

**6. APPLICATIONS, NOTIFICATIONS AND THEIR CONSIDERATION**

6.1 The procedure and documentation required for the various applications and notices is prescribed by the Act and Regulations. Further advice on these processes is available on the Council's web site. This section of the policy gives basic guidance on how those applications and notifications will be considered. Failure to comply with the statutory requirements may result in the application or notice being invalid. To ensure the application is completed fully, applicants must consider the contents of this policy statement, the government guidance issued under section 182 Licensing Act 2003 and relevant guidance published by the licensing authority. Applicants are encouraged to seek advice from the licensing authority and responsible authorities before submitting an application. Failure to comply with the statutory requirements may result in an application or notice being invalid/rejected.

6.2 The processes of applying for new premises licences and full variations of current premises licences are dealt with in same way and involve serving the application on all Responsible Authorities and advertising the application in the prescribed way. If objections are received the matter will be heard by the Licensing Committee of the Council. The fee for such applications depends on the size of the premises.

6.3 The process of a minor variation to current premises licences are dealt with differently. Minor variations can be applied for to vary times of activities but not to increase the hours when alcohol can be sold. The process can also be used when making minor structural alterations to the premises and to add or remove conditions from the licence. These minor variations should not have a material effect on the way in which the premises are operated, and there is one set fee. The granting of a minor variation is determined at officer level after consultation with those Responsible Authorities affected. If the application is refused the applicant can resort to the full variation process.

6.4 All applicants are encouraged to use the gov.uk site to submit on line applications.

**6.5 Representations**

6.5.1 Where the licensing authority receives an application for a new licence or a variation to an existing licence, the responsible authorities and other persons have 28 days to make representations about the application. Representations can be positive as well as negative. Guidance on making a representation is available from the Home Office and a preferred form 10 is available on the Council's Licensing web page for individuals or groups to make their representations.

6.5.2 Submissions of representations made via e-mail will be accepted so long as there is a clear indication of who has submitted the representation, it is clear and legible and details of how that person or group can be contacted.

- 6.5.3 For a representation to be relevant it should be positively tied or linked by a causal connection to particular premises. Representations received outside the statutory period for making such representations will be invalid and will not be taken into consideration when the application is determined. The Licensing Authority also has the power to reject a representation made by someone other than a Responsible Authority if it finds it to be vexatious or frivolous. An example could be where a representation was made solely on the basis that the application would provide competition to an existing trader, where there is no relevance or link was made to any of the licensing objectives.
- 6.5.4 Members of the public who wish to submit a representation need to be aware that their personal details will be made available to the applicant. If this is an issue, they may contact their ward Councillor or other locally recognised body such as a resident's association about submitting a representation on their behalf. The Council is not able to accept anonymous representations.
- 6.5.5 Where a representation proceeds to a hearing the Hearings Regulations allow for further information to be put forward in support of that representation. However, that material must only relate to the initial representation and must not add new grounds of objection. It is therefore vitally important that as much detail and evidence as possible is included at the time the representation is made. Representations made without supporting detail and evidence may be viewed as frivolous or vexatious and disregarded.
- 6.5.6 It is for the Licensing Authority to determine whether any representation by an interested party is, on its own merits, vexatious or frivolous. The Authority will determine this and make the decision on the basis of what might ordinarily be considered to be vexatious or frivolous.
- 6.5.7 Where representations are received, the characteristics of an area and the impact that the premises may have upon that area, will be a fundamental consideration in determining whether a licence should be granted, and if so what conditions should be attached to it. Conditions will be focused on matters that are within the control of individual licensees and others in possession of relevant authorisations. These matters will centre on the premises being used for licensable activities and the vicinity of those premises. What amounts to the "vicinity" will be a question of fact to be determined in the light of the individual circumstances of the case. Consideration will primarily be given to the direct impact of the licensed activity on those who live, work or are engaged in business or other activities in the area concerned.

## **6.6 Responsible Authorities**

- 6.6.1 Although the licensing authority is a responsible authority in its own right, it expects other parties such as local residents, Councillors or community groups should make representations in their own right when they are reasonably able to do so rather than rely on the licensing authority to make representations for them.

6.6.2 The Director of Public Health is responsible for making representations and observations on applications on behalf of health bodies. Public health is not yet a licensing objective but Public Health is a responsible authority under the Licensing Act, and the licensing authority believes that public health has much to add to licensing in relation to the local populations' alcohol related health needs. Health bodies such as Public Health have unique access to data not available to other responsible authorities which may inform licensing decisions. Public Health is useful in providing evidence of alcohol related health harms particularly in relation to cumulative impact policies.

## **6.7 Panel/Committee Hearings**

6.7.1 The Act creates a presumption that applications will be granted unless a valid representation is raised. An application will then be determined by the Licensing Committee/Panel unless the issue that led to the representation can be negotiated to an agreed conclusion between the parties.

6.7.2 The Authority considers the effective and responsible management of the premises, the instruction, training and supervision of staff and the adoption of best practice in the leisure industry, which may include participation in such schemes as Pub Watch, Best bar None, Purple Flag or Business Improvement Districts, to be amongst the most important control measures for the achievement of all of the Licensing Objectives.

## **7. LICENSING POLICIES**

### **POLICY 1**

**The Authority expects to see evidence of the effective and responsible management of the licensed premises, such as examples of instruction, training and supervision of staff and the adoption of best practice used in the leisure industry, being specifically addressed within the Operating Schedule.**

***REASON: To ensure the promotion of the licensing objectives.***

7.1 Licensing law is not the primary mechanism for the general control of the anti-social behaviour of patrons once they have left the vicinity of the licensed premises, rather it is part of a holistic approach to the management of the District.

7.2 Where appropriate the Authority will seek to identify mechanisms that are available for addressing the potential impact of anti-social behaviour arising both in respect of the management and operation of licensed premises themselves and that arising once patrons leave the licensed premises. Regard will be had to the Section 182 Guidance in this respect and the following may be employed to address such behaviour and the potential for cumulative impact.

- Planning controls.
- Positive measures to create a safe and clean town centre environment in partnership with local businesses, transport operators and other departments of the local authority.

- The provision of CCTV surveillance in town centres, taxi ranks, provision of public conveniences open late at night, street cleaning and litter patrols.
- Powers of local authorities to designate parts of the local authority area as places where alcohol may not be consumed publicly.
- The confiscation of alcohol from adults and children in designated areas.
- Police enforcement of the general law concerning disorder and antisocial behaviour, including the issuing of fixed penalty notices.
- Prosecution for the offence of selling alcohol (or allowing such a sale) to a person who is drunk.
- Police powers to close down instantly for up to 24 hours any licensed premises or temporary events on grounds of disorder, the likelihood of disorder or excessive noise emanating from the premises causing a nuisance.
- The power of the police, other Responsible Authorities or a local resident or business to seek a review of the licence or certificate in question.
- Early Morning Alcohol Restriction Orders (EMROs).
- Any other local initiatives that similarly address these problems.

## **POLICY 2**

**When preparing or considering applications, applicants, Responsible Authorities, other persons and the Licensing Authority shall, where appropriate, take into account the following matters in assessing both the potential for the Licensing Objectives to be undermined and the appropriateness of, any conditions which may be offered or imposed on any resulting licence, certificate or permission:**

- (i) The nature of the area within which the premises are situated.**
- (ii) The precise nature, type and frequency of the proposed activities.**
- (iii) Any measures proposed by the applicant in the Operating Schedule.**
- (iv) The nature (principally in terms of the age and orderliness) and number of any customers likely to attend the licensed premises.**
- (v) Means of access to and exit from the premises.**
- (vi) The provision and availability of adequate seating and the restriction of standing areas.**
- (vii) Noise from the premises or people visiting the premises**
- (viii) The potential cumulative impact (see below).**
- (ix) Other means and resources available to mitigate any impact.**
- (xi) Such other matters as may be relevant to the application.**

***REASON: To ensure that all relevant matters are taken into consideration during the application process.***

7.3 The authority wishes to encourage high quality, well managed premises. The operating schedule should describe how these high management standards will be achieved. In particular applicants will be expected to demonstrate:

- Knowledge of best practice
- That they understand the legal requirements of operating a licensed business
- Knowledge and understanding of the licensing objectives, relevant parts of the licensing policy, and their responsibilities under the Licensing Act 2003

- 7.4 The operating schedule must include all of the information necessary to enable the licensing, responsible authorities and members of the public to assess whether the steps outlined for the promotion of the licensing objectives are sufficient. This will mean that applicants will need to complete their own risk assessments on their businesses. Where the operating schedule does not provide enough detail, there is an increased likelihood that representations will be made.
- 7.5 The authority will expect that the completed operating schedule is specific to the premises subject to the application and the licensable activities to be carried out rather than containing general or standard terms 7.6 Levels of noise from licensed premises, which may be acceptable at certain times of day, may not be acceptable later in the evening or at night when ambient noise levels are much lower. The main impact of customers arriving, queuing and leaving should be confined to principal pedestrian routes as far as possible. The impact of noise arising from patrons that are temporarily outside the premises (e.g. smoking or moving from one part of the premises to another), must be recognised and mitigated against.
- 7.7 Applicants should carefully consider the hours that they will wish to operate for each licensable activity and when to close their premises for the entry of customers and to require them to leave. They should consider each licensable activity separately and carefully, and reflect this in their operating schedule. Shops, stores and supermarkets will normally be permitted to sell alcohol and or late night refreshment at any time when they are open for shopping unless there are good reasons related to the promotion of the licensing objectives for restricting these hours.
- 7.8 Applicants should consider the benefits of stopping serving alcohol before other licensable activities stop and a suitable time before the premises close and customers must leave. In noise-sensitive areas operators should consider ceasing the playing of dance music and switching to quieter, slower tempo music with a less pronounced beat for a period prior to the closure of the premises.
- 7.9 Applicants should also consider making arrangements with local transport operators to provide information to customers to ensure they can access public transport and leave the vicinity of the premises quickly by the most appropriate route.
- 7.10 The Authority is mindful of the responsibilities that licence holders have for preventing anti-social behaviour on and within the vicinity of their premises. The Authority must, however, also bear in mind its statutory duty under the Crime and Disorder Act 1998 to do all it can to prevent crime and disorder in the District. Where appropriate, conditions will be imposed which reflect local crime prevention strategies.
- 7.11 Applicants are expected to have carried out the relevant assessments under other legislation (e.g. fire precautions, health and safety at work, etc) prior to submitting their applications. These assessments should be used to identify particular issues which may need to be addressed in the operating schedule in order to ensure that the objectives will not be undermined. Suggested methods of addressing Policy 2

may be outlined in more detail in any guidance issued by the Responsible Authorities but could include the matters listed below where appropriate.

- 7.12 Examples of recommended management practice to minimise Crime and Disorder:
- The provision of seating and restriction of 'standing only' premises to provide less congestion and potential for disorder
  - Use of CCTV both within and outside the premises.
  - Metal detection and search facilities.
  - Procedures for risk assessing promotions and events such as “happy hours” and plans for minimising such risk.
  - Measures to prevent the use or supply of illegal drugs.
  - Employment of licensed door supervisors and other appropriately trained staff.
  - Participation in an appropriate Pub Watch Scheme or other such scheme aimed at achieving a safe, secure and social drinking environment e.g. bar tariffs (for all bar price lists to carry a guide of how many units of alcohol each individual drink contains) and recommendations that all licensees, managers or supervisors attend regular meetings or send a representative if they cannot attend.
  - The licensee providing a taxi call point, waiting and concierge service for taxi marshalling at the licensed premises.
  - Use of measures aimed at ensuring patrons are more relaxed and quieter when leaving the licensed premises e.g. playing quieter music and promoting non-alcoholic drinks towards the end of the event, ensuring good lighting outside the premises, staggering the closing time with regard to nearby licensed premises, etc.
- 7.13 Examples of recommended management practice to ensure public safety:
- The preparation and application of appropriate risk assessments.
  - The setting and monitoring of occupancy levels for the premises.
  - Reasonable facilities, access and egress for people with disabilities.
  - Having glassware policies.
- 7.14 Examples of recommended management practice for the protection of children and vulnerable adults:
- Exclusion from the premises in certain circumstances.
  - Implementation of a robust proof of age scheme.
  - Training staff in their responsibility not to serve to a person when drunk
  - Encouraging staff to attend vulnerability training
  - Providing facilities to support vulnerable adults when assistance is required. (access to phone and/or charge, cold water, safe room away from others)
- 7.15 **Supply of Alcohol (Off Sales)**
- the display of prominent warning notices about the supply of alcohol to minors;
  - knowledge of the offences which adults can commit by buying alcohol for minors;
  - the requirements for production of satisfactory proof of age;
  - a commitment to the promotion of age verification schemes (i.e. Challenge 21 /Challenge 25);
  - whether any high strength beers, lagers, ciders, etc will be made available for sale.

- 7.16 Examples of recommended management practice for preventing nuisance:
- Keeping doors and windows of licensed premises closed to minimise noise break-out.
  - Sound limiting devices, or insulation to contain sound and vibration so as to address noise break-out not only from music but also, for example, from air handling equipment, generators or patrons.
  - With popular premises that attract queues ensuring that the direction of any queue is away from residential accommodation.
  - Proper and adequate door supervision.
  - Erecting prominent notices at the exits to premises asking customers to leave quietly and not to slam car doors and repeating such requests verbally.
  - Reducing the volume of music towards the end of the evening and where appropriate playing quieter, more soothing music as the evening winds down.
  - Arrangements with licensed taxis or private hire vehicles to take patrons from the premises.
  - In appropriate cases door supervisors or a manager patrolling nearby streets to assess for themselves whether there is a problem and how best to deal with it.
  - Banning people who regularly leave in a noisy fashion and liaising with other premises on such bans.
  - Where the premises have a membership scheme, including provisions in the conditions of membership concerning conduct and noise when leaving the premises.
  - Adequate provisions for dealing with litter/refuse arising from the operation of premises.
  - Appropriate times for, and methods of dealing with, bottle delivery, disposal and collection.
  - The licensee providing a help line or contact number for concerned residents.
- 7.17 In some cases it may be helpful for applicants and/or their advisors to discuss their draft Operating Schedule with representatives of Responsible Authorities, before it is submitted. This will help ensure it properly addresses all relevant issues that might give rise to concern.
- 7.18 In order to provide a consistent and clear approach, when considering the addition of conditions to a licence the Licensing Authority will where possible use a condition from a 'pool of potential conditions' that has been agreed by all the Licensing Authorities in Nottinghamshire. Other Responsible Authorities will be encouraged to do likewise.
- 7.19 Any condition attached to a licence or certificate should be:
- clear
  - Enforceable
  - Evidenced
  - Proportionate
  - Relevant
  - be expressed in plain language capable of being understood by those expected to comply with them
- 7.20 As a general rule, the Licensing Authority will seek to avoid attaching conditions that duplicate existing legal requirements and obligations imposed by other regimes

unless such obligations and requirements fail to adequately address the specific circumstances of the case.

## **7.21 Outside Areas**

7.21.1 The prohibition on smoking in enclosed public spaces has increased the demand for outside areas. Applicants are reminded that whilst they can be a valuable addition to the business, they can cause increased nuisance and disorder for residents. Operating schedules should detail how noise nuisance and disorder will be dealt with.

7.21.2 Although consumption of alcohol is not a licensable activity, if the plan does not show outside area such as beer gardens or similar, then any premises licence authorising the sale of alcohol on the premises only would not authorise the use of such areas.

## **7.22 Large Scale Events**

7.22.1 Existing licensed premises which intend to run one-off large scale events (and particularly dance events) are encouraged to consult with the responsible authorities and the Safety Advisory Group well in advance of the event taking place, to ensure that the event does not undermine the licensing objectives.

## **7.23 Cumulative Impact**

7.23.1 Cumulative Impact Assessments (CIA's) were introduced in the Licensing Act 2003 by the Policing and Crime Act 2017.

7.23.2 This potential impact on the promotion of the Licensing Objectives by a significant number of licensed premises concentrated in one area is called "cumulative impact". This should not be confused with the issue of "need" which relates to the commercial demand for licensed premises and cannot be taken into account when determining licensing applications.

7.23.3 A cumulative impact assessment (CIA) may be published by a licensing authority to help it to limit the number or types of licence applications granted in areas where there is evidence to show that the number or density of licensed premises in the area is having a cumulative impact and leading to problems which are undermining the licensing objectives. CIAs relate to applications for new premises licences and club premises certificates and applications to vary existing premises licences and club premises certificates in a specified area.

7.23.4 The CIA must include a statement saying that the licensing authority considers that the number of premises licences and/or club premises certificates in one or more parts of the area described is such that it is likely that granting further licences would be inconsistent with the authority's duty to promote the licensing objectives. As part of the publication a licensing authority must set out the evidential basis for its

opinion. Any CIA published by the Council will be summarised in the Statement of Licensing Policy.

7.23.5 The absence of a CIA does not prevent any responsible authority or other person making representations on an application for the grant or variation of a licence on the grounds that the premises will give rise to a negative cumulative impact on one or more of the licensing objectives, However, in each case it would be incumbent on the person making the representation to provide relevant evidence of cumulative impact.

7.23.6 Having taken into account the evidence presented, the Council is satisfied that there are no areas within the Newark and Sherwood District presently suffering from cumulative impact. Should this situation change, the Council will consider the available evidence and consult with those bodies and individuals listed in the Licensing Act 2003. If the Council is satisfied that it would be appropriate to publish a CIA, it will be published on the Council's website and a summary will be included in this statement of licensing policy.

7.23.7 Responsible Authorities and Interested Parties may still make representations on specific applications concerning cumulative impact even though those applications are not for premises in an area covered by a cumulative impact Policy. In such circumstances the application may be refused, (though there will be no presumption that this will be the case), and the Authority may then choose to review this Statement of Policy and consult as to whether the particular area should be designated as an area to which a cumulative impact Policy should apply.

#### **7.24 Public Space Protection Orders**

7.24.1 The authority supports the use of public space protection orders as a tool to prevent alcohol related crime and disorder in the streets. The authority expects premises that operate in areas where DPPOs have been implemented to have measures in place to ensure that their customers do not contribute to drink related anti-social behaviour.

#### **7.25 Encouraging Diversity**

7.25.1 The Licensing Authority recognises that creating a vibrant night time economy is important. Key to this is ensuring that the area appeals to a wide group of people including families and older adults who may not wish to frequent premises where the main, if not only attraction is the consumption of alcohol.

7.25.2 Applications for premises whose predominant offer is vertical drinking are not encouraged, but if applications are made for such premises, it is expected that the operating schedule will demonstrate robust arrangements for promoting the licensing objectives.

#### **7.26 Provisional Statements**

7.26.1 Where it is proposed to build or alter premises which may require a premises licence then the Licensing Act permits an application for a Provisional Statement. This application is dealt with in the same way as an ordinary application but does not

result in the issue of a premises licence. That is applied for when the premises are complete.

7.26.2 Where a provisional statement has been issued by the Authority and the relevant works are completed satisfactorily then any subsequent application for a premises licence must be granted and any objection which could have been raised at the Provisional Statement stage must be disregarded.

## **7.27 Adult Entertainment**

7.27.1 The potential for the provision of adult entertainment to impact on the licensing objectives is recognised in the prescribed application form and all applicants are required by the prescribed application form to indicate in their operating schedules whether they intend to provide any such entertainment which may give rise to concerns in respect of children.

7.27.2 Applicants for new licences or variations of existing licences must also indicate the nature of any adult entertainment to be carried out at the premises. Where this section contains no information it will be assumed that there are no intentions to allow such activities and the licensing authority will impose a condition to that effect.

7.27.3 Newark and Sherwood District Council has adopted Schedule 3 Local Government (Miscellaneous Provisions) Act 1982 which means that venues proposing to provide sexual entertainment must apply for a sexual entertainment venue licence in addition to the premises licence under the Licensing Act 2003.

7.27.4 There is an exemption under the Local Government (Miscellaneous Provisions) Act 1982 that does permit premises to offer sexual entertainment no more than 11 times a year and no more frequently than monthly. Where operators intend to take advantage of this exemption, the licensing authority expects a clear explanation in the operating schedule of the proposed signage, publicity and external advertising/display materials. Explicit material should not be visible while signage relating to the nature of the entertainment and the exclusion of children should be prominent and conspicuous.

7.27.5 The provision of adult entertainment on premises may mean that access by children will not be permitted during periods when such entertainment is taking place. The Authority expects licensees to ensure that any age restrictions for shows or entertainment of an adult or sexual nature are properly complied with. In addition it may be appropriate to impose age restrictions for persons working in the premises, and applicants are advised to also consider the wider crime and disorder issues which can be associated with such forms of entertainment, such as issues relating to drugs and prostitution.

7.27.6 Responsible Authorities are likely to continue to consider all applications involving adult entertainment very carefully with regard to the promotion of the licensing objectives within the vicinity in which the premises are located.

## **7.28 Licence Suspensions**

7.28.1 The Licensing Act 2003 requires Licensing Authorities to suspend a premises licence or club premises certificate if the annual fee is not paid when it is due unless an administrative error or dispute has been notified to the Licensing Authority. In such cases there will be a grace period of 21 days to allow the matter to be resolved. If the matter is not resolved within the grace period the licence must be suspended.

7.28.2 Where such a suspension takes place the Licensing Authority must give a minimum of two days notice and may inform the police and other Responsible Authorities of the suspension. All licensable activities must cease when the suspension takes effect. The suspension will only cease on payment of the outstanding fee irrespective of any transfer or hearing which may take place.

## **7.29 Reviews**

7.29.1 At any stage following the grant of a premises licence or club premises certificate a Responsible Authority, business, organisation or other persons may ask for a review. Evidence will however be required to show that a specific concern exists relating to one or more of the licensing objectives.

7.29.2 Where a review Hearing is held the Licensing Authority has a variety of options that it may take ranging from taking no action at all, to varying conditions or suspending or revoking the licence. The Guidance reminds the Authority that the powers of review are to be used in the interests of the wider community and not that of the individual licence/certificate holder. Whilst the financial circumstances of the licence/certificate holder will be a consideration for the Licensing Authority, the promotion of the licensing objectives will be the Authority's primary concern. In some circumstances e.g. the use of premises for the purchase and consumption of alcohol by minors, revocation may be considered an appropriate course of action, even in the first instance.

## **7.30 Early Morning Alcohol Restriction Orders (EMRO)**

7.30.1 The legislation gives Licensing Authorities discretion to restrict sales of alcohol by introducing an Early Morning Alcohol Restriction Order to restrict the sale or supply of alcohol to tackle high levels of alcohol-related crime and disorder, nuisance and anti-social behaviour. The order may be applied to the whole or part of the Licensing Authority area, and if relevant on specific days and at specific times. The Licensing Authority must be satisfied that such an order would be appropriate to promote the licensing objectives.

7.30.2 The only exemptions relating to EMROs are New Year's Eve and the provision of alcohol to residents in premises with overnight accommodation by means of mini bars and room service.

7.30.3 The decision to implement an EMRO should be evidence based and may include consideration of the potential burden imposed as well as the potential benefits.

### **7.31 Personal Licences**

7.31.1 In most cases the Authority is under a duty to grant a Personal Licence so long as the applicant meets the criteria prescribed in section 120 of the Act. Where an applicant for a Personal Licence has certain types of conviction ( for relevant or foreign offences as defined by the act) or, has been required to pay an immigration penalty the Authority is required to notify the police, and, in the case of immigration offences and penalties, the Secretary of State. In these cases a licence will still be granted unless an objection is received within the prescribed period.

### **POLICY 3**

**When considering an objection notice or immigration objection notice the authority will take the following matters into consideration:**

- (i) The circumstances in which the offences were committed or the penalty imposed;**
- (ii) The period that has elapsed since the offence(s) were committed or the penalty imposed;**
- (iii) Whether the offences/penalty reveal a pattern of offending or were a one-off occurrence; and**
- (iv) Any mitigating circumstances.**

**In consideration of an objection notice the Authority will reject the application/revoke the licence if it considers it appropriate to do so in order to promotion of the crime prevention objective.**

**In consideration of an immigration objection notice the Authority will reject the application/revoke the licence if it considers it appropriate to do so for the prevention of illegal working in licensed premises.**

***REASON: Prevention of crime is both an objective of the Licensing Act 2003 and an important responsibility of the Authority under the Crime and Disorder Act 1998. Granting a licence to a person with relevant convictions will in many cases undermine rather than promote the crime prevention objective. Similarly granting licence to a person convicted of an immigration offence or who has paid an immigration penalty will in many cases undermine the prevention of illegal working in licensed premises which itself is a crime.***

7.31.2 Where a Personal Licence holder is convicted of a relevant offence the Court may order that the licence be forfeit. If an applicant is convicted of a relevant offence during the application period and this only comes to light after the licence has been granted or renewed then the Authority must notify the Chief Officer of Police and if an objection notice is lodged within the relevant period a Hearing will be held to determine whether the licence should be revoked.

7.31.3 Where the authority is aware that a Personal Licence holder has been convicted of a relevant offence, foreign offence or required to pay an immigration penalty it may suspend the licence for a period not exceeding six months or revoke the licence. Before doing so the Authority will serve a notice on the personal licence holder inviting them to make representations within 28 days regarding:

- The offence /penalty
- Any decision a court made regarding the licence at the time of the conviction
- Any other relevant information (including the holder's personal circumstances)

7.31.4 After the 28 day period has elapsed the authority will make a decision as to what action it will take based on the information provided to it. In circumstances where the Authority does not propose to revoke the licence, notice must be given to the Chief Officer of Police inviting representations as to whether the licence should be suspended or revoked. **The Act does not require a hearing to be held at any stage during the process**, although the Authority may invite the licence holder to make a personal representation. Licence holders (and the police) will be notified of the Authority's decision in writing along with their right of appeal

## 7.32 Temporary Event Notices

7.32.1 There are two types of types of Temporary Event Notice:

- A standard TEN
- A Late TEN

7.32.2 A standard TEN must be served no later than ten working days before the event to which it relates and this does not include the day it is given or the day of the event, and a late TEN is served not before nine and not less than five working days before the event to which it relates.

7.32.3 Whilst the Council recognises that a Temporary Event Notice may be served at least ten clear working days prior to the commencement of a Permitted Temporary Activity (the event), the current Guidance issued under the Act encourages a locally established preferred period of notice. There is a case for not serving such Notices too early as this could make it difficult for a sensible assessment to be made of the implications of such an event on the Crime and Disorder and Prevention of Public Nuisance objectives. The Council considers that a reasonable period of notice for the service of a Temporary Event Notice is 28 days.

7.32.4 Persons serving Temporary Event Notices must also serve a copy notice on the police and the Responsible Authority for Environmental Health functions i.e. the Council's Environmental Health section, except when the TEN is served electronically/digitally

7.32.5 Further information regarding Temporary Event Notices is contained on the Council's web pages.
