a survey equating to an 11.3% response rate.

2. 27 parish/ town council's completed a questionnaire equating to a 36% response rate.
3. 14 stakeholders provided feedback representing several key partnerships.

The results of the corporate objectives consultation were shared with the Senior Leadership Team and Business Managers and used to refine/reshape the draft objectives. Key activities under each objective were prioritized to reflect feedback from residents on those areas that were most in need of improvement. What we have done so far...

As the 11,224 responses were recorded we listened to the feedback coming in and responded to some of themes identified by prioritising key activities. The survey showed us how important it is to our residents to feel safe in their local area, and as such we worked with the Police to get a new Town Centre Police officer dedicated to crime prevention in Newark town centre. We also purchased the Buttermarket in order to bring this unique building back into full use and secured the development of Robin Hood to revitalise Newark Town Centre with the aim of improving the feel of the town and reducing anti-social behaviour.

The consultation also highlighted the importance of tackling anti-social behaviour and the blights of fly tipping, littering and dog fouling. This bolstered the importance of Newark and Sherwood’s decision to employ two new community protection officers. These officers will have the power to issue fixed penalty notices (FPNs) on those who flout the law and will be working with the community to encourage a responsible approach to looking after the environment. Two further officers will be recruited in 2019 to help reduce anti-social behaviour, littering, dog fouling and fly tipping.

Newark and Sherwood also undertook a successful day of action in Blidworth in November. The day included; a successful community litter pick, intensive street sweeping, pothole filling, street light repairs, foliage trimming, graffiti removal, the installation of replacement and additional litter bins, educational activities on responsible dog ownership and planting of bulbs. The success of the day, and the engagement of the community, reflects the importance of cleanliness in our local areas, tackling anti-social behaviour and respecting our green spaces. The Council will be undertaking another day of action in Hawtonville in March tackling a range of environmental, safety and welfare issues, building on the sense of pride in the community and the desire to maintain clean and safe neighbourhoods.

Residents also expressed their wish for improved care and support for vulnerable groups. Newark and Sherwood district Council responded to this by putting in a bid for further funding to support rough sleepers, securing £106 thousand pounds for disabled facilities grants across the district and securing funding for the provision of an extra care facility in Ollerton. We also worked with several key partners to secure funding for improvements at

Ollerton roundabout to begin addressing the congestion and infrastructure concerns of residents.

Future Consultation

The community plan will be refreshed annually to look back at the work done over the last year in order to review Council performance and mark progress against the key activities outlined in the plan. This refresh will be added as an appendix to the existing plan and will highlight how we have performed over the last year and highlight how we are progressing against the promises made in this plan.

Consultation with residents will be embedded into the strategic planning process and full consultation with residents will occur every 4 years to allow us to monitor progress against objectives, and continue to give residents the opportunity to be heard. Light-touch consultation will occur annually in association with the refresh of the community plan to ensure that we are delivering on our objectives.
